FIRST BLOODSHED

Growing Out of the Miners' Strike in Pennsylvania.

A Man and a Child Were Killed and Seven Others Wounded.

Shenandoah, Pa., Sept. 22.—A sheriff's posse fired on a crowd of riotous men near yesterday, killed two persons wounding seven others. Sheriff Toole and Deputies O'Donnell and Brennan were called to Shenandoah to suppress the mob that threatened mine workers and colliery property. At quitting time the three sheriffs and a small posse whom the sheriff had summoned on the ground went to the Indian Ridge colliery of the Reading Company, to escort the working men to their homes. The colliery is located a short distance east of Shenandoah. The workmen left for home shortly after four o'clock. They walked up the middle of East Centre street and reached the Lehigh Valley Railway station. Here had gathered a large crowd of Poles, Slavs and Hungarians, men, women and children, who lined both sides of the street. A shot rang out from a saloon. Many of the crowd had picked up sticks and stones, and were acting in a threatening manner. Seeing this the sheriff, who had previously cautioned his men to keep cool and not to use their firearms, commanded them to fire. The order was obeyed with terrible results. The crowd pursued the sheriff, and his posse to the Ferguson House, where they took refuge. Sheriff Toole shortly afterward telephoned to Harrisburg, and asked that a detachment of troops be sent here. It was learned that adjutant-General Stewart was in Philadelphia, and a telegram was sent him there.

WILL CREATE A HITCH

In the Establishment of Separate Schools in Windsor.

The department of education has given an opinion relative to the right of the Windsor board of education to turn over to a separate school board or any other body any of the school buildings under its control. The opinion is to the effect that the public school board has no such right, but that if it should do so and not meet with objection from any one in Windsor, the department will not stand in the way. It is, of course, within the right of any Windsor ratepayer to take legal proceedings to prevent the transfer.

STICK TO THE FARM.

Bishop McEvay's Advice to the Children—He Also Speaks on Separate Schools.

Bishop McEvay, held confirmation services at Tilbury this week and after the class of boys and girls had been confirmed, he gave them some advice on the subject of separate schools. He said: "Catholic schools are altogether too scarce. I am ashamed to say, and God's blessing will not rest on those who fail to establish them. The law of the church is that we must have the schools where we can teach our little ones, and have the right to erect the cross thereon, and wherever there should be such a school, there must be one established. It is not enough to establish a church. You must have your school, and I hope there is not a man in this parish mean enough to oppose it. So that when I come around here again, I hope that every part of this district will have decent Catholic schools." The bishop said that he is opposed to children leaving their country homes. He advised them to marry and settle down at home and said that they would be the gainers both in money and happiness.

Mr. W. E. Rispin is having extensive repairs made to the Eberts building, corner of King and Fifth streets, putting in water-works and modern conveniences and otherwise putting the property in good condition. There are a number of good rooms to rent in this building which can be secured on application to Mr. Rispin.

Where Do You Buy Boys' Shoes!!

Boys do wear out shoes so fast the band, and it seems hard to find the kind that looks decent, stay together and don't cost much. Folks that buy Boys' Shoes on the looks only, generally get gold bricks. Boys' Shoes need stouter material and better shoe-making than Men's shoes—you know that.
