

STOCK GOSSIP.

In writing to advertisers please mention the Farmer's Advocate.

Peter Lusk Bogart, writes us that the pig which he purchased from Mr. J. M. Hurley, Belleville, is fully better than he had expected, and that he is well satisfied with his purchase.

Mr. W. G. Pettit, Freeman, Ont., writes; in a business letter to this office, that he has had an increasingly active demand for Shorthorns, Shropshires and Berkshires, and his sales in the last six months have been more numerous than any time in the last twenty years. Mr. Pettit is strongly of the opinion that at the present prices of grain in Ontario, that no farmer who can afford to get good stock should sell a bushel of grain of any kind. Oats and wheat ground together make a strong, healthy feed for any kind of stock. He mixes two of oats to one of wheat. He states that he has two very superior young bulls still left fit to place at the head of any herd; they are red roans, and both good show bulls. I am already booking orders for ram lambs for to ship in September. Had one ewe that had four good, strong lambs; they are now over two months old and all doing well.

... VERY DELIBERATE. ...

The Lake Shore & Michigan Southern R. R. Co. took a "flying trip" to the World's Fair, but didn't have time to decide on the fence question. In fact, they took SEVEN YEARS to investigate the PAGE FENCE before deciding to adopt it for use on their entire line. Besides testing it for five years, the Chief Engineer and Div. Engineers made special trips, travelling hundreds of miles to inspect the first fences built (some serving on second set of posts), and questioning owners on every point. The first order was received April 20th, and probably 150 miles will be used during the season. Elasticity "is in it."
