MEMORANDUM FOR THE PRIME MINISTER:

N:305-61-77

1942

Re: Cabinet Manpower Committee Report

(long)

--
Attached is a letter from the Minister of National War Services, and a copy of the first part of a Report of the Cabinet Manpower Committee.

Mr. Thorson tells me that the second part of the Committee's Report will be completed later this week. I told him that there would be no opportunity for the Report to be dealt with until next week's meeting of the War Committee and suggested that, meantime, he might wish to have copies of the Report made, so that they might be circulated to members of the War Committee. This, Mr. Thorson is going to do.

Mr. Thorson's letter has been acknowledged.
