

What To Do For Heart Trouble

I back up my advice with this Remarkable Offer:—A Full Dollar's Worth of my Remedy Free to Prove that I am Right.

I ask no reference, no deposit, no security. There is nothing to promise, nothing to pay—either now or later. To any heart sufferer who has not tried my remedy—Dr. Shoop's Restorative—I will gladly give, free, not a mere sample, but a full dollar bottle.

I am warranted in making this unusual offer because mine is no ordinary remedy. It does not vainly try to stimulate the heart. Such treatments are worse than useless. It goes straight to the cause of all heart trouble—the heart nerves—and strengthens them and vitalizes them and restores them. Then that is the end of heart diseases.

For the heart itself has no more self control than a common sponge. It is made to beat by a tender nerve so tiny that it is scarcely visible to the naked eye. Yet ten thousand times a day this delicate nerve must cause the heart to expand and contract.

The heart is about the size of your clenched fist. Open and close your fist a dozen times, even, and you will see the monstrous labor this little nerve must do.

The heart nerve is only one of the branches of the great sympathetic nervous system. Each branch of this system is so closely allied with the others that weakness or irregularity at any point is apt to spread. Heart trouble frequently arises from stomach trouble through sympathy, and kidney trouble may also follow. For each of these organs is operated by a branch of these same sympathetic nerves—the inside nerves.

The bond of sympathy between the nerves that operate the vital organs has a useful purpose as well. For what will cure weakness in one branch will surely cure weakness in every branch—what will restore one center, will surely restore them all.

There is nothing new about this—nothing any physician would dispute. But it remained for Dr. Shoop to apply this knowledge—to put it to practical use. Dr. Shoop's Restorative is the result of a quarter century of endeavor along this very line. It does not dose the organ or deaden the pain—but it does go at once to the nerve—the inside nerve—the power nerve—and builds it up, and strengthens it and makes it well.

If you have heart trouble and have never tried my remedy, merely write and ask, I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard size bottle of my prescription, and he will send the bill to me. This offer is made only to strangers to my remedy. Those who have once used the Restorative do not need this evidence. There are no conditions—no requirements. It is open and frank and fair. It is the supreme test of my limitless belief. All that I ask you to do is to write—write to-day.

For a free order for a full dollar bottle you must address Dr. Shoop, Box 52, Racine, Wis. State which book you want.

BOYS FOR FARM HELP.

The Managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 15 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical education for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred E. Owen, Agent Dr. Barnardo's Homes, 214 Farley Ave., Toronto.

GOSSIP.

An elegant forty-page illustrated catalogue and twelve-page mating list, describing over thirty-two different matings and yards of S.-C. Buff, Black and White Orpingtons, may be secured by writing Willow Brook Farm, Berlin, Conn., mentioning this paper.

MR. W. G. HOWDEN'S SALE.

On March 22nd, as advertised, the entire herd of 47 registered Scotch and Scotch-topped Shorthorn cattle, a lot of Clydesdale mares and fillies and the farm implements, etc., belonging to Mr. W. G. Howden, of Columbus, Ont., will be sold by auction, as the owner is giving up farming. The foundation stock of this herd was of the best dual-purpose class, producers of meat and milk in a high degree, and the good-milking qualities of the females have been well maintained, while the general character of the herd has by the use of high-class Scotch bulls been moulded to conform to the approved modern type of low-set, thick-fleshed, early-maturing cattle, and it is safe to say that for the general farmer this is decidedly the most useful class of cattle. A cow that is not a good milker is seldom a good breeder, and the best milkers are generally the best and surest breeders. A glance through the herdbooks reveals that the families represented in this herd have been exceedingly prolific, the pedigrees of the cows being in most instances followed by a long list of produce, the cows being regular breeders and long liverers. And the footnotes to the pedigrees of the cattle in the catalogue of this sale shows that the sires that figure in their breeding have been of first-class character in breeding and individuality, representing most of the best Scotch families known. The young stock is mostly sired by the imported herd bull now in service and included in the sale, Meadow Lord =36067=, of the justly-celebrated Killeen Beauty family, from which came the three-times champion of the English Royal Show, Mr. Willis' great cow, White Heather, his sire, Sergius, being bred by Mr. Bruce, of Heatherwick, from his favorite Mayflower tribe.

Meadow Lord is a massive roan five-year old bull that was imported by Mr. Arthur Johnston, whose judgment may be trusted to bring out only such as are a credit to their breeding, and the progeny of this bull proves the potency of the blood that courses through his veins. The character of the sires of the cows and heifers in the herd may be judged from mention of the breeding of a few, such as the Russell-bred Crown Prince, and of the famous Miss Ramsden tribe; Lavender King, bred by John Miller & Sons, of "Thistle Ha," and of the same noted family as Langford Eclipse, sold at their dispersion sale in January last for \$1,425; the Cruickshank-bred Lord Roseberry (imp.); the Isaac-bred Golden Robe, a noted show bull and sire, by Knight of St. John (imp.), a Toronto first-prize winner; Valiant, by the Kinellar Rosebud bull, Kipling, and on his dam's side of the Cruickshank Countess Clan; and Revenue, a Toronto winner, used with fine results in the herd of Hon. John Dryden, his progeny selling for high prices.

Columbus is convenient to Myrtle Stations on C. P. R. and G. T. R., some 30 miles east of Toronto, and this sale is on the day before the dispersion sale of Mr. Geo. Johnston, of Balsam, in the same neighborhood, so that both sales may be attended on one trip, Balsam being near Claremont, C. P. R. Look up the advertisement of this sale, and send for the catalogue, which tells the tale more fully than can be done in this brief review.

The BISSELL DISK HARROW, because built right

Sizes for 2, 3 and 4 Horses.

Does its work right. In a word—The Bissell Disk harrows are lacking, and are a failure. The Bissell will loosen up the fall plowed land ready for seeding. Will make a garden of a sod field, whether fall or spring plowed. Will prepare root, corn, rape or bean ground. Will work up the summer fallows. Will make a seedbed for fall wheat. Will work the hardest stubble ground after harvest and start an after-growth.

Nor are these all—but the special construction of this Disk insures all the work being more thoroughly accomplished, with less horse power than any other.

None genuine without the name "BISSELL."

Your inquiries by letter or post card promptly answered.

Manufactured only by
