Farms Wanted—We have direct buyers. Don't pay commissions. Write describing property, naming lowest price. We help buyers locate desirable property free. **American Investment Association, 29 Palace Bldg., Minneapolis, Minn.**

HARD WORK MADE EASY!

200 lbs. is mighty hard work on a slippery plank for a man. Note the condition of the barnyard caused by the manure being piled near the barn. It makes a disagreeable yard and an unsanitary, bad-smelling stable.

1,000 lbs. is easy work for a boy when it is in a BT Litter Carrier. On a strong level overhead steel track it is easy to run the manure a good distance away from the barn, where it can be dumped either on a pile or directly into a wagon.

Cleaning out stables is one of the hardest and most disagreeable jobs on the farm. With a BT Litter Carrier you can take five times as much manure at a trip as with a barrow, and the Carrier is so easily handled that a boy can do the work. Surely that is better than making five trips through the mud and snow. No planks to lay—no paths to shovel—you have always a solid overhead track to run on. Decide now to have a BT Litter Carrier to help you. You will appreciate it every day. No other machine on the farm is used so many days of the year.

A GOOD PAYING INVESTMENT

A Litter Carrier is a permanent investment. Running as it does on a level overhead track, there is nothing whatever to go wrong with it. We guarantee the BT Litter Carrier absolutely for five years. Other farm machinery is guaranteed for one year only. The BT Litter Carrier will last for 50 years. If there are any defects, they should develop in five years, and we guarantee our Carrier absolutely for this length of time. With no other Litter Carrier is such a guarantee given. In fact, most of the firms change their Carrier every year, and they will have to keep on changing, for they simply cannot possibly get around the patented points on the BT Litter Carrier. Get our catalogue and see why the BT Litter Carrier is such a success. When you understand the different styles, you would not take any other Litter Carrier at any price.

BUY A BT LITTER CARRIER

More BT LITTER CARRIERS were sold last year in Canada than all other makes combined. Here are some of the reasons why:

The BT Litter Carrier is the simplest in construction and more heavily built. It weighs 50 lbs. more than the next heaviest. It has no gearing, cogs or ratchet.

Double purchase is used in lifting. It goes up easily. There are no worm gears to wear out.

Large wheels on double roller arms run on the track, which mean steady and easy running.

The Carrier is windlassed by a crank wheel. There is no noise and rattle as with a chain lift.

The crank wheel never comes in contact with the box, so that it always remains clean from windlassing and also to shove the Carrier along the track by.

The bucket is made of 18-gauge galvanized steel—four gauges heavier than others.

The track is 2 inches in depth—next deepest is only 1½ inches. The BT Litter Carrier Track will carry a much bigger load than any other. It is also easier to erect, as the hangers will suit any style of ceiling.

It costs no more than others.

Write and get our prices, as now is the best time for installing a Litter Carrier, and we will make you a special proposition at the present time.

It will pay you to write us now. Fill out the coupon before you forget. You will be surprised how cheaply you can put in a BT Litter Carrier.

We also build Steel Stalls and Cow Stanchions and all kinds of Hay Carrier Goods

BEATTY BROS.,

FERGUS, CANADA

Fill out the coupon below at once and get our book describing the BT Litter Carrier and our prices. The book tells how a Carrier should be erected.
