CANTON SEIZED BY REBELS AND WAR MINISTER ASSASSINATED

Dispatches From Shanghai Say General Yim Tchang, Commanding Imperial Forces, Has Been Slain By Own Troops—Great Bloodshed at Canton.

[Canadian Press.]
Shanghai, Oct. 26.—A Chinese newspaper, in an extra edition today, announces that the Minister of War, General Yin Tchang, commanding the imperial forces, has been assassinated by his own troops.

The paper also states that Canton has been seized by revolutionists. Great bloodshed there is reported.

Shanghai, Oct. 26.—The rebels are throwing up entrenchments at Kiu Kiang. The work is being conducted in an orderly manner.

Wu Hu, Nanking and Soe Chow expect that the revolutionists will take over their local governments soon.

The entire Province of Sze Chuen is practically controlled by the rebels.

ANOTHER GENERAL KILLED.
Peking, Oct. 26.—The Chinese newspapers report that the troops at Chang-Tu, the capital of Sze Chuen Province, have mutilated and killed General Chao Feng, commander of the imperial forces, and joined the rebels, who now hold the capital.

The revolutionists have received no news officially from Sze Chuen Province for the past ten days. They ordinarily discredit the reports published in the Chinese papers, but consider the statement that Chang Fu has fallen, and the imperial commander been assassinated, as not improbable.

CHINESE IMPERIAL FAMILY MAY COME TO AMERICA

Will First Be Taken to Mukden, Where They Will Be Protected By Japanese.

[Canadian Press.]
Shanghai, Oct. 26.—Manchu officials, many of them disguised, are coming into Shanghai from all directions. All try to find refuge in the foreign concessions.

Native newspapers, which are widely circulated south of the Yang Tze, Kiang announce positively that the Emperor and his family are prepared to start for Mukden, Manchuria, where

protection has been guaranteed them by the Japanese. Later, it is stated, the imperial ones will be conducted to America. The open and widespread circulation of such statements as the above without interference from the authorities is considered significant in view of the restraint to which the press has been subjected heretofore.

A native paper publishes a wireless dispatch from Hankow, dated 2 o'clock this afternoon, stating that all was quiet there.

LONDON BRAKEMAN CRUSHED WORKING AT PORT BURWELL

Albert Burke, a C. P. R. brakeman residing at 855 Princess avenue, was badly hurt yesterday at Port Burwell, when he was crushed between two cars, while assisting in making up a train. He was brought home last night.

Burke left with a crew for Port Rowan yesterday morning. They were making up a train in the yards there, preparatory to bringing it to London. He stepped into the cars to adjust the couplings, when the train backed down on him and he was caught between the couplings and his body was badly crushed.

The injured man was given temporary relief at Port Rowan, and brought to London at night.

RELIGION FORWARD MOVEMENT GREATEST OF THE CRUSADES

Between Five and Six Million Men and Boys Enrolled in Plan to "Take Christianity Out of Cold Storage."

[Canadian Press.]
New York, Oct. 26.—"We are succeeding in getting Christianity out of cold storage," the Men and Religion Forward Movement is sweeping the country. Results so far have been highly satisfactory.

This is the gist of a statement made here today by Henry Road, publicity secretary of the Men and Religion Forward Movement, which was recently launched in Minneapolis, and which will be carried through seventy-five cities in Canada and the United States between now and next May.

According to Mr. Road, who has just returned from the west, there are interested in the movement, as nearly as can be estimated, between five and six million men and boys, a larger number than have taken part in any other one effort of the kind since the crusades of the Middle Ages, with the

single exception of the Reformation. Preparations for this continent-wide campaign have been under way since May, 1910, when there was created a national committee of ninety-seven, consisting of representatives of businessmen of all the Protestant communions from every section of the land. Under their encouragement, a local committee of one hundred men was formed in each of the seventy-five cities, and these local committees are looking for nearly seventeen hundred auxiliary towns and villages. The object of the movement is two-fold: to arouse the religious spirit among men and boys in the hope that they will bring it into their practical daily life; to arouse Christianity from cold storage, putting it to work in the community for the betterment of conditions surrounding men, women, and children.

