No Agents! No Commissions!

THE system of employing Agents or canvassers at a high commission has been strictly abandoned by us, it having proved very unsatisfactory to both ourselves and customers. In future we will sell our

Pianofortes and Organs

At Net Wholesale Prices.

Direct to purchasers. In this way buyers of Pianos and Organs will save from twenty to forty per cent. by dealing directly with us, and, moreover, far better satisfaction can be guaranteed. We claim to sell the best instruments to be had, and at the lowest prices consistent with first-class articles.

The cash system enables us to sell at a very small advance on cost of manufacture, although to honest and reliable parties we do not object to allow a reasonable time for payment.

Parties ordering by mail can rely upon getting as fine an instrument as if personally selected by themselves. Any Organ or Piano not found exactly as represented can be returned to us at our expense. We refer with pleasure to over Fifteen Hundred Pianos and Organs sold by us the last ten years.

Thankful for the very liberal patronage accorded us hitherto, we can only say that we will continue our endeavours to thoroughly satisfy our customers in all their dealings with us.

POSTPONEMENT.—On account of the storm of Friday last Dr. Allison's Lecture had to be postponed. It will be delivered this (Thursday) evening, when no doubt a full house will greet the Doctor.

BAPTIST AT MEMRAMOOC.—A correspondent of the Times writing from Memramook on 25th, says: "On the 24th inst., Rev. Ed. E. Labbe administered baptism to nine converts to the Catholic religion."

THE "Northern Light" arrived at Georgetown, Monday afternoon, after having been in the Straits since last Tuesday. It was feared at one time that she might have met with a disaster during the great storm of Friday.

It will be remembered that the land on which the celebrated Neebing hotel rested was discovered by men entering members of the Senate to have been paid for twice. The Public accounts for 1877 & 8, show its repayment.

A NEW PUBLICATION.—Landry's Musical Journal is the title of a new journal published monthly, at St. John, by Messrs. Landry & Co. Price 60 cts. per annum. It is very interesting, and deserves the support of the public.

Mr. MICHAEL F. THOMPSON, of the firm of G. F. Thompson & Sons, St. John, was fatally injured by revolving machinery in his factory on Thursday last. He was at work stirring paint, when he got entangled in the machinery, and was severely hurt that he died next day.

We regret to hear of the death of J. H. Kaulback, Esq., Sheriff of Lunenburg Co., N. S. Mr. Kaulback, who had attained the ripe age of 84, was father of Senator Kaulback, and C. E. Kaulback, M. SHIPPING NOTES.—A New York dispatch dated Feb. 25th, says: The steamer "Canina," from Bremen, on Sunday, in lat. 36, long. 68, possessed the barque "Viking," (of P. E. Island), dismasted and abandoned. She had been in that condition a long time; saw boat bottom up under her bows; also, a barque how to, to seaward, supposed she had taken off the crew.

FROM HILLSBORO.—Since the thaw the marsh has been covered with ice on which the youth enjoy themselves skating and some of the elder in sailing on their ice boats. It was quite sorry to see that the owner of a fine boat permitted to use on Sunday about Sabbath School time. Rev. Mr. Welton has been holding special services the last two weeks. The congregation has been large and to all appearance very seriously impressed, while the church members were very zealous in their devotion to the cause.

It is reported that the Albert Railway is soon to be supplied with a postal clerk. No doubt other improvements suggested by the people as the closing of the mails in the morning in place of the evening will then take place. An advancement for the benefit of the public is the way to make even P. O. Inspectors popular. We anxiously await the anticipated changes.—On Friday one of the most terrible storms that was ever witnessed in Hillsboro' took place. Saturday afternoon this District broke the roads but the train from Hopewell is yet delayed. Report says that the manager, A. E. Killam, is on board, therefore it is safe to assume the track must be badly blocked.

Revolution in South America.

New York, Feb. 24.—Panama advice of the 15th inst., states that a revolution is in Antioquia, and in one night near Manizales 25 men were killed and the revolutionists defeated.

The General Government decreed a levy of 8,000 men to march upon that State and restore order. The revolutionists have gone, and Cauca is getting 3,000 men ready to send to the frontier. It is stated that 8,000 men from Antioquia invaded the frontier of Cauca and as nothing was heard of General Renjifo, news is considered serious and hard fighting expected.

The President, Trujillo, will keep 200 men to protect transit across the Isthmus.

Trade and Industry.

JONATHAN GILL, merchant, of Manchester, Eng., has failed. Liabilities \$160,000.

The Customs House receipts at the port of Toronto, last month, were \$550,000.

A number of ships, previously Mediterranean packets, are this year to carry cattle from Montreal to Liverpool.

The Canada Iron and manufacturing Company are about to begin operations in a few months at their mines near Sherbrooke.

The Commercial Bank of Windsor, N. S., has declared a dividend of eight per cent. Its new profits in 1878, after writing off bad and doubtful debts were \$26,982.

The paper mills of Mr. F. Ellerhausen, at the village of Ellershouse, N. S., has been sold to a company of Americans. Mr. E., continuing, however, to hold a share.

It is stated that the Grand Trunk Railway is making arrangements to Point Levis, for the accommodation of the export cattle trade, and that by the opening of navigation, extensive yards and sheds will be ready for the occupation of cattle in transit, it being found easier to ship cattle from Quebec than Montreal.

One man at McGregor village, in Essex Co., has a cow of 1,500,000 feet oak and 1,000,000 feet other logs at his mill, and fills orders for the Michigan Car Co., the Ontario Car Co., the I. C. R., and other railways, for oak timber and for ties, having 16,000 of the latter on hand.

