

Gleaned by the Way.

As a rule the girl who jilts a young man does him a favor. Some men fail because they are honest and some because they are not. The Wasting Process of Disease. Disease is tearing down, wasting away and destroying of the tissues of the body and a siphoning off of the nerve cells and blood corpuscles. Nature demands assistance to overcome this deplorable condition and the needed help is best supplied by Dr. CHASE'S NERVE FOOD, the great blood builder and nerve restorative.

A telephone in your house is a great convenience for your neighbors. It takes a lot of courage on the part of a young man to tell a girl how pretty some other girl is.

Homey Man—I married for beauty. Sarcastic Man—You remind me of a friend of mine who married for money. Homey Man—How's that? Sarcastic Man—He didn't get it.

Wife—The doctor orders me to the mineral baths at Carlsbad, and you refuse me the means to go. That shows how little you value me. Husband—On the contrary, I do not wish to lose a pound of you.

Kidney Disease for Twenty Years. Mrs. CAWNER, REED, Orrville, Muskegon, Ont. writes: "For twenty years I was troubled with kidney disease and have recently been completely cured by using three boxes of Dr. CHASE'S NERVE FOOD. I had tried many remedies, but nothing seemed to do me much good until I used this splendid family medicine."

A certain widower took a second wife home and introduced her to the children by saying: This is your new mamma. They looked at her critically, and the youngster blurted out: Is that the best you could do, papa?

I admit I have the fault you mention, said the conceited man, self-complacently, but it's the only fault I have, and it's a small one. Yes, replied Knox, just like the small hole that makes a plugged nickel no good.

Doctor—Have you any idea how your wife caught this terrible cold? Husband—I think it was due to her cloak. Doctor—Too thin, eh? Husband—No, it was a last year's one, and she didn't wear it.

School Master—And now take the case of a poor sailor who is shipwrecked, and who, after battling with the angry waves, reaches an unknown island. What would the man think on reaching land? Pupil—That he doesn't know where he is.

Henry Elliott, Esq., of Sherbrooke, N. S., is a source of credit, of Bridge Construction for Nova Scotia, says: "A bottle of MINARD'S LINIMENT cured me all my severe sprains of my leg, caused by a fall while building a bridge at Doherty Creek, Cumberland Co."

Real Forbidden Fruit.

In some countries there grows a kind of fruit and which is commonly called forbidden fruit. It is similar to the grape fruit, but is larger, and the inside is somewhat coarser than the delicious acid delicacy of which we are so fond. The name forbidden fruit was given on account of three dark brown stains, like finger marks, which invariably show on this variety of the shaddock. The stains are close together on one side and are believed to be the marks of Eve's fingers left as a brand on the apple whose eating caused so much trouble in the world. Forbidden fruit is much liked by people who are able to get it fresh, but so far it has not been shipped abroad as extensively as its cousins, the grape fruit and shaddock.—New York Herald.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. To-day he is as healthy as a child as parents could wish for."—Mrs. B. J. Johnson, Linton, Miss. For sale at Rand's Drug Store.

If you hire a horse at a livery stable you ought to treat him as if he were your own. If you drive him out ten miles you ought not to attend to your own wants till you see him properly cared for. If an honest man you will remember that if you are under a obligation to its owner and an obligation to the animal. You are the debtor of both, and though you pay the price of the horse no money, can release you from the duty and moral claim involved in the bargain between yourself and the owner. To neglect the poor, speechless beast that cannot appeal to the commiseration of a passerby is simply unpardonable and the man who is guilty of such neglect is worse than no man.—Our Dumb Animals.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, the Heart or the Kidneys. Troubles of the Stomach, Heart or Kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling nerves inside nor. Weaken those nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy ever claims to treat the "inside nerves". Also, for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by A. V. RAND.

Remedy for Diarrhoea Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past twenty-five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I cannot say too much for the best remedy of the kind in the world."—S. Jemison, Spring Grove, York County, Pa. This remedy is for sale at Rand's Drug Store.

Had an Awful Time.

DR. CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY CURED HIM. It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam. H. Gwin, Concord, Ga. For sale at Rand's Drug Store.

A little girl who was a fretter fretted when it rained, and she fretted when the sun shone; she fretted when the little girls came to see her, and she fretted when they did not. It is dreadful to be a fretter. Never fret about what you can help, if you can help it do so.—Selected.

The fan, which has always been the theme of poets as the prettiest item in a woman's toilette, is regaining its popularity this season. There's nothing so kingly as kindness. And nothing so royal as truth.

Select Your Medicine with Care.

In debility and weakness medicine should be mild and far reaching. Many pills and purgatives are too harsh, are drastic instead of curative. Excessive action is always followed by depression, and knowing this, Dr. Hamilton devised his pills of Mandrake & Butterbur so as to mildly increase liver and kidney activity, flush out the elementary canal, tone and regulate the bowels. Thus do Dr. Hamilton's Pills eliminate poisons from the body, restore clearness to the skin, bring strength and that sweet restorer of health—sleep. Best medicine on earth, 25c. per box at all dealers.

Willie, said a loving mother to her five year old son, come and see the dear little baby dove. What a funny little thing, remarked Willie. Where did it come from mother? Out of the egg, my darling, isn't it wonderful that a real live bird could get out of an egg. I don't see anything wonderful about it getting out, said Willie, carefully examining the broken shell. But I think it's rather funny how it got in.