NEW C.P.R. BRIDGE OVER THAMES IS PRACTICALLY COMPLETED
The work of replacing the steel bridge on the C. P. R. over the Thames at Oxford street has been practically completed. A few lengths of steel remain to be placed, but the main sections of the structure are in place, and within a few days the contract will have been completed.

LONDON BANKER'S BROTHER
HELD UP AT POINT OF GUN
H. L. Dickson, teller of the Royal Bank at Fort William, who was held up at the point of a revolver and compelled to turn over nearly \$5,000 on Monday, is a brother of Mr. A. E. Dickson, of the London branch of the Bank of Nova Scotia.

The Dickson brothers formerly resided in New Brunswick.

Mr. A. E. Dickson has learned nothing of his brother's experience other than what he has obtained through newspaper dispatches.

The robbery was committed by a R. Running who, until a couple of months ago, was employed in the Fort William branch with Dickson. He entered the office to obtain his trunk, and while being assisted by Dickson drew a revolver and demanded all the cash from the teller's cage. He hastily departed, but was followed by a number of people to the waterfront where the Royal Alexandra Premier Robbery was placed under arrest without a trial.

THE GAME BY INNINGS

BATTERIES: New York—Ames, Wiltse, Marquard and Meyers and Wilson. Philadelphia—Bender and Thomas.

Athletics Prove the Better Team Giants Were Given a Walloping

Waterloo Occurred in the Two Innings, When the Phillies Scored Eleven Runs—Barry Spiked by Herzog, and the Game Was Delayed for a Time.

Game played in Philadelphia.

For New York—Ames and Meyers. For Athletics—Bender and Thomas. Umpires—Brennan on bases, and Dineen in right field, Klem in left, and Corbally behind the bat.

FIRST INNING.
New York—Devore rolled a grounder to Bender, and was out at first. Doyle drove the ball over the temporary fence in right field for two bases. Snodgrass lifted a high one, which Lord took care of. It was two out with Doyle on second and Murray at the bat. Doyle scored on Murphy's muff of Murray's fly. Murray was caught off first a moment later by Bender to Davis. One run.

Philadelphia—Lord made an infield single, which Fletcher made a beautiful pick-up and got the runner at first. No runs.

SECOND INNING.
New York—Merkle lifted a high one, which Oldring caught after a long run. Barry muffed Herzog's line drive, and the runner was safe. Herzog stole second, Thomas' throw being a trifle high. Barry was slightly spiked by the runner. It was purely accidental. The game was delayed a few minutes while the doctor bandaged Barry's right ankle. Fletcher struck out, and Chief Meyers was given a great hand when he came to the plate.

It was Indian against Indian. Meyers drove a hard grounder over second base, but Collins made a beautiful pick-up and got the runner at first. No runs.

Philadelphia—Baker lifted a high fly to Devore and was an easy out. Murphy hit one too short for Doyle to handle and was safe at first. It was a base-hit. Davis rolled an easy grounder to Ames and retired at first. Murphy safe on second. Barry struck out on three pitched balls, fouling one of them. No runs.

THIRD INNING.
New York—The last ball Barry struck at could not have been hit by a cricketer. Ames singled to left. Devore forced Ames at second. Bender to Barry. Doyle at first. A foul fly to Baker. Devore was an easy out, stealing.

Philadelphia—Thomas got his base on balls. Bender was out. Fletcher to Merkle. Thomas taking second. Lord doubled over the temporary fence in right field, scoring Thomas. The stands shook with the cheers of the crowd. Meyers and Ames held a conference, when Oldring came to the plate. Lord went to third on Oldring's out. Fletcher to Merkle. Collins lifted a fly to Devore. One run.

FOURTH INNING.
New York—Snodgrass lifted the first ball pitched to Oldring and was out. Murray went out by a fly to Murphy. Merkle hit a ball over second base, on which Collins made a sensational stop and got the runner at first. No runs.

Philadelphia—Baker drove a beautiful fly to Devore and was an easy out. Murphy hit one too short for Doyle to handle and was safe at first. It was a base-hit. Davis rolled an easy grounder to Ames and retired at first. Murphy safe on second. Barry struck out on three pitched balls, fouling one of them. No runs.

