VERY SATISFACTORY.

LONDON, Oct. 29.

Governor, St. John's.

The following is from the Press Bureau: The Belgian Government reports the situation of the troops on the Yser as improved, and the enemy's artillery fire slackened, being subdued by the Fleet guns. The Allies' operations at Ypres are very satisfactory.

General Botha left Rustenburg on Tuesday, and drove Beyer's command in headlong route, capturing eighty fully armed.

HARCOURT.

ST. PIERRE BULLETIN.

Official, Oct. 29.—Action continued to develop yesterday in the same manner as on the preceding days, and was characterized by good progress on our part on several points of line of battle. Around Ypres and south of Arras and more particularly between

Alone and Argonne, we have taken possession of several German trenches and none of their attacks were successful. There has been equal and fresh progress on our part. In Apremont Forest even against very strong difficulties owing to the nature of the ground. A series of operations along the frontier between Moselle and Vosges allowed us to dislodge several advance guards of the enemy. Prisoners were taken everywhere.

Russia.—In Poland the centre Austro-German line had to fall back before Russian offensive and retreated on Ladinsk, Radom, and Liza, losing prisoners and material. In Galicia fighting continues on the whole front successful for the Russian troops.

GERMANS RETREATING.

WASHINGTON, Oct. 29.

An official despatch made public by the French embassy here, to-night, announced that the Germans were retreating before the Russian armies in Poland and are now basing on Edlinsk, Radom and Liza. The Germans are said to have lost their prisoners and ammunition. In Galicia the combat continues in the whole front with success for the Russians.

In a series of operations along the frontier between Moselle and Vosges we were able to dislodge some outposts of the enemy. Prisoners were captured almost everywhere.

GERMAN REPRISALS.

LONDON, Oct. 29.

What the London press describes as reprisals in Berlin, in the matter of the vigorous handling of English in that city, are related in a Reuter's despatch from Berlin. The police authorities there, says the message, are preparing to take even more drastic and oppressive measures against the British. The authorities are taking a revised census of British residents, with a view to facilitating arrests. Word has gone forth that a clean sweep will be made. It is considered possible that every Englishman in the German capital will be under arrest within a short time. The Germans, it is stated, are taking additional precautions against spies, and are curtailing the privileges of English civilians, already interned. In some concentration camps in Germany, Englishmen, it is said, are forced to sleep on straw.

GERMAN CRUISER SUNK.

PARIS, Oct. 29.

A squadron of British torpedo boat destroyers in the Adriatic Sea, sunk a German steamer which had been converted into a cruiser. The destroyers rescued 86 members of the crew of the German vessel.

BELGIAN PARLIAMENT MEET.

PARIS, Oct. 29.

Newspapers in Paris say to-day that the Belgian Parliament will be called into session at Havre sometime during November.

HERTZOG AS PEACEMAKER.

Grenfell Hertzog has left Capetown to try and induce the rebel Boers left by Generals De Wet and Beyer to return to their homes.

WILL REVIEW CONTINGENTS.

LONDON, Oct. 29.

It is officially announced to-day that their Majesties King George and Queen Mary have signified their intention of reviewing the Canadian contingents on Salisbury Plains at an early date.

RUSSIAN OFFICIAL REPORT.

WASHINGTON, Oct. 29.

All the German army corps on the left bank of the Vistula in Poland are in full retreat, according to an official report from Petrograd, made public to-night. The report follows: On Oct. 28, we overcame the resistance of the last troops of the enemy, endeavoring to put up fight to the north of the River Pilitza. At the present moment all the Austro-German corps on the left bank of the Vistula are in full retreat. Radom is occupied by our troops. Radom is occupied by our cavalry and we have captured several thousand prisoners and guns, and a score of machine guns. In Galicia there is no change. On the East Prussian front the first German Army corps, supported by other troops, is for the fourth day keeping up an attack. The losses of the enemy are very heavy.

Officers' Badge.

The Boers taught us how rash was anything which made an officer distinguishable at a distance. Towards the end of the South African War the officers even discarded the sword for the carbine, and, although in the presence of war swords are again carried, it is very hard to tell a commissioned officer from the rank and file. Indeed, it is impossible at a distance.

The chief difference is that the officer wears a tunic open