Be a Strong Man. Increase your vitality and nerve energy, restore vim and force to your overworked body. Ferrozone will do this as it did for Walter Wood, of Banport, N. B., who writes: "I can say Ferrozone has given me a new lease of life. A year ago I suffered so from nervous exhaustion I was scarcely able to drag myself around. My appetite was gone, I had no color or ambition and felt used up. One box of Ferrozone started me back to health. I took a number of boxes and my health was completely restored." For men who are tired, pale, nervous and thin blooded nothing compares with Ferrozone, 50c. per box at all dealers.

You know, said a "smart" young man to a girl, some one has said that if you would make a lasting pair of boots take for the sole the tongue of a woman.

Yes, replied the girl, and for the uppers you ought to take the cheek of the man who said it.

One of the Saddest Stories.

First it was a cold, neglected of course and catarrh developed. Nothing was done and consumption followed. Watch the little cold, keep it from growing by using "Catarrh-ozone." Nothing simpler than inhaling the germ-killing vapor of this grand remedy. Colds and catarrh flee as before fire. Every trace of throat and bronchial trouble yield immediately. Catarrh-ozone is scientific and absolutely guaranteed for preventing and curing catarrh and kindred ills. Two sizes, 25c. and \$1.00 at all dealers.

"The saddest thing in old age," Jefferson, the actor, said, "is the absence of expectation. You no longer look forward to things. Now a garden is all expectation, and in that you often get a lot you don't expect. Therefore, I have become a gardener. My boy, when you are past 70, don't forget to cultivate a garden. It is all expectation."

Don't Use Greasy Liniments.

A century ago they were popular. To-day people want something easy to apply, certain in results, and above all a clean liniment. When Nerve-line is applied aches and pains disappear as the pores absorb its soothing, healing properties. Nerve-line penetrates to the core of the pain, eases instantly, and leaves no oily, bad smelling memory behind. Good to take in, capital to rub on, and five times more powerful in destroying pain than any oil liniment. Don't fail to get a large 25c. bottle.

Nerveless Women.

For sick women no remedy exists that uplifts like Ferrozone. No remedy exerts so profound an influence upon the functions that supply clearness of skin, brightness of eye, elasticity of spirit, abundance of strength. Ferrozone is a marvelous food of blood—rich, red nutritious humor, the kind that circulates life and activity to every organ in the body. Buoyancy, vigor and vim are restored,—to the nerves is given vitality, to weak places is strength sent. Wonderful power in Ferrozone, and any weak, pallid woman can be quickly nourished back to joyous health if Ferrozone is used.

Won't you try Ferrozone? It will cure you just as it did Mrs. Abram Carley of Strange, P. O., Ont.—who says: "I consider that I should recommend this preparation because I have proved it is simply wonderful in building up. I was all run down, suffered from an extremely nervous and unstrung condition. My sleep was broken, and didn't rest me as it should. My appetite was fickle and only certain food appealed to me. My color was dull and I looked sick. Ferrozone gave me a splendid appetite, I grew stronger day by day. My nervousness and apprehensions disappeared. Ferrozone has given me absolute, strong health and I recommend it highly."

No tonic is more effective. Absolutely safe for women, girls and even children, good wherever there is weakness, debility, nervousness or ill-health. Try Ferrozone, 50c. per box at all druggists.

To make the matter worse, his explanations were very lame and unsatisfactory; it was evident he had given up the trip for some reason which he hesitated to name.

"As a last resort the others went in a body—six of them—to his office, and demanded that he tell them exactly why he had deserted, when he had been most enthusiastic in planning the outing. "If you're really to understand it, he said, 'I shall have to begin with my own boyhood. My father, the best father I think, that a boy ever had, always showed me a tenderness which even as a child I knew was something different from the love which my playmates had from their parents. It was not until I was perhaps fourteen years old that he told me why this was.

"Although he himself lived a most exemplary life, his father, his father's father and two of his uncles had been drunkards. The taste for liquor he believed to be hereditary in our family, and in me he had recognized many of the traits he himself possessed, and which had made his own life a long fight against the habit of drink. He pointed out the danger that lay before me, and begged me to give him my promise never, under any circumstances, to touch liquor. 'It is your safety,' he said, 'unless you make this resolution, and have the strength to keep it, the odds will be fatally against you, for, like myself, you are easily influenced by others. If I thought that to-morrow you were to take your first drink, I should pray to God that you might die to-day.' "Of course, I promised. He had never talked to me that way before, and, of course, it made an impression on me. I was frightened, and for several years I kept my promise. Then I went with some other young fellows on an all-day fishing trip. While we were eating our luncheon one of our number, a boy whom we all admired, took a bottle of whiskey from his pocket, drank from it, and passed it to his next neighbor. The bottle went round the circle, for no one dared to refuse to follow. George Reitz's lead. When it came to me, I tried to pass it on without drinking, but the others began to tease and ridicule me, until from sheer cowardice I took the drink. A second and a third followed, and I began to realize that I liked the stuff, and wanted more of it. My father's warning flashed across my mind: "If you take one drink, you may be forever lost!"

The rest of the day passed wretchedly enough, and I was glad when it was time to start for home. When I reached the house I found that my father, whom I had left in good health in the morning, was lying at the point of death. He had had a sudden attack of heart disease. They told me he was very anxious to see me alone, and with a breaking heart I entered his room. He could not move and could hardly speak, but as I took his hand and bowed my head upon it, crying, he smiled tenderly, and lovingly on me. When I grew calmer he spoke, although the effort was painful to witness: "Be strong—mother's sake—my sake—kiss me." "As I bent down to kiss him he noticed the odor of liquor in my breath. I shall never forget the look of agony of despair in his eyes. "My poor, old—boy!" he groaned, and these were his last words. "Since that day, God helping me, I have never touched a drop of liquor. I shall never forget the look of agony of despair in his eyes. "My poor, old—boy!" he groaned, and these were his last words.
