FUNCTIONS OF VARSITY GUEST WEEKEND

Varsity Guest Weekend at the University of Alberta is one of the major campus activities of the year, and as such the Weekend has two extremely important functions. These functions are first, to encourage high school students to aim for a university education, and, secondly, to acquaint taxpayers with the university.

Prospective university students should take in the various displays and performances during Varsity Guest Weekend as they see them. There is one thing, however, the high school student visiting the campus should not lose sight of: the idea that the main purpose of this institution is to provide students with a place to learn. Thus when the high school student is touring the campus and familiarizing himself with the various aspects of campus life, he should keep this main idea in mind. All of the various sights to be seen on campus must be utilized as a motivating force to attend this university to gain a higher education and thus gain a better understanding and enjoyment of life.

Citizens of Alberta who are not prospective university students, on the other hand, must take this Weekend as an opportunity to see their campus as it is. As the prospective university student, so these other citizens, too,

must probe and observe and learn this weekend—and they must make themselves aware that here indeed is a great institution. In addition, the visitors should find out how the university works, what it means, and where it is benefiting them. The last is quite obvious; the university benefits every citizen of the province by producing a better-educated, better-adapted section of the citizenry, who will lead the nation to new and higher achievements.

For these reasons, then, it is imperative that visitors should learn as much as possible about the University of Alberta. They should not at all be hesitant to satisfy all of their curiosities and questions by inquiring of their hosts, the U of A students, what it is all about.

There is thus a mutual responsibility. It is the duty of the visitor during Varsity Guest Weekend to leave the campus today or tomorrow fully satisfied and aware of the character and workings of the university. This is only possible through a positive, questioning attitude. On the other hand, the U of A student, the host, must fulfill his responsibility by answering any questions the guest may have. The host must, in fact, go beyond this. He must ensure that visitors leave the campus satisfied and with a strong desire to return soon.

The first thing we'll do when we get there next fall is start the "U of A Custom Car Club."

OFFICIAL GREETINGS

DR. WALTER H. JOHNS

It is a pleasure for me to extend a sincere welcome to all those visiting the University of Alberta during Varsity Guest Weekend. A special welcome is extended to those young people who are prospective students at the University of Alberta.

Although the physical expansion of the University is not as apparent as it has been for the last two Guest Weekends, there is still evidence that the Campus is expanding into a large complex of buildings. During the last year, the Physics-Mathematics Chemistry Building was officially opened, and the extension of the Medical-Dental Building was completed. In addition, one can see the modest beginnings of construction on our new Education Building, scheduled for completion in 1963. By this time next year there will be concrete evidence of the extensive planning being carried out. In addition to the new Education Building, we hope you will be able to see many buildings under construction, including the Advanced Studies and Research Library and the long-awaited new residences and food services building.

Of course, the necessity for the physical expansion is the very large increase in the number of students enrolled at the University. Enrolment is increasing at a rate of over fifteen per cent per year, and there is no indication that this rate will change!

We are happy to have you as our guests this weekend. We are proud of our University, and hope and trust that you will be also.

Yours Sincerely,
Walter H. Johns
President.

PETER S. HYNDMAN

Extending a warm welcome on behalf of the Students' Union to our visitors from throughout the province on Varsity Guest Weekend is always a pleasant duty.

During your inspection of the campus and its many activities, you will be witnessing the culmination of several months work by hundreds of students. We are all immensely proud of our campus—one of the finest in Canada—and enjoy the opportunity of displaying it to you

in this special manner.

It is often thought that university students spend their time in three, and only three ways: reading, partying, or rabble-rousing. However, Varsity Guest Weekend offers an excellent opportunity for the citizens of Alberta to witness the many fields of extra-curricular endeavour in which students become involved, and the prospective student may familiarize himself with the multitude of possible extra-curricular activities which develop and enrich one's university career. We thus hope our guests realize the calibre in keeping up with the growth and prestige of our university.

It should not be thought that academic activities ever take a second place in university life; such is definitely not the case. And from this point of view, we hope that the citizens of the province will appreciate to a greater extent the nature of an academic community, and that prospective students will be better able to decide on a pattern of study following their Varsity Guest Weekend visit.

Varsity Guest Weekend is a university event unique in Canada. We are all looking forward to hosting you, and hope you will share our pride in the growth, prominence, and diversity of the University of Alberta.

Peter S. Hyndman
President
The Students' Union

KENNETH YOUNG

It is my pleasure, on behalf of the Guest Weekend Committee, to extend to the residents of our Province a sincere welcome to the Edmonton campus.

Guest Weekend, at its inception, was a program to acquaint parents, prospective students and interested parties with the activities of the University community. This aim is still pursued and the Weekend offers a wide variety of functions designed to appeal to all interests.

This year the committee has given special consideration to a more efficient system of tours, to enable the visitor to see as much as possible during his short visit to the campus.

We hope that all those who take this opportunity to visit the campus will enjoy their stay and will gain a greater knowledge of the University's function.

Kenneth Young
Director
Varsity Guest Weekend