FIFTH INNING.
New York—Herzog fanned. Fletcher was out on a grounder. Bender to Davis. Doyle at first. A foul fly to Baker. Devore was an easy out, stealing.

Philadelphia—Thomas got his base on balls. Bender was out. Fletcher to Merkle. Thomas taking second. Lord doubled over the temporary fence in right field, scoring Thomas. The stands shook with the cheers of the crowd. Meyers and Ames held a conference, when Oldring came to the plate. Lord went to third on Oldring's out. Fletcher to Merkle. Collins lifted a fly to Devore. One run.

SIXTH INNING.
New York—Doyle was retired on a foul fly to Baker, which the latter got after a long run and sensational catch. Snodgrass drove a liner to left center, which Oldring took off his shoestrings after a long run. Murray was given his base on balls. He was forced at second by Collins' throw of a grounder. Collins also struck out. No runs.

Philadelphia—Murphy drove a long fly to center field, which Snodgrass muffed, and it went for a two-base hit. Davis advanced Murphy to third on his out. Doyle to Merkle. It was not an intentional sacrifice. Murphy scored on Barry's sacrifice fly to Doyle. Thomas struck out on three pitched balls. One run.

SEVENTH INNING.
New York—Herzog scored first on Barry's fumble of his easy grounder. Davis captured Fletcher's foul fly after a long run. Meyers struck out. Wiltse also struck out. Collins also struck out. No runs.

Philadelphia—Bender lifted a little fly to Doyle. Lord made an infield single, which Fletcher made a beautiful pick-up and got the runner at first. No runs.

THIRD INNING.
New York—The last ball Barry struck at could not have been hit by a cricketer. Ames singled to left. Devore forced Ames at second. Bender to Barry. Doyle at first. A foul fly to Baker. Devore was an easy out, stealing.

Philadelphia—Thomas got his base on balls. Bender was out. Fletcher to Merkle. Thomas taking second. Lord doubled over the temporary fence in right field, scoring Thomas. The stands shook with the cheers of the crowd. Meyers and Ames held a conference, when Oldring came to the plate. Lord went to third on Oldring's out. Fletcher to Merkle. Collins lifted a fly to Devore. One run.

FOURTH INNING.
New York—Snodgrass lifted the first ball pitched to Oldring and was out. Murray went out by a fly to Murphy. Merkle hit a ball over second base, on which Collins made a sensational stop and got the runner at first. No runs.

Philadelphia—Baker drove a beautiful fly to Devore and was an easy out. Murphy hit one too short for Doyle to handle and was safe at first. It was a base-hit. Davis rolled an easy grounder to Ames and retired at first. Murphy safe on second. Barry struck out on three pitched balls, fouling one of them. No runs.

FIFTH INNING.
New York—Herzog fanned. Fletcher was out on a grounder. Bender to Davis. Doyle at first. A foul fly to Baker. Devore was an easy out, stealing.

Philadelphia—Thomas got his base on balls. Bender was out. Fletcher to Merkle. Thomas taking second. Lord doubled over the temporary fence in right field, scoring Thomas. The stands shook with the cheers of the crowd. Meyers and Ames held a conference, when Oldring came to the plate. Lord went to third on Oldring's out. Fletcher to Merkle. Collins lifted a fly to Devore. One run.

A NEW CHURCH FOR NORTH END

Catholic Edifice Will Be Located at Corner of Cheapside and Maitland Streets.

CHANGE IN LOCATION
It Was at First Decided to Build the Church on Victoria Street.

Preparations for the erection of a new Roman Catholic Church in the north end of the city are now taking definite form, and it is expected that work on the construction of the edifice will be commenced before winter, if possible.

Property at the corner of Maitland and Cheapside streets has been obtained by the church, and the building formerly on the place, the old Corcoran bakery, has been removed.

No plans have as yet been accepted, however, but it is thought that the design will be similar to that of the new South London church established here during the past summer. Rev. Father Hanlon, formerly of Mount Carmel parish, is now in London in charge of the new north end parish, and has taken up his residence temporarily at the corner of Maitland and St. James' streets.

Later, however, a parochial palace will be built on the church property.

It was at first intended to erect the church on Victoria street.

