

**The "Studington" Valise**

Comprises **Bed, Valise, Holdall, and Sleeping Bag.**

It is made of green canvas which is Rot-proof and impervious to Wet and Vermin, is lined throughout with Kapok, which provides the necessary warmth-without-weight. It is fitted with two "Carry-alls" at one end, thus obviating the necessity of unpacking, which is the curse of the ordinary Valise. The extra large fly cover is of Mackintosh sheeting, and provides protection for the entire body, including the head. In addition to many advantages the weight of the "Studington" Valise is considerably less than most other makes.
