

Heroic Service Recognized

A system of awards for heroic conduct — acts of outstanding courage and devotion to duty — has been inaugurated by the Bell Telephone Company of Canada. Eight awards were made recently covering the years 1921 and 1922. The record discloses some incidents of remarkable heroism and resource in the face of great danger. To cite only two of them:

John Joseph Carmody, cable splicer, was working away at the foot of a high telephone pole in Kingston a short time ago, when happening to glance upwards he saw a fellow employee at the top of the pole lose his balance and begin a long fall of

thirty feet to the ground. Carmody had only an instant to decide what to do. Gauging the line of flight with all the skill of an oldtime baseball catcher, he braced himself to receive the full impact of the falling body. The man struck squarely on Carmody's back with the result that instead of being killed he received only minor injuries. Carmody was himself only slightly hurt.

Francis Bartholomew Wood, cable splicer, was working on the top of a pole at Ottawa, when a companion on another pole eighty feet away, called to him that he was about to faint!

"Throw yourself over the suspension wire," shouted Wood, "I'll

be there in a jiffy!" He was as good as his word. The sick man was unconscious and hanging limp across the wire, but Wood, no other help being available, was able single-handed to fasten a rope about him and to lower him safely from his perilous perch. Then applying first aid, he soon brought his companion back to consciousness.

The other awards made were for deeds equally praiseworthy. They were chiefly to operators who continued at their switchboards in the face of advancing fire and flood. An handsomely engraved certificate, with a substantial present in the shape of silverware or gold timepiece accompanied each award.

SCOTCH LASSIES FIND NEW HOMES AWAITING THEM IN CANADA

SHOULD the "hired girl" or the "maid of all work" of times gone by take a look into the present day situation, the shock would be severe and possibly fatal.

Signs of the times show conditions to be improved in relation to the "domestic." When the above group of girls from the British Isles arrived at Dorchester House, Montreal, after crossing to Quebec by the Canadian Pacific S.S. Montcalm, to take up domestic service in Canada, the street was literally lined with limousines and smart touring cars.

After the formalities of interviewing and the signing of papers, the authorities of Dorchester House might easily say "Yes! we have no maids," as all of the group of excellent Old Country lassies found immediate employment. There were approximately fifty in the consignment and there were well over fifty waiting homes for them. The Rev. John Chisholm, who is seen in the illustration as a prominent factor in bringing to Canada an excellent type of domestic servant and he follows his work up by seeing that the individual girl is placed in a house congenial to her. These girls are from all parts of the Old Country and are representative of all religious bodies. It is invariably arranged that girls are placed in homes of their own religious denominations.

The marriage of Minnie, daughter of the late William and Mrs. Randless, of Wardsville, to Mr. Carter, of Thorold, was quietly solemnized at the bride's home recently by Rev. R. J. Murphy.

Airplanes will be used for business and pleasure in the United States within the next ten years on a scale commensurate with the extension of automobile traffic between 1905 and 1915, it is predicted in a statement issued by the department of commerce.

John McDougall, a former Alvin boy, and son of Mrs. Dan McDougall, of Alvinston, was shot and killed a few days ago at Fort Frances. Particulars have not yet been received, but it is supposed that the shooting was the result of an accident while on a hunting expedition.

Miss Mona McKeown, daughter of Mr. and Mrs. W. H. McKeown, of Cairo, and Joseph Cross, second son of G. H. Cross, of Alvinston, were married at the Divine street Methodist parsonage in Sarnia on Wednesday, November 14. The young couple will make their home in Euphonia.

The construction of a telephone system on the St. Clair branch of the Michigan Central Railroad from St. Thomas to Courtright, a distance of 90 miles, and the rebuilding of the present line from Petrolia to Oil Springs, is under consideration jointly by the Michigan Central. Trains are at present dispatched by telegraph.

Here and There

Exports in Canada's inter-Empire trade last month exceeded imports by over \$12,000,000. Against imports from 26 countries belonging to the British Empire, amounting to \$15,713,000, Canadian exports of goods amounting to \$27,888,000.

Noel Victor Fearnough, aged seven weeks, son of a farmer of Morris Alberta, the youngest child on record to travel alone, left pool, England, in charge of officials of the Canadian Pacific Railway and Steamship Lines throughout the trip.

An experiment in shipping Canada's peaches to England has proven successful. The peaches were packed in small boxes and placed in cold storage, reaching London in fine condition. There is likelihood of an increased demand for Canadian peaches.