A grain elevator is the latest proposal in Quebec harbor, and to be situated at the Grand Trunk wharf. It is intended to form a company to erect a building with a capacity of 150,000 bushels, to cost something like \$240,000. A meeting of business men was to be held there to consider the project.

The Mammoth "East End Dry Goods Store" of Messrs. A. Pilon & Co., Montreal, has passed into the hands of an assignee. This firm has, in its short career, done an extensive trade, but of late the competition became too keen. The liabilities amount to \$84,133.88. Assets nominally about \$82,000, but largely composed of stock, which will likely shrink heavily.

In a recent issue and Leather Review we find some evidence that matters in the States are not encouraging to the shoe line. The failures of shoe dealers and makers in Boston number five, one has assets of \$13,000 and liabilities of \$37,000; another of \$10,000; in the latter, 10 of it cash; a third \$300; a fourth \$250; the estate of the fifth will hardly pay 5 cents. An Iowa man owes \$30,000; and has \$11,000; and Indiana firm \$50,000 with assets of \$30,000; an Illinois dealer \$13,000 with \$10,000 assets.

Among the recent failures in Halifax, is that of David Scott, grocer, owing \$2,800, and with assets under \$2,000. His case is another instance of what the Herald calls the folly of country farmers coming into the cities to do store business.

Mr. Scott left a good farm, worth \$4,000, raised money on it by mortgage, purchased the property in Halifax, where he was doing business, for \$12,000, paying \$2,000 cash down, and after two or three years he is landed on his back without farm, property or business, and even worse—can't pay his debts.

Annie Parker Committed for Trial.

According to adjournment, Justice Wootton's Court has the examination of Annie Parker on the charge of perjury preferred against her by the Osbornes, met on Monday at 2 o'clock. Quite a number of persons were drawn by curiosity to the little police office on Duke street. Besides the Magistrates there occupied seats: Annie Parker, (next to His Honor), Edward McCarthy, brother of the deceased Timothy McCarthy, Eliza and John Osborne, and Mr. Smith, counsel for the complainants.

Justice Wootton's remarks previous to giving a decision were very brief. He stated that he was not trying the prisoner, Miss Parker, on the charge of perjury made—he was merely the presiding judge at the examination which was instituted in order to find out if sufficient evidence was given to warrant her commitment for trial. A vast amount of testimony had been submitted, showing that the prisoner had perjured herself, and it was not for him, in the position he occupied as a preliminary judge, to say whether it was strictly credible evidence or not. In his judgment sufficient had been brought out at the examination to warrant the commitment of the prisoner.

Mr. Smith, Osborne's Counsel, said that he presented the prisoner, Annie Parker, to the Court for the purpose of getting bail, to which the Magistrate assented. Miss Parker, however, did not want any such privilege, saying that she preferred going to Dorchester and staying there.

Eliza and John Osborne were bound over to appear at the Supreme Court against the prisoner. The case will come up at Dorchester in July.

Annie Parker, during the proceedings, at knitting, chatting between times to any person who would give an ear to what she had to say. She appeared even more talkative and free than on former occasions, and when leaving the Court she turned to the crowd and remarked that she had "a hard looking after" in her life before, but she had never seen the equal to that.

Constable Tuttle, who had the prisoner in charge since the commencement of the examination, will take her to Dorchester by the noon train to-day. The Constable is probably not less pleased at being rid of his onerous duty in connection with this examination than any other person.—Times.

FROM OTTAWA.

Special Despatch to Chignecto Post.

OTTAWA, Feb. 26.—A goodly number of the members of the Senate, living in Ontario and Quebec, have started for their homes to enjoy the holidays.

It is rumored that Hon. Mr. Cartwright has been privately informed that the Budget Speech will be delivered on Friday next.

A move will be made to revive the Arbitration Act, and to constitute a board of five members in order that a majority report may in future be arrived at. At present there are only four members and the result is that there may be at any time a tie, which would be productive of great public inconvenience.

Hon. Mr. Baby, Minister of Great Staff and the Railroad Contractors, was knocked down by a snow slide from the roof of the Russell House this afternoon. A gentleman ran to assist the hon. gentleman, and by the time the two got on their feet another slide upset them both. Fortunately no injury was sustained by either.

The practical working of a new engineering instrument, called the Clivometer, will be shown next Friday in the Parliament square. The members of the Canada Pacific Staff and the Railroad Contractors have signified their intention of being present.

A deputation from Bowmanville, Ont., consisting of Colonel Cubitt, Mayor, Mr. S. Burdon, Wardens, and Mr. John McLeellan, Harbor Master, waited upon the Minister of Public Works to-day, and showed the advantages which Port Darlington offered as a harbor of refuge for the North shore of Lake Ontario. To make the port available for such a purpose the sum of \$50,000 would be necessary.

Hon. Dr. Tupper promised to give the matter his careful consideration.

Hon. T. B. McNamee, Contractor, of Montreal, is in town, stopping at the Russell House.

Mr. Pottin, an extensive clothing contractor, of Montreal, is communicating with the Finance Minister, regarding tariff legislation affecting the clothing trade.

Mr. John Costigan, M. P., visited the Institute for the Deaf and Dumb, at Belleville, yesterday.

Hon. Mr. Campbell will give a dinner on Thursday of next week.

Everything has been very quiet in the House of Commons to-day, very few of the members being in the Chamber.
