Evening Telegram

W. J. HERDER, - - Proprietor  
W. F. LLOYD, - - - - Editor  
FRIDAY, Nov. 15th, 1912.

**MORRIS'S EXPLANATION.**

What value that explanation of Sir Edward Morris?

Did he convince anybody that there was no discrepancy between the statement he had no interest in the timber wealth of Newfoundland and his 40,000 shares in the St. George's Lumber Company?

"I now desire to point out to you that the damaging inference against me sought to be drawn by you from the documents to which you refer, is unwarranted." So says Sir Edward. But what do the public say.

We drew but one inference and expressed it lucidly, and that inference was there was a discrepancy between his declaration that he had no interest, direct or indirect, near or remote

in timber wealth and the possession of 40,000 shares in a Company which held licenses to cut timber.

Does Sir Edward object to our placing the two statements together? Does he object to the contrast we established between them? Does he object to our drawing attention to the conflicting nature of the two statements?

Has Sir Edward not admitted he used the words which we contended were in conflict with his possession of shares in a Company holding timber limits?

True it is. He said he had never gambled in timber wealth. But we never accused him of gambling in timber property.

True it is. He said he had never applied for a timber property, but we never said he had applied to the Government for timber or any other property.

What we did say was that there was an apparent discrepancy in a man stating he never had an interest, near or remote, direct or indirect in timber wealth, when he held shares in a lumber company which had timber property.

Was there not a discrepancy? Was not the discrepancy apparent? Has not Sir Edward Morris's explanation made the discrepancy more apparent?

How then have we drawn a conclusion from the facts which was unwarranted?

Our inference was inevitable and is now corroborated by the letters of Sir Edward and Mr. Prince. Our expression was mild and as inoffensive as it was possible to put, if it was put at all, and has been abundantly justified.

**The Tory Government.**

No one disputes that the Tory Government can boast of having in its ranks

(1.) A Minister of Justice who forgot the law about a licensee cutting on Crown property; but is keen on the profits of a timber deal  
(2.) An unsophisticated member who rose the price of spurs;  
(3.) A youth who never sees a wreck without a shudder;  
(4.) Another youth who is keen on clapping the grips on timber lands and picnic;  
(5.) A leader who draws no salary, but is great on fees, and who did not take many bites to grab \$6,000 on a herring arbitration; \$6,000 worth of herring would satisfy many fishermen, who would never give a hanker after a fee.

**McMurdo's Store News.**

FRIDAY, Nov. 15, 1912.  
You can get practically one dollar's worth of the finest Dutch Flowering Bulbs direct from Messrs. Van der Schoot, of Hillegom, Holland, for fifty cents. We have cut the price mercifully as it is getting to the end of the season and we want to close them out. These are all good, fresh selected bulbs and comprise Hyacinths for water culture, Bedding Hyacinths, Narcissus, Tulips, and Jonquils. Send your order to either of our stores soon, before it is too late.

You should have a tin of Pine Tree Lozenges in your pocket to protect yourself against this cold, damp, autumn weather. They are good. Price 25 cents a tin

**Skinned to Death**

In the Maritime Provinces where fishing conditions are similar to this country almost every fisherman has one or more Motor Engines. On the market there are engines of nearly every manufacture and every engine represented in Nfld. is offered there. Despite all this there are more FAIRBANKS ENGINES used there than all other makes together, and FAIRBANKS sales are continually increasing. This fact should commend itself to all and must be regarded as a proof of the superiority of the Fairbanks Engine over all others.

**To-Day's News.**

Special Evening Telegram.

LONDON, To-day.  
Turkey has now formally applied to Bulgaria for peace. No armistice has yet been concluded. Difficulties have arisen about terms. It is said Bulgarians demand the evacuation of Adrianople, Scutari, and Monastir as a condition to agreeing to an armistice. Negotiations however continue. The censorship again is exceedingly severe. The fall of Adrianople is removed from both Serbian and Turkish sources. But this is still unconfirmed. Another report says Bulgarians have occupied Hadentakmi 21 miles from Constantinople. If it is true it is a very important capture, as that town is Maxim Pasha's staff headquarters. A battle is imminent at Monastir where the garrison endeavored to make terms of surrender but imposed conditions which the Serbian Crown Prince was unable to grant. Should an attack on Monastir be made, the Turks expect to offer serious resistance to combined Serbian and Greek armies. The fate of Monastir is likely to follow that of Saloniki. A report through Bucharest places Bulgarian losses in the war at far greater figure than have yet been estimated. According to a report the killed and wounded number between 60,000 and 80,000 out of total 320,000 men. It is pointed out after an allowance made for holding the lines of communication, only 160,000 effective men are left for fighting.

