FOURTH BELGIAN

Leaves C. P. R. Freight Sheds This Evening For Halifax.

WOMEN WORK

Although Air Chilly and Snow-Laden, Hearts Glowed With Goodwill.

Chill and snowy it was this norning out in the March weather, but down at the C.P.R. freight sheds where members of the Women's Canadian Club were gathered packing boxes and bales of clothing and groceries for needy Belgians, there was certainly no dearth of warm hearts. In fact there was enough warmth good-will in the hearts of the workers, as their hands flew busily, to suggest a July day. The shipping nen of the C.P.H. worked energetically, too, and by the time readers of The Advertiser settle down to their evening paper tonight, a carload of warm clothing, bed-ling and many hundred dollars' worth of food-stuffs will be on its way to Halifax, there to be transerred to the relief ship leaving for Belgium next week. This is the fourth carload sent for Belgium reby the Women's Canadian Club within the past few months, and clothing have been received from many parts of Western Ontario besides the city of London. its contents are perhaps mor valuable and useful than any of the

STRATHROY TO RAISE CONSIDERABLE MONEY

STRATHROY, Mar. 4-The industrial ommittee of the town council has a very busy year ahead of them, judging from the number of important matters referred for consideration. The tax rate this year is likely to be considerably this city, and lives at 1010 Dundas higher. Apart from the extra money required for street lighting and other things, the corporation will have to raise \$1,666, which was paid over in January, as an installment of the \$5,000 grant to the Patriotic Fund, and will, it appears, have to provide as well approximately about \$1,300 in direct tax about \$3,000 for patriotic purposes, besides sufficient to meet the running expense bills. This will undoubtedly mean quite an extra burden this year. The report of the fire inspector of the Canadian Fire Underwriters Association does not give the local fire appliances a very high standard. Many things are criticized by the inspector, and many improvements will have to be made in the fire protection of the town. Next Sunday, 14th of March, the Baptist congregation will celebrate the fifty-second anniversary of the founding of the church. Rev. J. M. Warner, of Woodstock, will preach both morning and evening.