Representative of the best sheep and swine blood of Great Britain, 33 animals imported from the Old Country arrived in Regina, Saskatchewan, recently. There were 19 sheep and 16 hogs in the shipment. The animals were bought by the government for farmers in the province.

Canada's highest lookout station has been completed and will be ready for use next year. It is situated on Mount Carleton, near Revelstoke, British Columbia, and is 8,623 feet above sea-level. It will be used for the detection of forest fires and for meteorological and other observations.

The Canadian McIntosh red apple is the champion apple in the British Empire, so judges at the Imperial Fruit Show, which opened in Manchester recently, adjudged. They also decided that Cox orange pippins, from British Columbia, on the whole, are the best of the sixteen exhibits from overseas, and winners, therefore, of the "Daily Mail's" fifty-guinea cup.

What is declared to be a world's record for the transportation of grain has just been achieved by the Canadian Pacific Railway. In one period of 24 hours there were moved from Winnipeg for the head of the lakes 1,776 loaded cars. The best previous record, also held by the Canadian Pacific Railway, was 1,579 cars, moved east on October 25th, 1921.

One thousand young buffalo will be taken from the Dominion park at Wainwright, Alberta, and turned loose in the north in the region in which wood buffalo are found. Hon. Charles Stewart, Minister of the Interior, announces. This will prevent the slaughter of these animals made necessary by the increasing size of the Wainwright herd.

A dispatch from London says that the gold medal of the British Dairy Farmers' Association has been awarded to the Government of Ontario for its collection of dairy produce, including bacon, dead poultry and eggs, at the Dairy Show held there recently. First prize in the colonial farming section, namely the silver medal was won by the Ontario Dairy Farmers' Association of Guelph, and the bronze medal was awarded to H. Leclerc, of Montmagny, Quebec.

Details have just been announced concerning the "Aorangi," the new motor ship that is being built by the Motor Steamship Company of New Zealand.

The motorship is under construction at the Clyde yards of the Fairfield Shipbuilding Company and when completed will be the largest motorship in the world, having a displacement of 20,000 tons. On the Pacific she will be exceeded in size only by the "Empress of Canada" and the "Empress of Australia," of the Canadian Pacific Railway Company, which is her agent.

All grain shipment records for the prairie provinces have been shattered during the past two months. Since the commencement of the crop year, September 1st, loadings totalled 121,505 cars, representing 169,053,085 bushels, against 158,795,320 bushels handled in the same period last year.

If this quantity the Canadian Pacific load—123,469 cars, representing 169,053,085 bushels—be added to the 102,200 bushels of the 1922 period.

The death at the home of her sister, Mrs. Donald McPherson, Cowal, on Thursday, November 15, of Mrs. Catherine McNabb, relict of the late Mungo McNabb, removed a pioneer of West Elgin. The deceased had reached the age of 90 years. She was born in Scotland, and came to Canada in childhood, settling in Southwold, where she resided for nearly eight years. Her husband died nine years ago.

The province of Quebec has received 10,917 immigrants in the course of the summer, according to figures by the Provincial Director of Colonization. These immigrants, who have established their headquarters in Quebec, arrived there through the ports of Quebec, Montreal, St. John, New York, Halifax, Portland and Boston. Divided by nationalities, the immigrants were classified as follows:—English, 2,115; Irish, 1,772; Scotch, 1,396; Belgian, 71; United States, 2,890; and other countries, 2,692.

"Paw, what is a gentleman farmer?"
"One that raises nothing but his hat, my son."

SAFETY FOR ALL

"Safety for all" appears to be a most desirable slogan in this day and generation when too many chances are taken by the average individual. Increased safety is a demand that should be made by modern industry, as accidents reported to our Provincial Compensation Board have shown a very large increase in 1923 over the same period in 1922; in fact, each month in 1923 so far has averaged nearly 1,000 more accidents than in 1922. This must give considerable food for thought to management and men, for both employer and employee stand to lose time and money by the preventable accidents occurring in industry today. It has been truly said, "Accidents do not happen; they are caused," and in many cases it must be apparent that certain conditions or practices are bound to lead to accidents. For this reason those vitally interested in industry in Canada, and that means all of us in the country, should take a share in securing greater safety for all.

The ease with which corns and warts can be removed by Holloway's Corn Remover is its strongest recommendation. It seldom fails.
