

The Lang Packing and Provision Co., Montreal, have ordered a new boiler from E. Leonard & Son, London, Ont.

John Dovey, Lindsay, Ont., is building a new saw and shingle mill in Haliburton. F. J. Drake, of Belleville, is supplying the machinery.

The Richelieu and Ontario Navigation Company have bought a 50 h.p. Robb-Armstrong engine for their electric plant on the S.S. Canada.

George V. Clark, Lost Creek, Ont., is building a new saw and shingle mill. The machinery is being supplied by F. J. Drake, of Belleville, Ont.

Tenders are invited by the Halifax, N. S., Board of Works until the 26th March for the supply of about 2,500 barrels cement. Address Wm. F. Reilley, assistant clerk of city works.

At a meeting of the hardware manufacturing trade, held in Montreal a few days ago, the following resolution was adopted: "That it is desirable that all firms in the Province of Quebec doing business at wholesale in shelf and heavy hardware, or as agents of Canadian or foreign manufacturers of these goods, and the manufacturers of pig iron, and rolling mills, iron foundries and iron workers should form themselves into a branch association of the Montreal Board of Trade, under the title of the Metal and Hardware Association, in order to take counsel together in regard to matters pertaining to the conducting of this branch of the business." A committee was also appointed to draft a constitution and by-laws for the new association.

James Shearer, Montreal, Que., is remodelling his saw mill and putting in a new Lane pattern mill, manufactured by the Jencks Machine Co., of Sherbrooke, Que.

Messrs. Pelletier, Pruneau & Co., Montreal, have placed a 40 h.p. Monarch Economic boiler in their furniture factory. It was bought through W. H. Nolan, magr. of Canada Machinery Agency.

Mr. John Forman, Montreal, has secured the agency for the Dominion for Crompton & Co., Electrical Engineers, London, England; also for Messrs. Willans & Robinson, Thames Ditton, England, manufacturers of the celebrated Willans patent engine.

The Slingsby Manufacturing Company, Brantford, Ont., manufacturers of woolen goods, capacity, six sets of cards and 18 looms, have lately put in new machinery, consisting of four sets of cards, three sets being Davis & Furber's and one Jas. Smith's, all 60 inch; four Davis & Furber mules, nine Knowles looms, one Davis & Furber napper and other finishing machinery; also a 150 horse-power water wheel. Four sets of machinery are operated at the present time, and as soon as the work which is now in progress at the dam is finished, the entire machinery will be operated. The main mill, which was recently built, is a fine brick structure 90x54 feet, and three stories high. The finishing department is 90x30 feet and three stories high. There is also a dye house and a fine office and sample room. The entire plant is fitted up with all the modern improvements. John Slingsby is superintendent.

Emery Wheels AND MACHINERY

Standard Emery Wheel Co., Albany, N.Y.

THE GRIFFIN MILL

The Only Perfect Pulverizer

OF
QUARTZ,
GOLD
OR SILVER
ORES,
PLUMBAGO,
PORTLAND
CEMENT,

OF
PHOSPHATE
ROCK,
FOUNDRY
FACINGS,
And All Other
Refractory
Substances.

Will work either wet or dry, and deliver a finished product. Capacity, 3 to 4 tons per hour on Phosphate Rock, 1½ to 2 tons per hour on Portland Cement, Quartz or Ores, depending on hardness of material to be pulverized and fineness of product. Grinds from 30 to 250 Mesh with equal facility.

NO JOURNALS IN GRINDING CHAMBER. BALL RIGID ON SHAFT HAVING DIRECT POSITIVE ACTION ON MATERIAL. MINIMUM POWER PRODUCES MAXIMUM AMOUNT OF PRODUCT. IT IS ABSOLUTELY GUARANTEED IN EVERY RESPECT, BOTH AS TO CONSTRUCTION AND CAPACITY. FIRST COST, WEAR, AND OPERATING EXPENSE MUCH LESS THAN STAMP MILLS. LARGE NUMBER OF MILLS IN USE ON DIFFERENT MATERIALS WITH POSITIVE SUCCESS IN EVERY INSTANCE.
