BUSINESS AS USUAL.

The stringent financial conditions have caused the firm of Mussen, Ltd., to go into liquidation, but as Mr. Mussen states that the assets exceed the liabilities by about a quarter of a million, it is likely that every creditor will be paid in full.

Of course, this will take time, for the assets consist largely of heavy machinery which cannot be sold off quickly.

A circular has been issued by the firm, from which the following are taken:—

"We have much pleasure in notifying you that Mr. John J. Robson, chartered accountant of Montreal, who was recently appointed Provisional Liquidator, has, by order of the Court, been appointed Permanent Liquidator to this company. The Court has also granted our application to be allowed to continue the business for a period of six months.

"We take this opportunity of notifying you of these facts and advising you that we feel able to demonstrate to our creditors that we will succeed in the efforts which will be put forward to reduce our stock, collect our open accounts and materially reduce overhead charges, with a view to getting into a position to reorganize and continue in business.

"While we are in liquidation, we are carrying on an active support. We have a good connection throughout the country, and all purchases made by us from now on will be paid for by the liquidator.

"Since the liquidation proceedings were put into effect, we have been flooded with letters from the manufacturers, as well as from our customers, extending their hearty support and assuring us of their continued patronage.

"We also desire to impress upon our customers the fact that we are carrying on 'business as usual,' and that, although we were always pleased to receive their orders, we are now more anxious than ever to be favored with same."
