## INSURRECTION IN MEXICO

Five Thousand Maya Indians  
Sack Town of Valladolid in  
State of Yucatan and Slay  
Many

### ENTRENCHED THEY AWAIT GOVERNMENT TROOPS

Many Lives Lost in Trouble  
Arising From Indians' Dis-  
satisfaction Over Action of  
Officials Regard to Land

VERA CRUZ, Mex., June 6.—The most serious uprising with which the Mexican government has had to deal in a long time has occurred in the state of Yucatan, and troops are being rushed to the disturbed area. In the meantime reports which have reached here, indicate that there has been much bloodshed, and that the insurgents are preparing for a battle with the government troops, which is sure to come.

The independent paper El Dictamen, published despatches from Merida, the capital of Yucatan, to the effect that 40 persons were killed by the Maya Indians on Saturday. Further despatches received here state that 5,000 of these Indian insurgents sacked the town of Valladolid 54 miles southeast of Merida, killing all the principal government employees, the chief of police and others. They seized rifles and pistols and instituted a reign of terror. Many of the inhabitants of Valladolid are fleeing to Merida.

The gunboat Morelos has already left this port with six hundred soldiers aboard, while the Yucatan gunboat Seraposa is lying in the harbor ready to take a thousand additional troops, who are expected soon to arrive from the interior. Railroad telegraph communication between Merida and the scene of the trouble is now cut off. Twenty miles of the Yucatan road has been destroyed by the Indians. It is reported that many telegraph operators have been killed or are prisoners. The Jefe Politer and the judge of the criminal court are among the dead.

**Strongly Entrenched**  
The rebels are strongly entrenched in anticipation of the advance of the federal troops. Maximiliano Ramirez Bonilla, the former rebel leader and Colonel Victor Meneiro are said to be the head of the uprising. The towns of Tihum, Uayma, and Tunkas, all between Merida and Valladolid have been attacked, but the reports say the families of all the residents, except the officials, have been unharmed. To what extent the Indians are or killed at these places has not yet been learned. A strict censorship has been established, and the original telegrams giving the first details of the uprising were sent before the government took charge of the news. It is understood that the cause of the trouble is dissatisfaction on the part of the Indians over the government officials' decision regarding lands, but the exact points of controversy have not been made clear in the reports. It is not thought that any Americans are involved.

**Street Car Conductor Killed**  
TORONTO, June 6.—James Lynch, a street car conductor, who had his skull fractured on Friday by being thrown to the pavement from a belt line car, died yesterday at St. Michael's Hospital.

**South African Suicides**  
STONISWALL, Man., June 6.—A man named McKenzie, aged forty, and recently arrived from South Africa, suicided at the home of his brother, in-law, Sam Smith, at the age of nine miles from here, Saturday, by taking an overdose of laudanum. Business troubles are supposed to have been the cause.

**Delegates to General Conference**  
BROCKVILLE, Ont., June 6.—At the session of the Montreal Methodist conference held here today the following delegates were elected to attend the next general conference which meets in Victoria, B. C., next August. Ministers, C. S. Desprose, W. R. Young, W. H. Sparling, Wm. Timmerlake, Wm. Phelan, F. G. Leitch, J. P. Marley, Melvin Taylor, W. I. Shaw, C. F. Bland, S. J. Hughes and T. Cummings.

**The Status of Queen's**  
HALIFAX, June 6.—The Presbyterian General Assembly spent most of today discussing the present and future status of Queen's University, and at midnight the commissioners were still unable to reach a decision. The matter went over to another day. Church union is scheduled for discussion tomorrow forenoon.

The assembly decided on Knox church, Ottawa, as the place of next year's meeting. In the afternoon for two hours the Assembly had an excursion on the government steamer Lady Laurier.

**Must Answer Murder Charge**  
EDMONTON, Alb., June 6.—William Oscar King, under sentence for horse-stealing in trial for his life today before Judge Scott of the Supreme court. King is charged with murdering Joseph Kendall, on the Millett trail last year. Kendall was in company with King one day on the trail and has not been seen since. King was on his way to stand trial last summer for horse stealing when he told the mounted police he could show where the body of a murdered man lay. The police were taking him to the place when he escaped. He was recently apprehended. The police were suspicious of King's story of the hidden body and investigated with the result that they have laid a charge against King.

