A YOUNG GIRL RESCUED FROM AN EARLY GRAVE.

Pale, Listless and Weak, the Victim of a Hacking Cough, She Was Apparently Going into a Rapid Decline—A Case of Deep Interest to Every Mother in the Land.

From the Cornwall Standard.

It is now a common thing in this locality to hear people acknowledge the wonderful benefit they have derived from the use of Dr. Williams' Pink Pills, and it is not to be wondered at that the druggists find the sale of this remarkable medicine so large, and yet constantly increasing. We could give any number of instances of splendid results following the use of Pink Pills, but so many of these are well known to many of our readers as to not need recapitulation. However, now and again a case of more than usual interest arises, and we will give the particulars of one of these for the benefit of the public at large. Some years ago, a young girl of fourteen, a daughter of Mr. Leon Dore, a well known and respected resident of Cornwall, began to show serious symptoms, and caused her mother great anxiety. She was just at the critical period of her life, and medical aid was called in and everything done to help her. But it appeared to be useless, and week after week she continued to grow worse,

"Was merely a shadow of her former self."

until it was evident she was fast going into a decline. A hacking cough set in, and the poor girl, who was formerly plump and healthy looking, with bright rosy cheeks, began to waste away and in a few weeks was merely a shadow of her former self. Her mother had about lost all hope of saving the young girl's life, the doctors being apparently unable to do anything to check the ravages of the mysterious disease. At length, the mother's attention was directed to Dr. Williams' Pink Pills, and she decided to give them a trial. A box was taken, and, as the girl did not show any visible signs of improvement, her mother was on the point of discontinuing the medicine when a neighbor

persuaded her that a single box was not a fair trial and induced her to continue the Pills. By the time a second box was completed there was some improvement noticeable, and there was joy in that small household, and no more persuasion was needed to continue the treatment. The use of Pink Pills was then continued for some months, by which time the young girl had completely recovered her health and strength. To-day, she is the very picture of health, and the color in her cheeks is as bright as it was before her illness commenced. To those who saw her during the days of her illness and suffering, her recovery is little short of a miracle. Mrs. Dore freely gave the *Standard* reporter permission to publish an account of her daughter's illness and recovery. She said she could not find words strong enough to express her gratitude for the miraculous cure this great life saving medicine had effected in her daughter's case, and she hoped her testimony might be the means of leading others similarly afflicted to give them a trial.

After writing the above, the reporter again called on Mrs. Dore and read it to her, asking her if it was entirely correct. She replied that she would like to give even stronger expression to her appreciation of this wonderful medicine. She further said that Pink Pills had greatly helped herself. She had been suffering from the effects of an attack of la grippe, and the Pink Pills had restored her to health. Her daughter also expressed her gratitude for the extraordinary change this medicine had wrought in her health.

In the case of young girls who are pale or sallow listless troubled with a fluttering or palpitation of the heart, weak and easily tired, no time should be lost in taking a course of Dr. Williams' Pink Pills, which will speedily enrich the blood and bring a rosy glow of health to the cheeks. These pills are a positive cure for all troubles arising from a vitiated condition of the blood or a shattered nervous system. They are a specific for troubles peculiar to females, correcting suppressions, irregularities and all forms of weakness.

Manufactured by the Dr. Williams' Medicine Co., Brockville, Ont., and Schenectady, N. Y., and sold in boxes (never in loose form by the dozen or hundred) at 50 cents a box, or six boxes for \$2.50. May be had of all druggists or direct by mail from Dr. Williams' Medicine Company at either address.

It is a greater thing to maintain a brave and self-respecting influence than to defend one's self to no purpose.
