Waterdown

We show this week a cut of the latest in Electric House Pumps, with automatic cut-out. This pump regulates the supply of water at regular pressure to Tank, and brings it from a well or cistern if not over 25 feet deep and any reasonable distance. This pump has no gears, is almost noiseless in operation, self oiling, self regulating, high-grade motor.

We endeavor to keep the latest and very best ideas in Hydro Pneumatic Force and Lift Pumps. We also supply Electric and Gasoline driven Washers and Wringers and a complete line of Farm Equipment.

## DO NOT NEGLECT YOUR BUILDINGS

Building material is high and likely to  
higher. Protect the buildings you have,  
PAINT.

Probably not more than twenty-five per cent of paintable surfaces in this district are painted frequently enough to keep them in proper condition. In no other way can a property owner expend an equal amount of money and secure greater returns on his investment than by renewing the surface of his buildings when they commence to show wear. Unprotected surfaces soon reveal the action of the elements. And with the curtailment of building operations it naturally develops on the property owner to maintain his present buildings in a high state of repair. The most important consideration by all means is to PAINT.

## CANADA PAINT IS GOOD PAINT

And has been on the market in the Dominion of Canada for great many years. There is a special line manufactured by the Canada Paint Co. for each and every one of your requirements. All the products are manufactured of the best raw materials. Are made for durability and for proper results.

Canada Paint the best paint for appearance and wear. Ready to use a color to suit almost any taste.

## Inside Floor Paint

Ready to use.

## Verandah Floor Paint

Ready to use.

## Sanatone

For interior decorations of houses, makes a very attractive and lasting finish for your walls.

## Sun Varnish Stains

For old or new work, furniture wood-work, floors, for best results use Sun Varnish Stains, Sun Floor Varnish and Sun Varnish Clear.

## Paint for Protection

It is economy at the present time to paint.

Our supply of paint comes direct from the Mill and therefore bears only one profit.
