Mr. Henry Saunders
 NEW SUPERINTENDENT.
 A few days ago Mr. Henry Saunders, who was appointed acting Superintendent of the local branch of the Anglo-American Telegraph Co. when Mr. R. C. Smith died last December, received a letter from headquarters informing him that he had been confirmed in his office and that he could assume the title of Superintendent from to-day, April 1st. He was informed also that his superiors were satisfied with the way he had conducted their business since he had been put in charge and that they had learned that local patrons of the Company were well pleased with his management. This expression of satisfaction must have been as gratifying to Mr. Saunders as the confirmation of his appointment as Superintendent. The promotion is well merited. Mr. Saunders has worked himself up from a junior position on the staff and has a thorough practical acquaintance with all the branches of the service. Many of the lines have been put under his direction and he has fitted himself for the duties of the important office he now holds. Modest in deportment, courteous in behaviour, well qualified for his responsibilities, his appointment will meet with general approval, and we wish him a long and prosperous term in his office of Superintendent of the Newfoundland branch of the Anglo-American Telegraph Company.

Fogota Back.
 The s.s. Fogota, Capt. Dalton, arrived in port from the northward at 9 p.m. yesterday, after a trip that occupied 42 days. The ship left here on Wednesday, Feb. 17th, and made fair progress until King's Cove was reached on the 20th. Here she was detained by ice for six days and did not get away from there until the morning of the 27th. The ship was not further reported until arriving at Greenspond at 6:30 p.m. on March 2nd. Capt. Dalton had then decided to return as it was thought impossible for the ship to get further north. The next day, however, conditions changed somewhat, and the Fogota was able to reach Westville. While on the way from the latter port to Newtown, the ship became jammed in the ice south of Pincher's Island, and after getting clear returned to Greenspond where she remained until Tuesday last. On the way here from the latter port she called at Catalina, leaving there at 2 p.m. yesterday.

Presentation
 Yesterday the employees of the Newfoundland Boot and Shoe Factory waited on Mr. C. R. Thompson, the retiring Manager, and presented him with a handsome dressing case, suitably inscribed, and a smoker's outfit. An address was read by Mr. E. G. Hunter, the Accountant, and Mr. Thompson made a suitable reply. Below is a copy of the address, and the reply thereto:—
ADDRESS.
 To C. R. Thompson, Esq., City.
 Dear Mr. Thompson.—It is with feelings of deep regret that we learn you have resigned from the Management of the Newfoundland Boot and Shoe Manufacturing Company, Limited. It has been pleasing to note the great advancement made by the Company during the thirty-five years you have been in charge of the factory, also the feeling of good will which existed between us.
 In whatever sphere your future labours may be we wish you abundant success, and trust that you and yours may enjoy every prosperity and happiness.
 We ask you to accept the accompanying gifts as a small token of our appreciation of your kindly interest in us, and as a remembrance of other days.
 Signed on behalf of the Employees of the Newfoundland Boot & Shoe Mfg. Co., Ltd.,
 E. G. HUNTER, St. John's, March 31st, 1915.

REPLY.
 To the Employees of the Newfoundland Boot & Shoe Mfg. Company, Limited.
 My Dear Friends and Co-workers.—It is with feelings of appreciation almost too deep for utterance that I thank you for the kind words contained in your address, also the tangible expressions of your good will, which accompany it.
 It is with pleasure that I can look back over the past thirty-five years, and review the growth of the business under my charge and with the co-operation of yourselves, and others who have assisted me.
 When I took charge of the factory in 1878 the business was only about one-third of what it is to-day, and during the intervening time, we have met with phenomenal success.
 In looking around I can see the sons of men who were with me at the start, as well as others who have been in the employ during that long period, and I assure you all, that the harmony which was always evident between us during our association together, will be a happy memory to dwell upon.
 In going out from you I can only express the wish that you may all enjoy every prosperity and happiness, and that you will show the same loyalty and faithfulness to your new Manager, as you have given to me.
 C. R. THOMPSON.
