

CARBOLIC SMOKE BALL.

CATARRH, ASTHMA, BRONCHITIS, NEURALGIA, HEADACHE, CROUP, SORE THROAT, EYES, EARS, ETC.

This CARBOLIC SMOKE disinfects the poison in the mucous membrane of the head, throat, bronchial tubes and lungs, upon the same principle as Carbolic Acid would act upon the diseased and poisonous air arising from a patient in a sick room. It is perfectly harmless, eating up the poison that causes the disease.

It is put up in "Little Balls" that can be used at home, or on the street, in the office or counting-room, with perfect ease.

TRENTON, ONT., May 19, 1887.

The Smoke Ball I procured from you has done me a great deal of good. It has removed those most excruciating pains I was afflicted with—located between the eyebrows and the hawking and unpleasant discharge of mucus has almost entirely ceased. I feel assured it will effect a permanent cure. Yours truly, G. W. OSTROM, M.P.P.

HOT WATER HEATING.

RECENT TESTIMONIAL.

Toronto, April 16th, 1887.

Messrs. E. & C. Gurney Co., Toronto: GENTLEMEN,—It affords me pleasure to bear testimony to the satisfaction given by your No. 33 Hot Water Furnace, placed in my house last November. My wife joins me in saying the house has never been so comfortably heated as since the introduction of your furnace. Several other styles of furnaces were pressed upon my notice, but, having decided on yours, I am pleased to say I have no occasion to regret the choice I made. It has proved to be a good furnace, easily cleaned and kept going. Any ordinary domestics can attend to it.

Yours very truly, (Signed), THOS. DAVIES.
