

RECREATION PARK.

PAN-AMERICAN AT HOME

The above cut displays a small part of the beautiful grounds of the East Elgin County Fair. Aylmer's Great Fair, so favorably and widely known abroad has now entered upon its fourth year under its present management, and if one is to judge by the large amount of business transacted during the past three months, and the buoyant condition of the officers, the public can look forward to a still more successful issue for the year 1901.

The professional men of Aylmer are now, and have always been men of a high standard, the equal of any in the country. The knowledge that they are men of recognized integrity, and exceptional ability in their different callings, has done much to build up their very successful practices.

NOTES AND COMMENTS

Mr. Geo. Campbell appeared before the council on Monday night last, in reference to the sidewalk put down in front of his place on Talbot street, a couple of years ago, and to which reference was made in his letter last week, and in the discussion which followed, it developed that he had made his own bargain with the contractors, and paid them personally, and consequently the town had nothing whatever to do with it.

Two silly young school girls of Big Rapids, Mich., took a dose of poison a few days ago, because they saw their fellows in company with the other girls. Nothing of that kind has ever occurred here, although there are some pretty bad cases in town, at the present time. Its an awful feeling for a girl to have, but there are generally a few years in life, during which they imagine there is one particular fellow, who monopolizes all that is desirable in this world.

Children Cry for CASTORIA.

Mr. Glenmore, of London and G. McKay of this place are at Bismarck and Dutton, buying horses for the London Market this week. Mr. G. E. Fairbrother, and F. Percy, of Copenhagen have gone on a trip to New Ontario, for two weeks. Mr. F. Kent is putting a brick foundation under his barns.

tion to the preservation of the natural teeth, crown and bridge works.

JOHN LOW & CO.

Another important industry of the town is the firm of John Low & Co's manufacturers of the Elgin organ which is considered and has the reputation of being one of the best reed organs made in America today. These organs have been supplied to the leading travelling concert companies, and they are unanimous in their praises of it.

On the Death of Clark Williams.

Her boy, her only child, is dead, White lilies o'er his little bed, And dainty mignonette is strewn, They smother not the mother's moan, Oh, God, who gave my baby breath, Why sendest thou, thy Angel death, To rob me of my precious flower, That scarce had lived one little hour, To let it grow was there not room, Unhindered in its dainty bloom, Why take this treasure from my breast, Could it not stay and I be blest, Softly a voice strove to impart, A ray of hope to that sad heart, The mother felt a sense of awe, A heavenly vision then she saw, Christ held within his loving arms, Her baby freed from earthly harms, His voice, so low and sweet and clear, Fell like soft music on her ear, Like lilies freed from storms of earth, This pure one has immortal birth, In heaven's garden it shall bloom, And you shall know its sweet perfume, Only a short season was he lent, As lilies for a season sent, For pure thoughts the lilies given, The empty cradle speaks of heaven.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Rivland, of Armonk, N. Y., "but, when all other remedies failed we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1.00 bottles guaranteed by J. E. Richards, Trial bottles free.

The by-law, granting the right of way to the London, Aylmer, and North Shore Electric railway, was passed by the Bayham council on Monday last. This with similar by-laws which have been passed by Malahide and Aylmer, makes over half the mileage of the road, and the others are expected to fall into line, as soon as a few little minor details are arranged, which it is hoped will be done this week.

"With the guns in South Africa" is the title of a book recently added to the Public Library, which will be of interest to Aylmer readers. We copy this from it.—"But the Ottawa section of D. Baverly has a novelty, father and son driving in the same gun detachment. Driver Hare Sr. rides the lead of No. 6 and his son, a mere lad, though tall for his age, rides the center, and there are not two more reliable drivers in the battery, or service.

The town took over the Electric light plant Saturday last, and paid over the \$20,000. Mr. John L. Millard has been retained as electrician, and is a good, careful, competent man, having shown his ability in this line by the manner in which he has done the work in the past. Mr. Davis will also remain in charge of the office work, for a time at least, and this part of the business is also in good hands. There will be no reduction in price at present, until the council have time to see just what there is in it, and what reduction can safely be made.

Mr. and Mrs. Geo. Coles with their babe Meryl of Caledonia, returned home on Monday after spending a few days with his parents in town. While here little Meryl had the honor of wearing a dress that has been handed down as an heir loom for four generations. It was made by the babe's grandmother's great grandmother about the year 1803, and has been worn by every child in each succeeding generation, and is valued very highly. The needle work on the dress is exceedingly fine and gives one an idea of the work done by our ancestors.
