Present offerings: Imported and home-bred boars and sows. For particulars write to WESTON L. ROGERS, Station and Tel. Emery P. O.

ADVERTISE IN THE ADVOCATE.

GOSSIP.

Give the suckling pigs a rich slop of middlings mixed with milk if you have it, and with water if milk is scarce. Put this in a trough where the mother or other hogs cannot get to it, and watch the little fellows grow.

A statement of live stock shipped from the port of Montreal for the week ending July 24th, 1904, as compiled by Robert Bjkerdike & Co., Ltd., Dominion Live-stock Exchange, Montreal, shows that the consignments comprised in all 5,769 cattle and 3,199 sheep, which in addition to one shipment from Portland makes a total shipment of 6,660 cattle and 4,662 sheep from these two ports in one week.

Near Smithfield P. O. and Station, in Wentworth County, Ont., live Messrs. D. Bartlett & Sons, breeders of Shorthorn cattle, Dorset sheep and Yorkshire hogs. The Shorthorn herd numbers 25, and is headed by White Count =37871= (167324 American record), sired by Count Amaranth (imp.) 32055, dam Rosa Fame, by Imp. Indian Chief. Count Amaranth was bred by Wm. Duthie, his dam a Sittyton Amaranth. This stock bull is proving a capital sire. The young things, by him are nearly all dark roans, and of good quality. Among the matrons in the herd are some very good ones. Britannia 58th, by Christopher (imp.), is closely related to Britannia Duke, a winner at the Pan-American and Toronto Shows. Lady Greengill (imp.), a red three-year-old, imported by R. Mitchell & Son, and got by Master Archer, is full of quality. She was bred by W. T. Malcolm, Dunmore, Scotland, sire Master Archer, by Merry Archer, by Scottish Archer. Master Archer's dam, Marchioness 15th, was a Cruickshank Lovely. Lady Greengill's dam was recently imported from Scotland by J. G. Robbins & Sons, of Indiana. Susan Belle, Pansy and Maid Amaranth are among the lot, and are of heavy-milking strains. Countess Stanley is another promising heifer in stock. The blood of Indian Chief, Duncan Stanley, Christopher and Master Archer, along with Count Amaranth, is blending nicely. With this combination, the Messrs. Bartlett have had good success at the local shows in their own district. They have one yearling roan bull to dispose of, a thick, well-developed animal that should soon be picked up. They will also part with White Count at any time, as they are getting produce from him for the third time.

In Dorset sheep this firm has been very successful. They have of late been supplying the Toronto and Hamilton butchers with early lambs, this being the only breed that can be depended upon to supply this demand. They realized upwards of \$10 per head for seven- and eight-week-old lambs, and \$6 for one exactly four weeks old. They had no trouble to find a market, and this is a market that is bound to increase. The foundation of this flock was purchased from Col. J. A. MacGillivray, Uxbridge, and R. H. Harding, of Thorndale. Two rams are in use in the flock, one from the Thorndale flock, and the other from Tranquillity Farms, N. J. We bespeak for this firm a share of the patronage of "Farmer's Advocate" readers.

IMPORTED HORSES AND CATTLE.

Several of the most prominent breeders of horses and cattle in Canada are at present in England, or have recently returned from the trip which was undertaken for the purpose of procuring stock for show at the Canadian National Exhibition, Toronto, August 29th to September 10th, and for the improvement of their well-known stables. The exhibits of these gentlemen alone would offer an interesting show, and when combined with the hundreds of other entries in all classes, will complete the finest display of horses, cattle and sheep ever seen in Canada. Among those whose direct and recent importations will be shown are Robert Beith, M. P., Bowmanville; Thomas Graham, of Graham Bros., Claremont; J. M. Gardhouse, Weston, and William Smith, ex-M. P., Columbus. Among the cattle breeders, Hon. John Dryden, Minister of Agriculture, and Robert Miller, of Stouffville, will show for the first time their recent purchases in England. All the exhibitors agree to keep their entries on the grounds during the full period of the Exhibition.

Advertisement for Sharples Tubular Separators. Includes text: 'Tubulars Find Gold In Milk', 'Good butter is worth 20 to 30 cents a pound. Butter is worth only one cent a pound as stock food, yet farmers using gravity skimmers—pans and cans that leave half the cream in the milk—feed that half the cream to stock, then wonder why dairy-ing don't pay. Can't find gold without digging. Can't make dairying pay big profits without getting all the cream.' Includes an illustration of a woman using a separator.
