#### Children's Coughs QUICKLY RELIEVED.

It is hard to keep the children from catching cold, they will run out of doors not properly wrapped, or have too much clothing on and get overheated and cool off too suddenly, they get their feet wet, kick off the clothes at night.

The mother cannot watch them the time so what is she going to do? Mothers must never neglect children's coughs or colds, but must look for a remedy on the first sign.

A great many mothers are now giving their children Dr. Wood's Norway Pine Syrup, as it is so pleasant and nice for them to take, and relieves the cough or cold in a very short time.

cold in a very short time.

Mrs. S. Crowe, R.R. No. 5, Truro, N.S., writes:—"Two years ago my little boy caught a severe cold which left him with a very bad cough. He could not rest at night, and became very thin and weak. The prescription our physician gave me did not help him, and I did not know what to do. My sister, in Manitoba, wrote me to try Dr. Wood's Norway Pine Syrup. I went right to town and purchased two bottles, and before they were used my boy's cough had disappeared, and he became strong and well again.

Wilson, 63 Ridout St., Kingston, Ont., writes:—"Over two years ago I was taken very ill with Spanish influenza, followed by neuritis of the head, high blood pressure and congestion of the brain, and I was left in a very weak state. My heart and nerves were so terribly bad I would have weak, fainting spells, sometimes twice a day. It really seemed to me my heart would stop beating. I doctored, and they seemed to do all they could for me, but I grew so bad, day after day, they thought I could not get better. I had given up all hopes of ever getting well, as I was failing very fast. It seemed to us it was a God-send when I looked in the paper and read about Milburn's Heart and Nerve Pills. I thought that there was a little hope.