The Kaslo Kootenai is urging the necessity of placing a government launch in commission at Kaslo for the use of the provincial police, fire wardens, etc.

### PAYS VISIT TO AGED STATESMAN

LONDON, June 6.—His Majesty paid a visit to the Hon. Joseph Chamberlain on Saturday last. The visit was of considerable duration, the King dining with the aged statesman.

### No Word of Plot

LONDON, June 6.—The Japanese embassy here has received no information of the reported anarchistic plot against the home government.

### Ministers Leave for London

OTTAWA, June 6.—Hon. W. S. Fielding, minister of finance, and Hon. William Patterson, minister of customs, leave on Friday by the Virginian, for Liverpool. The ministers are members of the Imperial West India Preferential Trade Commission which will conclude its labors in London this month and make its report to the governments concerned.

### Carried Off By Wild Man

WABIGOON, Ont., June 6.—That he was abducted bodily by a demented trapper is the latest theory concerning the disappearance of Walpole Roland, the eighty-year-old prospector, who has been missing now for three weeks. One of the search parties report that a wild man, believed to be a demented trapper named Miller, is roaming around the shores of lower Manitow Lake, where the unfortunate prospector disappeared. He lives on raw flesh and runs away upon the approach of anybody. The provincial police are investigating the report.

## LUNGS NECESSARY LEARNING NOT

New York Fire Chief Inveighs  
Against Practice of Admit-  
ting Men by Civil Service  
Examination

NEW YORK, June 6.—The New York fire department widely lauded as the best in the world, is only forty per cent. efficient in the opinion of its chief. Two firemen were smothered early this morning in a down town warehouse blaze, and Chief Croker's sorrow at the loss was blended with anger over the manner in which the loss came to pass.

"There was panic in that fire," he said, "and I want it known that the majority of the men fighting that fire were young civil service firemen. When they got into the thick of the smoke, their lungs could not stand the strain. They got frightened, dropped the hose and ran. It was not much of a fire at that."

### REGULATING EXPLOSIVES

Expert Appointed by Ottawa Department to Inspect Plants Throughout Dominion.

OTTAWA, June 6.—With a view to carrying into effect the announcement of Hon. Mr. Thompson, minister of mines, to the effect that an act was to be passed next session regulating the manufacture and traffic in explosives in Canada, the department of mines has appointed an Ottawa expert to investigate explosive conditions here and invited the British Government to send another. Mr. Joseph G. Hudson, a well known local mining engineer, has been appointed to visit all plants where explosives are manufactured and stored. He will personally inspect every plant in the Dominion with a view to ascertaining just what is the liability to danger in handling and storage, and what method seems to be best.

**New Governor Sworn In**  
CHARLOTTETOWN, P. E. I., June 6.—Lieut. Governor Rogers was sworn in today, the oath being administered by R. B. Boudreau, clerk of the privy council.

**Keeping Chieftain's Memory Green**  
OTTAWA, June 6.—Mr. R. L. Borden, assisted by other prominent Conservatives decorated the statue of the late Sir John Macdonald on the occasion of the nineteenth anniversary of his death.

**Ship's Brake Unusable**  
WASHINGTON, June 6.—Although it was demonstrated by a practical trial on the battleship Indiana that what is known as the "ship brake" will undoubtedly stop a vessel in somewhat less time than where it is not employed, the device has been found unsuitable for naval use.

The naval board which conducted the test holds that the brake, which resembles a barn door on either side of the ship, would soon become clogged with barnacles unless constantly employed. It would also increase the danger from torpedo attack; be a grave menace in close evolutions, and retard a ship's speed.

### THE PREMIER'S TRIP

OTTAWA, June 6.—Sir Wilfrid Laurier leaves for his western trip on July 9th, and speaks at Port William, Ont., July 9th.

## HUGE RESERVE IS DECLARED

Entire Eastern Slope of the  
Rockies From Boundary to  
Fifty-Fourth Parallel With-  
drawn for Settlement

### FOR CONSERVATION OF NATURAL RESOURCES

To Be Administered With View  
to Proper Utilization of the  
Forest and Protection of  
Water Supply

OTTAWA, June 6.—The entire slope of the Rocky Mountains from the international boundary line northward to a short distance short of the 54th parallel of north latitude is now reserved from settlement or occupation and will be administered entirely with a view to the proper utilization and reproduction of the forest, the protection of the water supply of the prairie provinces and other related objects. Such is the effect of an order-in-council just passed.

