AMERICANS CAPTURED AT CAR-  
RIZAL.

CHIHUAHUA, Mex., To-day.  
Seventeen American soldiers and  
negro troopers of the 10th Cavalry,  
who were captured in the battle of  
Carrizal, were brought here to-day  
with Lem. H. Spillsbury Orman, a  
scout employed by General Pershing,  
and were interned. Spillsbury said  
Capt. Boyd commanded the Americans,  
with Lt. Adair among the killed.

GREECE BECOMING MORE AMEN-  
ABLE.

LONDON, To-day.  
The urgency of the Greek problem  
had greatly diminished since last  
October, when Premier Venizelos was  
driven from power by King Constantine  
and his court and the pro-German  
element at work in the army; but the  
news that the Greek Government had  
accepted the demands of the Allied  
Governments for demobilization of the  
army, dissolution of the Greek Cham-  
ber and a general election, was re-  
ceived in Britain with much relief and  
satisfaction. When, on the fall of  
Venizelos, the Allies landed a force  
at Salonika, the attitude of the Greeks  
was a burning question. Apprehen-  
sion was felt in the Allied countries,  
especially France, over the possibility  
of German military activity in the  
Near East. Lately since the Rus-  
sian success in Asia Minor, less anx-  
iety was felt on this ground; never-  
theless the recent Bulgarian occupa-  
tion of the Greek frontier fort of  
Ruspe, and the renewal of German  
activities at Athens proved that dan-  
ger still exists. The Allied Powers  
began to apply further pressure in  
the shape of a partial blockade of the  
Greek ports. The rumor was current  
that Greece had signed an agreement  
with Bulgaria for the peaceful evac-

uation of all frontier forts. The  
Skouloudis Ministry promised partial  
demobilization, but probably owing  
to the powerful influence of the King  
and his Consort, it was never carried  
out. Finally the Entente Allies pre-  
sented a note containing drastic de-  
mands, which as announced, have been  
accepted. Ex-Premier Zaimis has  
been called upon to form a ministry  
in which he will head the Foreign De-  
partment. M. Zaimis is a neutralist  
with a leaning, it is stated, toward the  
Entente Allies. The view is held that  
his age and temperament make it  
doubtful whether it will not be long  
before Venizelos is again in power.

## LONDON BUDGET.

LONDON, To-day.  
The Germans and Austrians in  
Yolynia are vigorously carrying on  
an offensive against the Russians and  
seemingly have stopped them for the  
time being, at least. The Russian  
drive westward along the Stokhod  
River west of the Sty region of  
Sokul, and still further west around  
Mylesk, a sanguinary engagement is  
in progress. In these encounters, the  
Russian War Office says, the Germans  
and Austrians have been repulsed,  
while Berlin declares that on both  
sides of the Turra River southward  
from Svinfakli to Grochov, the  
Russians have been driven further  
back and that northwest of Lutsk the  
Russians are making attempts to dis-  
pense the Germans without German  
retreat on the Stripa. In Galicia the  
Russians have taken portions of the  
trenches of the Teutonic Allies near  
Calvoronka, and further south in  
Bukovina have driven their forces  
forward. Southward they have cap-  
tured Radoutz, about 30 miles below  
Czernowitz, and taken more officers,  
men and guns. From north of the  
Priepet marshes in the region of Riga,  
the Germans again have opened what  
is apparently a general offensive,  
heavily bombarding the Russian pos-  
itions or throwing violent infantry  
attacks against them. While Berlin  
reports nothing but successful Ger-  
man patrol incursions, Petrograd says  
the Germans are violently bombard-  
ing the Ikskul bridgehead, and have  
driven their infantry against the Rus-  
sian positions around Drinsk near  
Dubatovka south of Kreve and on  
the Oginski Canal. All these attacks  
it is declared, have failed, except near

Krevo, where the Germans crossed the  
river, but were later driven back to  
the west bank. On both sides of the  
River Meuse in the region of Verdun  
and to the east of the fortress and in  
the Woerve at the foot of Meuse Hill,  
the Germans are heavily bombarding  
the French. Especially heavy are the  
attacks against Hill 304 and Le Mort  
Homme, northwest of Verdun, and  
northeast of the fortress around Thi-  
amont, Vaux, Wood, Chapitro and  
Port Laufes. In a counter attack the  
French have retaken from the Ger-  
mans most of the trenches the Ger-  
mans captured Wednesday night be-  
tween Fumil Wood and Chonols, north  
east of Verdun. The Germans near  
Givency captured some British  
trenches, but were later driven out  
suffering heavy losses in a counter  
attack. No important changes in the  
situation on the Austro-Italian or Asi-  
atic-Turkey front are reported.

