SPECIAL!

Clinics in Your Office

Section of MOVIEGRAPH FILM.

Here's a neglected part of our profession that can now add 50 per cent to the income of the average practitioner—no matter where located—without expensive equipment!

An Iowa practitioner worked out a System that is revolutionizing Refracting—placing it on a basis of importance and remuneration next to surgery; takes but little time and doesn't interfere with other practice.

Determined that this System be placed where it belongs—with general practitioners—neither time nor expense was spared in preparing a wonderfully practical HOME P-G COURSE IN REFRACTION (University of Chicago Plan) with MOVIEGRAPH CLINICS—showing pictures and text simultaneously enabling you to see in your own office this Expert conducting Clinics, refracting old and young while details are explained so clearly that Principles and Technique are mastered in spare moments of the busiest doctor.

A System that is simple, rapid, accurate; with which more may be earned in half an hour than in half a day making calls.

Only a nominal sum, covering expenses, is asked and an Absolute Guarantee given. Must Be and Do all claimed. Professional and Bank references.

FREE THIS MONTH

A Refractometer (takes place of expensive outfit, doing away with the ordinary, slow, tedious, annoying, inaccurate Trial Case method) will be presented to each M.D. who enrolls this month.

Sign and mail Coupon direct to the doctor. Do it Now, or the opportunity may go to another in your territory.
