The Gathering of The Clans Takes Place

The Foreman Store.

Plaids are extremely fashionable this season and if you have a drop of Scotch blood in you, you'll naturally want the plaid that represents the clan of your ancestors. If you are not Scotch you'll want a Tartan because Dame fashion has pronounced plaids correct in the realm of dress.

We are not going to say which clan produced the best men and women but we have here for your inspection the most beautiful of Clan Tartans.

Plaid silks in waist lengths, per waist **\$3.75 and \$6.00.**

All wool plaids and clan tartans 42 in. wide special for waists, children's dresses and skirts etc., per yard **50c.**

All wool plaids in costume lengths, skirt lengths, or waist length in the choicest of clan tartans, very special per yard **\$1.00.**

OVERCOATS!

The Overcoat is the distinguishing feature of a Man's attire. It proclaims him careful or careless of his dress and it is always the thermometer of his wardrobe.

If there is one thing in which we excel, it is Overcoats.

Nothing but the Best Makers' best productions are good enough for us and, even then, the coats must be made to conform to our ideas.

It seems almost useless to quote a price on an Overcoat without showing the Coat at the price.

The price means nothing, while the Coat means everything.

We've good Overcoats for as moderate a price as \$5.00 or \$7.50. Fabric and tailoring, of course, improve at \$10.00 or \$12.00, and after leaving these prices we come to Overcoat elegance and luxury at \$15.00 or \$20.00.

There's nothing wanting here to fill any man's fondest expectations in an Overcoat.

SOME EXCUSE.

Science has proved, said the professor of astronomy, that there is no water at all in the moon. Now, what do you deduce from that? That there is some excuse, replied the freshman, for its getting full so regularly.

NEVER TRIED.

You are such a funny girl, said Dick. I never did know how to take you. You never tried, said she coyly. What we learn with pleasure we never forget.

President Of Ontario Bank Says Manager Was Reckless

DEFICIT OF \$1,294,000

Toronto, Oct. 15.—The total loss which the Ontario Bank has sustained in a way—criminally or merely unfortunate—yet to be determined, is said to be \$1,294,000.

There will be a meeting of the board of directors of the Ontario Bank at 3 o'clock this afternoon to formally sign, seal and deliver the contract with the Bank of Montreal. E. S. Clouston, president of the Bank of Montreal, and W. S. Clouston, will arrive this morning.

Stock Ventures Reckless. President Cockburn says: "I honestly believe that General Manager McGill's speculation was an effort on his part to enlarge the bank. One step led to another, and towards the last he became reckless."

Ex-Manager McGill says: "The losses were made in pursuance of the bank's business. Losses were made on securities. I deny that I have been engaged in speculation with the bank funds on my own account."

Some investments, made in McGill's own name, have been turned over to the bank.

The speculations were mainly in American stocks. Some of the last ventures were very wild.

Get \$150,000 Bonus.

At 11.30 Saturday President Cockburn of the Ontario Bank announced that this notice had been sent to the various branch managers:

"Until further instructions regard all the assets and property of your bank as the property of the Bank of Montreal, and regard yourself as acting for that bank."

In an interview, Mr. Cockburn said: "We get a bonus of \$150,000 and everything over at the end. The other banks are willing to back the Bank of Montreal to the extent of two and a half millions. Yes, and here's something else. The bankers' fund, you know, guarantees a five per cent. premium on our notes."

Criminal Action In Abeyance.

The Ontario Bank directors are not superseded by the transfer. The question of criminal action has not yet been discussed. Pecuniary, not moral, dividends are sought at present. Discussing the matter of instituting a prosecution, Attorney-General Foy said yesterday that his department had no information of any wrong-doing upon which the Crown could act.

President Cockburn or any shareholder knew that defalcations had been committed, he could lay an information with the magistrate and the law would be set in operation in the ordinary way.

Good News For Shareholders.

President Cockburn intimates that the shareholders, when settlement is made, may not lose much. An expert accountant begins work to-day on the books, and as soon as his report is completed a general meeting of the stockholders of the Ontario Bank will be called.

Practically No "Run."

The "run" on the Ontario Bank locally on Saturday morning will go down in banking history as an affair somewhat lacking in the dramatic interest that usually belongs to an event of the kind. In the head office and in each of the several branches throughout the city placards appeared soon after the opening bearing the simple announcement: "This is the Bank of Montreal." The effect was marked in each case, a number of anxious depositors wavering and then deciding to allow their accounts to stand, while remarks freely passed from lip to lip highly complimentary to the soundness of the Bank of Montreal.

In Outside Places.

The branches in various cities and towns where the Ontario Bank has located were opened as usual and all displayed the sign, "This is now the Bank of Montreal." No very serious "run" is reported except at Montreal, where police were called in to maintain order. In some places the news had not become really known there was no unusual excitement.

MINISTERS ANGRY

Over Likely Sunday Football Game With Galt Players In Chicago.

Galt, Oct. 15.—Rev. Mr. Knowles of Knox Church and Rev. Dr. Dixon of Central Presbyterian Church made the proposed visit of the Galt football team to Chicago the subject of comment in the pulpit last night. The team came in for severe denunciation because of the story that they will play a Sunday game during their visit to the Windy City.

John Brady, new secretary of the club, says no Sunday game had been scheduled, but it was possible such a proposition would be made when the team reached Chicago. If so it would be for the individual members to say if they would play.

The information that a Sunday game is possible is said to have reached the ministers' ears from an ex-secretary of the club.

Quite a furore has been raised and it may result in the trip being called off.

Judge Riddell Sworn In.

Toronto, Oct. 15.—On Saturday afternoon at 4 o'clock, William Renwick Riddell, K. C., was formally sworn in as judge in the high court of Ontario.

Judge Riddell will take his seat on the bench at the jury stage of the Assizes at the City Hall to-day.

\$15,000,000 For Charity.

London, Oct. 15.—By the death Saturday of Mrs. Sam Lewis, widow of the well-known money lender, about \$15,000,000 will be distributed in charitable bequests. King's Hospital comes in for between three and four millions.

THE FRUIT CROP

Nearly All Grapes Gathered and Tomatoes Are All In.

St. Catharines, Oct. 15.—The report of grape and tomato losses is unfounded. Nineteen-twentieths of the grape crop has been harvested. Only grapes near the lake are ungathered, and these are not injured, as only a slight frost occurred.

The tomato crop is all gathered. Vines are not all killed in late patches. The season on the whole has been the most prosperous the growers ever experienced.

If you can't have what you like try to like what you have.

Was Boiling Turpentine and Beeswax When Clothing Ignited.

Owen Sound, Oct. 15.—A sad fatality occurred Friday at Shadow Lake, the victim being Mrs. W. A. Henderson, wife of the bookkeeper at the Owen Sound Portland Cement Co.'s works at that place.

Mrs. Henderson was boiling a mixture of turpentine and beeswax on the stove when it caught fire and in attempting to throw the dish out of a window the flames ignited her clothing.

She was badly burned and died after several hours of intense suffering.

Probably Fatally Burned.

Guelph, Oct. 15.—An Italian named Simenetti is at the hospital, seriously, if not fatally burned. He was employed on the night shift at the Page, Hersey Co., and while carrying some coal oil it caught fire, burning him badly about the upper part of the body.
