STAPLE DEPARTMENT.

We expect in a few days the first shipment of our new Spring Prints. Every merchant should see these goods. For value, style, and variety, they will exceed any previous season's importations.

DRESS GOODS DEPARTMENT.

We offer the most extensive range ever shown by our house, comprising goods bought in every manufacturing centre of dress goods in Europe, and purchased before advance had taken place.

We would advise buyers to place their orders early this season, as there is only the most limited quantity of all-wool dress goods, at old prices to be had. We could not repeat our lines at less than 20 per cent. advance in prices.

CARPET DEPARTMENT.

A magnificent range of Brussels, Tapestry, Kidderminster, and Hemp Carpets. Full assortment of Rugs and Mats. Special attention is called to our spring imports of Lace Curtains, Curtain Materials, Cretonnes and Furniture Coverings, Piano and Table Covers, and General House Furnishings.

SILK AND LACE DEPARTMENTS.