Just what capacity the church will have has not yet been arranged, but a census of the Catholic families of the north end will be taken within the next couple of weeks. The parish boundaries have not been defined, but an announcement of all arrangements is expected by His Lordship Bishop Fallon at St. Peter's Cathedral on Sunday next.

NO SNAP JUDGMENT ON THE DOMINION

Visitor From Bahamas Says Canada Is Too Big for That.

Toronto, Oct. 26.—Sir William Grey Wilson, governor of the Bahamas, is in the city today, and this afternoon addressed the Empire Club on the Bahamas, the West Indies and Canada. He strongly urged the development of trade between Canada and the West Indies.

There was only a small proportion of the Bahamas' imports sent to Canada, and there was no reason why Canada should not work up a very profitable trade. He was reluctant to commit himself to any extent on "Canada is too big a country," he said, "for any visitor to undertake to size up in a snap judgment."

"IRON MAN" COOMBS SUFFERED SERIOUS INJURY YESTERDAY

Philadelphia Pitcher Wrenched His Intestines in Sixth Inning of Play and Will Be Out for Some Time—Mack Will Not Protest Doyle's Winning Run.

[Canadian Press.]
Philadelphia, Pa., Oct. 26.—Jack Coombs, the brilliant Athletic pitcher, is in bed at his home in this city with serious internal injuries. In the sixth inning of yesterday's game at New York, he wrenched his intestines.

Today his condition is so much worse that his physician called in two other doctors. They succeeded in reducing the injury, and say no operation will be necessary. Coombs, however, will be in bed for a week, and will have to wear a truss for some time. He will be able to pitch again next season, the doctors say.

Coombs, when seen in bed, said that in the sixth inning his cleats caught in the hole in the pitcher's box, and when he delivered the ball he felt a terrific jar. The pain was intense, especially in the right side, but he kept on pitching. In the ninth inning he had to quit.

TO PLACE CITY PARKS UNDER THE WATER COMMISSIONERS

It Is Likely the Next City of London Bill Will Contain a Clause to Provide for This Change of Government.

It has been suggested that the city parks be placed under the control of the water commission. A number of prominent citizens have been talking the matter over, and it is probable that the next city of London bill will contain a clause giving the management of the parks to that body.

The purchase of the Parks Flats has brought this matter prominently to the front. While a portion of the land will be used for water purposes, the larger part of it can, and probably will, be used for playgrounds.

The water commissioners cannot expend any money whatever on it to improve it as a park. The act incorporating the board does not give that power. As a matter of fact, the commission has no right to expend money on Springbank.

It is not legal, and the opinion is expressed that any citizen who felt so disposed might prevent money being expended in this way. The proposed river drive cannot be given full effect by the commissioners as the board is not constituted.

Secure Necessary Powers.
As a result of these facts, it is questionable that anything will be done until legal authority has been secured. The best method, a number of prominent citizens urge, would be to give full powers under the control of the water commissioners, and secure the authority of the Legislature for making expenditures for their upkeep and improvement.

At the present time, half the parks in the city are managed by the water commissioners, while the remainder are under the control of the city council. The opinion prevails that all could be managed more economically, and better results secured, if the water commissioners had the lot under their supervision. The city council may not agree to this move. Some of the aldermen will certainly oppose it, although it is expected that a majority will favor the idea.

One Board.
Chairman Peacock of the water commission is of the opinion that it would be better to have the one board look after all the parks.

"I think it would work out to the advantage of the citizens," he declared. "More economical management would be obtained, and I think better results in every particular would follow. At the present time, we cannot expend any money on the Parks Flats to improve them as a park. The act incorporating the board does not give that power. As a matter of fact, the commission has no right to expend money on Springbank.

It is not legal, and the opinion is expressed that any citizen who felt so disposed might prevent money being expended in this way. The proposed river drive cannot be given full effect by the commissioners as the board is not constituted.

\$20,000 SURPLUS FOR CITY COUNCIL

Aldermen of 1911 Will Quit With a Big Balance.

WATER BOARD DOES WELL
City Council Will Be Given About \$10,000 More Than Was Promised at First of Year.

There is no question but that the city council of 1911 will finish the year with a surplus of \$20,000.

