Ottawa, December 29, 1911.

Sir,

Referring to official letter of December 26th and previous correspondence I beg to say that the teacher of the Wikwemikongsing School states that she purchased some galvanized iron and had it placed around the stove in the class-room. As you are aware the Department has asked you to supply this iron, but since the teacher has done so her account for the iron should be forwarded to the Department for payment.

Your obedient servant,

Assistant Deputy and Secretary.