The total area of the district now reserved from settlement along the eastern slope of the Rockies in Canada is about 14,400 miles. Adjoining this to the south is an area of 14,000 square miles similarly reserved by the United States government, known as the Glacier National Park. Of the area reserved in Canada, Rocky Mountain Park area, 4,500 square miles, Jasper Forest Park, area 5,000 square miles, and Waterton Lake Park, 4,900 square miles, have been reserved for some time. The area is thus about reserve for the first time now put under the reserve is 14,000 acres. The entire area is 14,000 square miles.

**Its Boundaries**  
The most northerly boundary of the reserve is situated about forty and fifty miles north of the latitudes of Edmonton and about a hundred miles north of Yellowhead Pass, the westerly boundary of the reserve is the boundary between the province of Alberta and British Columbia. The crest of the Rockies and the eastern boundary is an irregular line fixed by the order. The width of the strip set aside varies from ten to thirty miles from the base of the mountain to the latitude of Calgary, and from there the strip widens out to from thirty to fifty miles or so, continuing almost to the northernmost boundary.

The lands included in the tract are the most elevated and rocky and generally not suited for agriculture. They are, however, covered to a large extent by a forest which is of great value for the supply of wood and lumber to the prairie country lying eastward from the base of the mountains, and for the protection of the services of the main streams of the great west.

**Scope of Order**  
On the additional 48,800 square miles just reserved, the effect of the reservation will be to withdraw the land from homestead entry or sale and the timber from disposal under licence. It is not intended, however, to withdraw the resources of the area from use, as the use of the timber, minerals, stone and other building materials, under certain specified restrictions, will not only be allowed, but encouraged. For hunting and trapping, it will be necessary to have a permit. The reserve will be under the administration of the forestry branch of the Department of the Interior.

### NOT A GROUCH SAYS JIM JEFFRIES

BEN LOMOND, Cal., June 6.—Jim Jeffries is not a grouch. The big fellow says so himself. It cropped out in a chat with correspondents yesterday that Jeffries resents being characterized as a bear, gorilla or other representatives of the fabled kingdom reputed to be "It is kind of mean the way I'm being held up as a sour tempered fellow," he said. "I don't think I'm anything of the kind."

**Not An Exception**  
"People don't stop to think what I've been up against. What against? What stomach disarranged by the strain of taking off surplus weight and the stiffness and aches which attend special training. I guess I haven't been the pleasantest fellow in the world, but I don't think I've been any worse than any other man would have been under the circumstances."

**Dr. Goldwin Smith's Condition**  
TORONTO, June 6.—Dr. Goldwin Smith's condition was slightly worse today.

**Had Hard Trip**  
PORT TOWNSEND, June 6.—The schooner Aloha, Capt. Welknecht, arrived yesterday, twenty-five days from Redondo, for orders. The vessel is badly damaged about the stern as the result of a collision while in port at Redondo. A hard passage north is reported, head winds and adverse conditions prevailing throughout. Schooner Aloha is disengaged.

**Meals for School Children**  
LONDON, June 6.—The Act enabling local education authorities in England to provide meals for children was carried out last year at a cost to the rates of £211,400. Voluntary contributions amounted to \$8,955 and the money contributed by or received from parents was \$1,475, making total expenditure of \$225,540. The total number of children fed was 118,800 and the number of meals supplied was 7,198,297.

**Montreal Defeats Cornwall**  
CORNWALL, Ont., June 6.—Cornwall and Montreal crossed sticks at the factory town Saturday. The champion brought up quite a large crowd of their admirers on their special and the home team were not lacking of supporters, who turned out in large numbers to see them perform. The score at half time was: Montreal, 4; Cornwall, 3. Final score: Montreal, 5; Cornwall, 3.

## Fancy Table Linens Are Interesting to June Brides

June is here! The month of roses, of blue skies, of picnics and of Brides. It is to the latter that we appeal today, for the bride-to-be generally finds dainty table damasks an interesting subject, because they will materially contribute to the beauty and refinement of her new home. This department of ours is fairly bubbling over with tempting plain and fancy linens at tempting prices, a few of which we herewith append:
