From the above Directory it will be seen that we have now in this college sixty-six (66) students in attendance on lectures, in the regular course for students for the Ministry. Fifteen of these are new students and two more are expected later on. Besides these, three are noted as following special courses, namely, Mr. J. A. Macfarlane, B.A. (1885), (Editor-in-chief, who is both teaching in the High School, Montreal, and pursuing special literary subjects; and Mr. A. B. Clement (1st year Theol.) and Mr. S. A. A. Thomas who are devoting their whole time this session to medical studies, which they began last year and which they turned to good account last summer in the French mission field. Mr. J. F. Higgins, B.A. (McGill '85), has gone to Toronto to study Philosophy with Professor Young, but expects to resume his work here next session; Mr. G. A. Berwick of Farnham, Q., returned home a few weeks ago; and the following students of last year are engaged in teaching:—Messrs. J. J. Forbes, S. F. McCusker, and J. J. Milne.
