

# MICA Axle Grease

For Traction Engines, Wagons, Etc.

Mica Axle Grease makes the wheel as nearly frictionless as possible and reduces the wear on axle and box. It ends axle troubles, saves energy in the horse, and when used on axles of traction engines economizes fuel and power.

Reapers,  
Threshers,  
Plows, Harrows

Gasolene  
and  
Kerosene  
Engines

Steam Traction  
Engines  
and  
Steam Plants

## Granite Harvester Oil

insures better work from the new machine and lengthens the life of the old. Wherever bearings are loose or boxes worn it takes up the play and acts like a cushion. Changes of weather do not affect it.

## Standard Gas Engine Oil

is the only oil you need. It provides perfect lubrication under high temperatures without appreciable carbon deposits on rings or cylinders, and is equally good for the external bearings.

## Capitol Cylinder Oil

delivers more power, and makes the engine run better and longer with less wear and tear, because its friction-reducing properties are exactly fitted to the requirements of steam traction engines and steam plants.

Every dealer everywhere. If not at yours, write for descriptive circulars to

The Imperial Oil Company, Limited

## Are You Going to Build?

### Buy Your Roofing on Proof—Not Claim

The one and only basis on which you can afford to choose your roofing is that of proof—proof of what it has done, not claims of what it may do.

Do not be deceived by extravagant claims and high-sounding guarantees. They are merely made for lack of proofs of what a roofing has done. Insist upon seeing roofs that have given satisfaction for years.

We can point out roofs of proof, right near you, where Neponset PAROID Roofing has lasted as long as the highest-grade shingles. It has been on Government buildings, dairy barns, stables, poultry buildings and railroad and industrial buildings everywhere for over a decade. We have been in one line of business for over a century and the experience gained in all that time is back of

## NEPONSET PAROID ROOFING

NEPONSET Roofing enable you to choose the roofing that best meets your needs. There are different roofings for different types of buildings.

NEPONSET PAROID Roofing for barns and general farm buildings. Slate in color. Does not taint rain water. Resists fire.

For such poultry buildings, brooder houses, sheds and temporary buildings as require low-cost roofing, you will find that NEPONSET RED-ROPE Roofing lasts three times longer than tarred felts.

These are facts and not claims—write us and we will prove every statement

Consult Our Building Counsel Department—tell us the nature of the buildings you propose to erect or repair, and we'll send you the Bird NEPONSET Book which treats your special case. There are dealers in Bird NEPONSET Products everywhere. If you do not know the one in your locality, write us and we'll tell you.

F. W. BIRD & SON, 515 Lottridge Street, Hamilton, Ont. Established 1795  
Originators of Complete Ready Roofing and Waterproof Building Papers.  
Winnipeg, 123 Bannatyne St.; Montreal, St. John, N.B., 144 Union Street; Vancouver, B.C.; East Walpole, Mass.; New York; Washington; Chicago; Portland, Ore.

NEPONSET PROSLATE Roofing and Siding for residences and all buildings requiring an artistic roof or siding. Rich-brown in color, much more attractive and lasting than shingles.

Each roll of Bird NEPONSET Roofing contains directions for laying and complete fixtures, including square metal caps.

NEPONSET WATERPROOF Building Paper under clapboards, shingles, slate, metal, etc., insulates against exterior cold, heat and dampness. It costs little and cuts the fuel bill one-third every winter.

## Your Choice of Three Styles of Roofing

WE make three styles of Brantford Roofing, because it is not reasonable to expect one style to meet all roofing requirements. So we ask you to send for samples. Choose the style you decide exactly meets the requirements of your particular job. Then you are sure of satisfaction.

## Brantford Roofing

BRANTFORD ASPHALT Roofing has a silicic finish. It is our biggest seller.

Brantford RUBBER is a smooth surface roofing, but contains no "India Rubber."

Both ASPHALT and RUBBER are made in three thicknesses.

Brantford CRYSTAL is made in heavy weight only. It has a mineral surface of rock crystals. It requires no painting.

The pure wool felt, which is the foundation of these three styles, is made to our own specifications. It costs 33 1-3 per cent. more than ordinary felt.

The Asphalt we use for the saturation is 99 per cent. pure. So called "Trinidad" Asphalt is only about 45 per cent. pure.

We spare no expense in the making of Brantford Roofing. It is the highest grade roofing on the market to-day. If you want that kind of a roofing look for rolls bearing the trademark shown below.