ELK, To-day.  
Steamer S. & Y. Upper Ontario Steamboat Company, en route from Park Rapids to Flat Rapids sank in a minute and a half, after striking a dead head snag in Montreal river last night. The boat headed for the shore, 15 passengers saved themselves by jumping into shallow water as the boat struck the bank. Most of the baggage all the mail and freight went down with the craft.

There are over 100,000 FAIRBANKS engines in use which is the best proof of the merit of the engine—adv. 1f

Cable News.

SPECIAL EVENING TELEGRAM.  
LONDON, To-day.  
The British steamer Annetta from the States has been captured. She had a cargo of war stores for Albania.

CONSTANTINOPLE, To-day.  
The Turkish naval gunners are doing execution among Bulgarian troops attacking Tchatalja fortifications, according to reports from the commander of the Turkish cruiser Hamildilhi. A squadron lying off Bogados on the coast of the Sea of Marmora, he says, found the range from 8,000 to 8,500 yards poured such a withering hail of shells into the Bulgarian ranks that the besiegers were forced to retire from positions at Delmonte, Tchistik, Dene, Dragankovi to the Northward from Bogados and withdraw behind heights as they suffered heavy losses.

LONDON, To-day.  
Bonar Law speaking to a big Unionist demonstration at the Albert Hall last night said he did not regret the disturbance in the House and did not try to stop it. While he would rejoice if a way out of the difficulty was found possible by the Speaker, it would not end the crisis. The Government is trying what it had most right to do. The opposition would continue its endeavours to wreck the Home Rule Bill in the commons. It was their intention to press for a reference and the bill to the electorate for their judgment and thus prevent the degradation of the Commons and what was worse than civil war within United Kingdom. Lansdowne, leader of opposition in Lords, and Bonar Law were the principal speakers. Lansdowne however said little about Wednesday's scene in Commons and gave no hint as to feature of the policy with reference to this. Dealing with Home Rule question he said, he believed the reason of the support accorded to Home Rule in the country was that people were feeling intense. That he declared was a feeling of cowardice which was unpatriotic and unstatesmanlike.

**Here and There.**

CAME FOR OPERATION. — Mr. Lawrence O'Rourke, the well known hotel keeper of Holyrood, arrived here yesterday to undergo an operation at the Hospital.

HAD TO RETURN. — A fleet of schooners which left here for the northward last evening were compelled to return this morning owing to the wind veering up to the N. E.

The S. S. Portia left North Sydney at 10.30 last night.  
The S. S. Prospero left Catalina at 8.30 a.m. to-day.

THE HERRING FISHERY. — Herring have made their appearance at Bay of Islands, and two cargoes of salt bulk have been taken there. Some schooners are now there awaiting cargoes, and a number of others should soon arrive.

FELL THROUGH WINDOW. — Last night a drunk passing down Water St. West fell through the window of the Avalon Hotel breaking the glass and narrowly escaping serious injury. He had no money to pay the damage and was taken to the police station.

GLENCOE'S PASSENGERS. — The Glencoe arrived at Piacentia at 7.40 a.m. to-day bringing J. Hanham, C. J. Cox, S. Dowden, N. J. Murphy, A. E. Chown, Jas. Purchase, V. P. Burke, Capt. H. Ross, T. C. Fitzherbert, F. H. Donnelly, Mrs. J. M. V. Vey and 11 steerage.

THE HOME ARRIVES. — The S. S. Home arrived at Humbermouth at 4 p.m. yesterday reporting that she experienced very disagreeable weather on the first three days of the voyage, though she had it fine latterly. Winter weather has set in on the Labrador and slo is making on the coast.

VESSEL REFLATED. — The new banking sch. Ada S. Bishop, referred to by the Telegram yesterday as being ashore at St. Pierre with a cargo of fish from Burnt to Gloucester, shipped by C. F. Bishop & Co., was successfully towed off the rocks yesterday by a tug and will be docked at St. Pierre to-day. She is a splendid vessel, built at Gloucester, and sustained little damage.

A LABORER HURT. — While at work in the hold of the s.s. Nascope strapping hay at 4 a.m. to-day, Patk Woods, of Brennan Street, narrowly escaped death. A heavy bale fell from the sling as it reached the main deck and falling into the hold struck the keelson and rebounding, felled Woods. He was rendered unconscious for some time and on recovery was taken home. He was severely hurt about the chest and shoulders. Had the bale hit him on the head he would have been killed instantly.