## HOPES OF PEACE WITH MEXICO.

WASHINGTON, To-day.  
One fact stood out to-night at the  
close of a day of many developments  
in the Mexican crisis. Apparently  
both the States Government and the  
De Facto authorities of Mexico hope  
to treat the clash at Carrizal yester-  
day as an incident aggravating the  
gravely strained relations but not of  
itself likely to precipitate general  
hostilities. So far as the Washington  
administration is concerned no final  
decision can be reached until Presi-  
dent Wilson has received a report of  
the fight from the American army of-  
ficers. A despatch from Gen. Funston  
to-day said General Pershing had  
heard of the affair only through re-  
ports from Field Headquarters. The  
cavalry started immediately to get in  
touch with a detachment which is  
supposed to be returning toward the  
field base at Colonia Dublan, more  
than sixty miles from the scene of  
fighting. Many officials here have not  
abandoned hope of a peaceful outcome  
basing their hopes against war re-  
ports that have reached them indi-  
rectly that the Carranza Government  
is inclined to seek a peaceful way out.

GERMANS MOVE TROOPS FROM  
WEST TO EAST.

PETROGRAD, To-day.  
The last two days have brought no  
essential change in the situation on  
General Brussiloff's front. Crossing

The Archbishop  
at Basques.

Special to Evening Telegram.  
SOUTH BRANCH, To-day.  
Archbishop Roche with his Chaplain  
Dr. McGrath, reached Basques this  
morning. He was welcomed by Bishop  
Power and Dr. Whelan, represent-  
ing Hr. Grace. The party attended  
mass at Mrs. Smart's, celebrated by  
Bishop Power. His Grace looks hale  
and hearty and was all smiles as he  
landed once more on his native soil.  
All denominations gave him a cordial  
reception. Hunting was displayed on  
the ship and store and along the line  
of railway.

the River Sereth in Bukovina, General  
Letchitzky's forces have pro-  
gressed slightly further south in pur-  
suit of the Austrian General Pflaeger's  
Army, but in the centre and all along  
the northern flank the Russian drive  
has been halted by fierce counter of-  
fensives of the Teutonic Allies; the  
defence of Kovel, in the Lutsk region,  
being taken over entirely by German  
reinforcements newly arrived from  
the French front, who are making a  
determined effort to regain the ground  
lost during the first ten days of the  
Russian advance. The group of Ger-  
man forces is concentrated at Kovel  
where it attempted to advance toward  
Kolki, but after a sharp conflict in the  
neighbourhood of Stokhod River it  
was forced to retire by the Russians.  
A second group of German forces is  
defending from Vladimir Volynski to  
Lutsk, while a third group, with head-  
quarters at Bokul, likewise joining  
the movement to press back the ex-  
tended northern flank of General  
Brussiloff's army. On other points of  
the front further Russian operations  
are being delayed by the necessity for  
consolidating the positions already  
won.

## FRENCH BARQUE TORPEDOED.

LONDON, To-day.  
Lloyds announce that the French  
barque Franchise, 1,973 tons  
gross, was sunk by a submarine on  
Wednesday. The crew was landed at  
Kirkwall.

## LARGE LOSS OF LIFE.

PETROGRAD, To-day.  
The loss of life on the steamer  
Mercury, which was sunk by a mine  
in the Black Sea, has been undoubt-  
edly large. From later reports re-  
ceived in regard to the disaster, the  
Mercury had eight hundred passen-  
gers, including a large number of col-  
lege students who were bound for  
their homes for the summer vacation.  
Only two lifeboats were launched and  
both laden with passengers were over-  
turned.

## GREEK SITUATION SATISFACTORY.

ATHENS, To-day.  
General satisfaction is shown  
among the public in the Greek capital  
at the ultimatum sent to the King by  
the Entente. Diplomatic representatives  
of the Allies have recommended the  
immediate lifting of the blockade and  
the stock market is rapidly recover-  
ing from its panic. The Chief of Po-  
lice at Athens, understood to be under  
the ban of the Entente Allies, has as-  
ked for sick leave.

## GERMAN ATTACKS SHIFTED.

PARIS, To-day.  
The Germans have launched heavy  
attacks in the Champagne district.  
Violent assaults on the French trench-  
es in the region of Mont Tetu were  
repulsed last night after severe fight-  
ing with grenades and bayonets, ac-  
cording to an official statement. West  
of the Meuse in the Verdun sector the  
Germans again attacked Hill 304 and  
there was lively infantry fighting to-  
ward Deadman's Hill. Heavy artil-  
lery fire all night in this sector was  
particularly violent east of the Meuse  
around the Vaux front.

which the defendant Parsons lost his  
case.

Is Your Boy  
Climbing?

How we like to see the children "getting to the top"—  
physically, intellectually—every way.

But sometimes there are obstacles in their way that  
make progress difficult.

Tea and coffee drinking are among these obstacles. It  
is well known that children should never be permitted to use  
tea or coffee—they stunt growth and hinder mental develop-  
ment.

The child's natural desire for a hot table drink can be  
fully satisfied with the wholesome pure food-drink—

POSTUM

This famous health beverage, made of prime wheat and a bit of wholesome mo-  
lasses—roasted and skilfully blended to bring out its distinctive flavour—makes a  
warm, invigorating cup so delicious that it may well be the table drink for all the  
family.
