The car as a boat in the water The boat as a car MOTOR BOAT AND MOTOR CAR IN ONE-LATEST INVENTION IN TRANSPORTATION

The motor boat-car invented by a Frenchman-named Ravaillier prom ises to cause a complete revolution in transportation and to become of extraordinary advantage in times of war. It has been inspected by the Fren ch Minister of Marine, who pronounced it a great success. It has a steel body, and can be used alternately and without any delay in fitting, either as a motor car or as a motor boat. On the road it has a speed of thirty miles an hour. On entering the water the motor, which is of 20 horse-power, can be geared up to a screw prope lier.

TWO JUDGES GET APPOINTMENTS

Law Will Take Its Course in Case of Prisoner Dale

OTTAWA, July 9.-Sir Richard Cartwright today presided over the first neeting of the government that has een held for a fortnight. Two judges were appointed

Police Magistrate Dawson of Winnipeg was recommended for appointment as the third county court judge for the Winnines district

Ex-Attorney General Cameron of Manitoba was appointed judge of the court of King's bench of that pro-

Provision for both these judgeships were made in an act passed at the last session of parliament.

Three capital cases were considered action in the case of an Italian, Frank Capelli, was deferred pending receipt of a report on the case from the Minister of Justice. Capelli is under sentence to be hanged August 1 for the killing of William Doran at Whiteston. near Parry Sound, on Christmas last. It was decided not to interfere with the execution of Ching Lee, a Chinese who was convicted of having a year ago stabbed to death a man employed in one of the camps of the Kootenay

districts. The law is also to be allowed to take its course in the case of a man named Dale, under sentence for the killing of two Frenchmen. Dale got drunk and ran amuck in Carnie, B. C., last November. He shot the two men fatally. The members of the government in Ottawa have heard nothing yet from Hon. Mr. Fielding as to the negotiations which he is conducting in Paris for improved trade relations with France. It is expected that Mr. Fielding will make his report in person to his colleagues on his return. If he is successful in arranging a basis for a new treaty the matter will be made the basis of legislation at the coming ses-
