Death of Rev. John Gemley.

Many readers of the ADVERTISER will egget to hear of the death of Rev. John lemley, rector of Trinity Church, Sincoe, which moverful away took hear these hears.

regret to hear of the death of Rev. John Gemley, rector of Trinity Church, Simcoe, which mournful event took place there at \$60'clock yesterday morning, as a result of a complication of diseases. The early years of Mr. Gemley's ministerial life were spent in the Methodist Church, after which ne was received into the Church of England in Canada by Bishop Helimuth. This was in 1874. He was immediately appointed assistant minister of St. Paul's Cathedral in this city, which position he filled with acceptance until April, 1878. After a few years spent in connection with the Western University, he was appointed to the rectory of Trinity Church, Simcoe, and subsequently was selected as rural dean of Norfolk county, which position he held at the time of his death. Prior to coming to this city, Mr. Gemley had for years served as a chaplain in her Majesty's forces, and while here he acted as a chaplain of the Neventh Battalion, in the ranks of which he had many friends. Again and again he officiated with acceptance at the church parades in the military camp. The deceased had two daughters married to military men. Mr. Gemley was highly esteemed by a wide circle of friends. The funeral takes place at Simcoe on Thursday at 2 p.m. The Bishop of Huron will officiate.

It May Be Fatal.

The patrol wagon was going north on Richmond street yesterday with three passengers—two policeman and one drunk—and when a little south of Dundas street; corner struck a wagon of the London Furniture Company. This had the effect of slewing the patrol badly so that; it struck a passing hearse, the jolt throwing all out on the road except the driver, P. C. Pope, who in some manner, caught his feet in the gearing and was dragged by the thoroughly scared horses, going at a terrific pace. The animals were stopped in front of the Pank of Montreal, where Pope was relaced and carried into the Western Hotel, his head bleeding profusely. Dr. Wangh was carly on the scene, but was unable to tell immediately whether the injury would be fatal or not. The unfortunate man's head was dragged fully two blocks over the hard pavement. The other policeman Hobbins, together with the prisoner, was badly cut, but fortunately not seriously wounded. When passing the Grigg House the horses collided with a boy astride of a small pony and knocked them down, the wheels of the wagon passing over both. At the corner of Dundas and Richmond streets, an old man, partially under the in-

Parish Club Entertainment.

A very enjoyable time was spent last evening by the members of the Parish Club of St. John the Evangelist Church at the regular meeting of the club. A very interesting paper was read, treating with the habits, life and traditions of the Aruacanian Indians, by Mr. C. G. Jarvis. This race at one time inhabited a large portion of the South American continent. The essayist reviewed their history from the time at which Spain attempted to subjugate them under the famous Pizarro, which resulted in a conflict of 250 years, which finally terminated in the establish ment of the freedom of the native population. The aboriginal govern-ment of the Indians, their customs and religions were each fully des-cribed and the fact pointed out that though but a fragment of their former reatness remains, they yet retained all he characteristics of a noble race. Mr. the characteristics of a noble face. Art. Jarvis displayed a thorough acquaintance with his subject. The glee club also contributed greatly to the pleasure of the evening. Reciprocity with the United States will be debated upon next week.
