LIVE STOCK

LIVE STOCK
There is a general consensus of opinion that the price of live stock will continue to remain at the high level that it
has reached at least for some time to
come. The immense influx of settlers in
the west is going to create a heavy deince, and there will in the prairle provinces, and there will in the prairle provinces, and there will be the prairle proconstant encroachment of settlement on
the ranges also helps in curtailing the
areas available for ranching. There is no
likelihood of a decline in the price of hogs
seem likely and the price of hogs
continue to command encroachment of settlement on
the true of Canada is true also of the
United States, where a searcity in all
lines of live stock prevails.

MONTREAL HOG MARKET

MONTREAL HOG MARKET
Montreal, Saturday, June 55.—The market this week for live hope opened with
prices steady and unchanged from last
week, due to the fact that the offering,
on Monday were light, harely sufficient to
supply the demand. The hot weather,
however, had adepressing effect upon the
dealers, and most of them were calculatthe dealers, and most of them were calculatweek. With prices before the end of the
work. With groved down and as big
offering at the mid week ms and a big
offering at the mid week ms all the
were cashly forced down and selected lots
were sealing at from \$10 down to \$9.75, and
even less in some cases.

were seiling at room so down to \$7.70, and even less in some cases.

Dressed hogs have declined about ½c a bit in the week, and fresh killed abattoir stock is quoted at \$13.25 to \$13.50 a cwt. There is a very good demand at these prices, and supplies are none too plenti-

EXPORT BUTTER AND CHEESE.

Montreal, Saturday, June 25th.—The in-creased demand for cheese noted in our last issue was well maintained throughout this week, and full prices have been paid for the offerings at the country boards all through the week. The opening markets at the beginning of the week were market at the beginning of the week were market by sharp advances in prices until 10% was reached, and at this level prices have been maintained throughout the week, practically nine-tenths of the cheese in the country advance. the country selling at this price, the balthe country setting at this price, the bal-ance selling at around 10%, with a few fetching as high as 10 15-16c. There is every reason to believe that the top of the market had been reached, at least for the present, and that we are in for a setback in prices. Cable advices from

every reason to believe that the top on the market had been reached, at least for the present, and that we are in for a setback in prices. Cable advices from Great Ritiain would indicate this, and deallers over there are evidently not prehability of the advance. If they have been priced to the country during the coming week.

Reports from all parts of the country this week would indicate that the flush of the make has passed, and that we can use the country that we have been deally a superior of the country that we have been deally a superior of the country that we have been deally a superior of the country that we have been deally a superior of the country that we have been deally a superior of the country that we have been deally a superior of the country that we have been deally the country of the coun
