 free. STINSON & Co.,
 Portland, Maine.

WHAT PAYS P

IT PAYS every MANUFACTURER, MERCHANT, ME-
 CHANIC, INVENTOR, FARMER, or PROFESSIONAL MAN,
 to keep informed on all the improvements and discoveries
 of the age.

IT PAYS THE HEAD OF EVERY FAMILY to introduce
 into his household a newspaper that is instructive, one
 that fosters a taste for investigation, and promotes thought
 and encourages discussion among the members.

The Scientific American

which has been published weekly for the last thirty-one
 years, does this, to an extent beyond that of any other
 publication; in fact it is the only weekly paper published
 in the United States devoted to MANUFACTURES, ME-
 CHANICS, INVENTIONS and NEW DISCOVERIES in the Arts
 and Sciences.

Every number is profusely illustrated and its contents
 embrace the latest and most interesting information per-
 taining to the Industrial, Mechanical, and Scientific Pro-
 gress of the World; Descriptions, with Beautiful Engrav-
 ings of New Inventions, New Implements, New Process-
 es, and Improved Industries of all kinds; Useful Notes,
 Recipes, Suggestions and advice by practical writers, for
 workmen and employes in all the various arts, forming a
 complete repertory of New Inventions and Discoveries,
 containing a weekly record, not only of the progress of the
 Industrial Arts in our own country, but also of all New
 Discoveries and Inventions in every branch of Engineer-
 ing, Mechanics, and Science abroad.

THE SCIENTIFIC AMERICAN has
 been the foremost of all industrial publications for the past
 thirty-one years. It is the **oldest, largest, cheap-**
est, and the best weekly illustrated paper devoted to
 Engineering, Mechanics, Chemistry, New Inventions,
 Science and Industrial Progress published in the world.

The practical Recipes are well worth ten times the sub-
 scription price, and for the shop and house will save
 many times the cost of subscription.

Merchants, Farmers, Mechanics, En-
gineers, Inventors, Manufacturers, Cho-
emists, Lovers of Science, and People of all
Professions, will find the SCIENTIFIC AMERICAN
 useful to them. It should have a place in every Family,
 Library, Study, Office and Counting Room; in every
 Reading Room, College and School. A new volume com-
 mences January 1st, 1877.

A year's numbers contain 832 pages and SEVERAL
 HUNDRED ENGRAVINGS. Thousands of volumes are pre-
 served for binding and reference. Terms, \$3.20 a year by
 mail, including postage. Discount to Clubs. Special
 circulars, giving Club rates, sent free. Single copies
 mailed on receipt of 10 cents. May be had of all News
 Dealers.

Patents. In connection with the SCIENTI-
 FIC AMERICAN, Messrs. MUNN
 & Co. are solicitors of American and Foreign Patents,
 and have the largest establishment in the world. More
 than fifty thousand applications have been made for pa-
 tents through their agency.

Patents are obtained on the best terms. Models of New
 Inventions and Sketches examined, and advice free. A
 special notice is made in the SCIENTIFIC AMERICAN
 of all Inventions Patented through this Agency, with the
 name and residence of the Patentee. Patents are often
 sold in part or whole, to persons attracted to the invention
 by such notice. A pamphlet, containing full directions
 for obtaining Patents sent free. The Scientific American
 Reference Book, a volume bound in cloth and gilt, con-
 taining the Patent Laws, Census of the United States, and
 42 Engravings of mechanical movements. Price 25 cts.
 Address for the paper or concerning Patents, MUNN
 AND CO., 37 Park Row, New York, Branch Office, cor.
 B and 7th Sts., Washington, D. C.
