HERE IS YOUR REMEDY!

# HOLLOWAY'S OITHENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 48 YEARS' SUFFERING. Estract of a Letter from Mr. William Galpin, of 70 Saint Mary's Street. Weymouth, dated May 15th, 1851.

To Professor Holloway,

Sta,—At the age of 18 my wife (who is now 61) caught
a violent co d, which settled in her legs, and ever since
that time they have been more or dess sore, and greatly
inflamed. Her agonies were distracting, and for months
together she was deprived entirely of rest and sleep
Every remedy that medical then advised was tried, but,
without effect; her health soffered severely, and the state
of her legs was terrible. I had often read your Advertise
ments, and advised her try your Pills and Oliment; and,
as a last resource, after every other remedy had proved
useless, she consented to do so. She commenced six
weeks ago, and, strange to relate, is now in good health.
Her legs are painless, without scan or soar, and her sleep
sound and undistured. Could you have witnessed the
sufferings of my wite during the last 43 years, and contrust them with their present enjoyment of health, you
would indeed feel delighted in having been the means of
so greatly alleviating the sufferings of a fellow creature,

To Professor Het Loway,

Bir,—I was afflicted with a sweeting on each side of the
feg, rather above the knee, for two y two years, which
ducreased to a great size. I had shoudvice of three emunent Burgeons here, and was an admote of the Newcastle
differency for four weeks. After you now modes of treatment had been tried. I was discharged as incurable. Having heard so much of your Pill and Ointment 4 deter
mined to try them, and in less than a month I was completely cured. What is more reachable I was engaged
twelve hours a day in the Hay 16 west, and although I
have followed my laborious recoperate throughout the
winter, I have had no return whatery of my complaint.

Colours the Hair, and not the Skin.

This dye may be applied to the hair over night, turning the lightest RED or GREY HAIR to a dark brown, and by repeating a second night, to a bright jet black. Any person may, therefore, without the least possible trouble, keep his hair any dark shade or perfect black; with a positive assurance that the dy, it applied to the skin, will not colour it. By an occasional application, a person turning grey will never be known to have a grey hair. Directions complete with the article. There is no colouring in this statement, as one can easily test.

These facts are warranted by the gentleman who manufactures it, who is the cerebrated Chemist, Dr. COM-STOCK, author of Comstock's Chemistry, Philosophy, and other works, and School Books, well known and widely celebrated by the public. This dye may be applied to the hair over night, turning