The aldermen have but two more months in which to expend their appropriations, and from the present condition of the finances it will be impossible to get rid of all the money they have in hand.

Much of the credit for the surplus will be given to the water commissioners. They will increase the amount promised to the city by at least \$10,000. A statement of the receipts and expenditures of the waterworks is now being prepared, and there is absolutely no question but that the commissioners will give the council that much money.

The various committees of the council will finish in good condition. They will place the street cleaning cost much more than was estimated, the board of works will have a surplus. The finance committee will have much to do, while No. 3 committee will do better than break even.

Other Bodies.
The hospital trustees will not have an overdraft this year. They have kept well within their estimates, in spite of a heavy expenditure occasioned by the scarlet fever epidemic.

The board of education will also have a surplus, perhaps not very large but nevertheless a surplus. All the other bodies are well ahead. So it does not take much figuring to show that the council will have \$20,000 to hand over to the incoming council.

Of course, no revenue is estimated from the electrical department. They will place the figures at the sum mentioned above. It would not be surprising if it reached \$25,000.

LOWERY GOOD DEAD

Boston, Oct. 26.—Lowery W. Good, of New York, president of the Ciro and Norfolk Railway, was found dead at the Parker House today. Death was attributed to an overdose of morphine.

FOUND GUILTY OF PERSONATION

Chatham Man Remanded for Sentence and Perjury Charges Heard.

Chatham, Oct. 25.—Thomas Cooper, charged with personation in division No. 3, Chatham, at the Federal court, was found guilty by Judge Lewin this afternoon, and was remanded till Tuesday for sentence.

The defence urged that the evidence failed to prove that Cooper had assumed the name of Johnson, the name of Johnson to the Conservative scrutineer, at whose request the returning officer administered the oath which Cooper refused to take.

Evidence was also taken in the perjury charges against W. E. Bump, F. West and Frank Mitchell, accused by the Conservatives of perjury in connection with manhood suffrage registration. They were charged with swearing that they were residents of the city of Chatham, when they were actually residents outside the city limits. In addition to disputing the charge, the defence contended that the registration board was not legally constituted. Decision was reserved until Tuesday.

A similar charge against William Mitchell was dismissed.

The magistrate has been reserving decision for some weeks in a similar charge preferred by the Liberals against Thomas Wilson, pending the judge's decision as to the legality of the board.

DEMENTED MAN WAS CAPTURED

Caught When Coming Out of Swamp Late at Night.

[Special to The Advertiser.]
Walkerton, Oct. 26.—Mach, the demented man, was caught late last night on the bank of the large swamp near the camp meeting grounds in Carleton place, and was apparently heading for a barn to spend the night. He was too weak to resist to run or offer resistance, and with clothes in tatters and body all but worn out, he ran behind a brush heap and fell down. He was brought to the county jail.

BADLY SCALDED

St. Thomas, Oct. 26.—George Turill, of Vienna, was badly scalded at the canning factory there yesterday.

THE WEATHER

Tomorrow—Fair and Cool.
FORECASTS.
Toronto, Oct. 26—8 a.m.: Light winds; fine today and on Friday; night frost.

TEMPERATURES.
The following are the highest temperatures recorded yesterday, and the lowest at 8 o'clock this morning:

Station	Max.	Min.	Weather
LONDON	52	40.5	Fair
Victoria	52	38	Clear
Winnipeg	38	16	Fair
Port Arthur	52	38	Fair
Perry Sound	50	30	Fair
Toronto	50	42	Cloudy
Ottawa	48	40	Cloudy
Montreal	52	42	Cloudy
Quebec	50	40	Cloudy
Father Point	50	40	Cloudy

WEATHER NOTES.
The weather continues quite wintry in the Western Provinces, and mild in other parts of the Dominion.

Today's Prob.
Western Ontario—Moderate to fresh westerly and northwesterly winds; fair and cooler.

Lower Ontario—Lawrence and Gulf—Fresh to strong southwesterly winds; a few local showers, but mostly fair; not much change in temperature.

Devonshire—Moderate to fresh southerly and southwesterly winds; fair; not much change in temperature.

Lake Superior—Moderate westerly and northwesterly winds; fair and cold.
