

Crushed Coffee— what it is

By a process of crushing between steel rollers, instead of grinding, the skin, which remains in the eye of the bean after roasting, is separated from the kernel and removed by air suction, while the kernel is broken into small even grains. These grains when steeped, being free of the skin or chaff, settle quickly, leaving the liquid clear and bright, and give the true coffee flavor.

Estabrook's Red Rose crushed Coffee is as easy to make as Red Rose Tea. Directions are in each tin.

HAZEN SETTLEMENT
This tract of country is situated on the International Line about 75 miles from here. A large portion has been surveyed and every acre understood has been taken up and all by French people. Such a large number of applications have been received for homesteads that it is most likely another survey will require to be made, and as the advantages become wider known it is expected that another big rush will be seen from the neighboring districts further west. Another settlement to be named Grimmer Settlement, 90 miles from here will soon be ready for allocation and there are others to follow. With the facilities for transport we now have, there should be no difficulty in finding a market for all our commodities.

Delicious Doughnuts

Good doughnuts are good food. Made from the right flour they are not only a delicious treat but the combination of right flour with fat is distinctly nourishing. You see I put special emphasis on right flour. For it is very important. It means the difference between light, flaky, crumbly doughnuts that melt in your mouth and are easy to digest, and tough, rubbery greasy wads of dough, heavy, soggy, indigestible. Try making doughnuts from

"Royal Household" Flour

Notice how rich, soft, and flaky they are. And the reason is that "ROYAL HOUSEHOLD" being richer in high quality gluten than ordinary flour resists the absorption of too much fat in cooking. It doesn't get rubbery, makes a lighter dough, absorbs just enough of the fat for nourishment, but not enough for indigestion. The absolute uniformity of "Royal Household" enables you to get the same splendid results every time both in Bread and Pastry.

Try "Royal Household". Find out for yourself. All grocers sell it or can get it on short notice.
