Never Failing Remedy!
HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES
AFTER TEN YEARS SUFFERING.
Copy of a Letter from Mr. Thompson, Chemist,
Liverpool, dated August 20th 1852.

To Professor HOLLOWAY,
DEAR SIR,—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About ten years ago, Mr. Wm. Cummins, of Saltney Street, in this town, was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly ten years; recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.
(Signed) J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr. Hird, Draper of Keady near Gainsbro', dated March 1st., 1852.

To Professor HOLLOWAY,
SIR,—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by persevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health. I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines, she would have been saved also. I shall be happy to testify the truth of this to any enquirer.
(Signed) J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS, DEBILITY AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. J. M. Clennell, of Newcastle-on-Tyne, dated Sept. 20th, 1852.

To Professor HOLLOWAY,
DEAR SIR,—I am authorised by Mrs. Gibbon, of 31, Bailey Street, in this town, to inform you that for a considerable period she had been a sufferer from debility, and general ill health, accompanied with a disordered stomach, and great derangement of the system. In addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work.—In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderful short time, they effected a perfect cure of her legs, and restored her condition to health and strength; and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.
I remain, dear Sir, yours faithfully,
(Signed) JOHN M. CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG.

Copy of a Letter from Messrs. Walker & Co., Chemists, Bath.

To Professor HOLLOWAY,
DEAR SIR,—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about five miles from this City. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon an old person, she being about 70 years of age. We shall be happy to satisfy any enquirer as to the authenticity of this really wonderful case, either personally or by letter.

A private in the Bath Police Force, also, has been perfectly cured of an old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise.
We remain, dear Sir, yours faithfully,
(Signed) WALKER & Co.

AYER'S CHERRY PECTORAL.

For the Cure of Coughs, Colds, Hoarseness, Bronchitis, Whooping-Cough, Croup, Asthma, and Consumption.

In offering to the community this justly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men and some of the evidences of its success, from which they can judge for themselves. We sincerely pledge ourselves to make no wild assertions or false statements of its efficacy, nor will we hold out any hope to suffering humanity which facts will not warrant.
Many proofs are here given, and we solicit an inquiry from the public into all we publish, feeling assured they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.

From the distinguished Professor of Chemistry and Materia Medica, Bowdoin College.

Dear Sir:—I delayed answering the receipt of your preparation, until I had an opportunity of witnessing its effects in my own family, or in the families of my friends. This I have now done with a high degree of satisfaction, in cases of both adults and children.
I have found it, as its ingredients show, a powerful remedy for colds, and coughs, and pulmonary diseases.
PARKER CLEVELAND, M.D.
BRUNSWICK, ME., Feb. 5, 1847.

Lowell, Aug. 10, 1849.
Dr. J. C. Ayer: I have been cured of the worst cough ever had in my life, by your "CHERRY PECTORAL," and never fail, when I have an opportunity, of recommending it to others.
Yours respectfully,
S. D. EMERSON.

Read the following, and see if this medicine is worth a trial. This patient had become very feeble, and the effects of the medicine was unmistakably distinct:—
UNION STATES HOTEL, SARATOGA SPRINGS, July 5, 1849.

Dr. J. C. Ayer.—Sir: I have been afflicted with a painful affection of the lungs, and all the symptoms of settled consumption, for more than a year. I could find no medicine that would reach my case, until I commenced the use of your "CHERRY PECTORAL," which gave me gradual relief, and I have been steadily gaining my strength till my health is well nigh restored.
While using your medicine, I had the gratification of curing with it my reverend friend, Mr. Truman, of Sumner District, who had been suspended from his parochial duties by a severe attack of bronchitis.
I have the pleasure in certifying these facts to you, and am, sir, yours respectfully,
J. F. CALHOUN, of S. Carolina.
Charleston, Pa., Aug. 25, 1846.

J. C. Ayer.—Sir: I was taken with a terrible cough brought on by a cold, in the beginning of last February, and was confined to my bed more than two months. Coughing incessantly night and day, I became ghastly and pale, my eyes were sunken and glassy, and my breath very short. Indeed, I was rapidly falling, and in such distress for breath, that but little hope of my recovery could be entertained. While in this situation, a friend of mine, (the Rev. John Letter, of the Methodist church) brought me a bottle of your CHERRY PECTORAL, which I tried more to gratify him, than from any expectation of obtaining relief. Its good effect induced me to continue its use, and I soon found my health much improved. Now in three months I am well and strong, and can attribute my cure only to your great medicine.
With the deepest gratitude, yours, c.

MR. CHARLES RAIN, SURGEON DENTIST,

BEGS to acquaint his numerous friends, and the public generally, that he has just returned from New York, where he has been spending some time with Professor John Allen, of the College of Dental Surgeons, Cincinnati, from whom he has been acquiring a knowledge of the late great improvement in Dentistry, viz: that of uniting single teeth to each other and to the plate upon which they are set, by means of a fusible silicious cement, which is flowed in and around the base of the teeth upon the plate in such a manner, as to form a continuous artificial gum. By this method the cavities between the teeth, which are unavoidable in the old style, are completely filled up leaving no chance for secretions of any kind, and giving a perfectly natural and life-like appearance to the gum and teeth.
Specimens may be seen at his Office, on the corner of Bay and Melinda Streets. Office Hours from 9 a. m. to 6 p. m.

Terms—Cash—without exception.
This important improvement has been patented by Dr. Allen in the United States, and steps have been taken to procure Patents in England and France. Dr. A. has authorized Mr. Rhan to give instructions in this beautiful art to educated gentlemen in the profession, on moderate terms.

N.B.—Mr. R. offers a friendly challenge to all the Dentists of British North America to compete with him at the approaching Provincial Exhibition, for a Gold Medal, value £12 10s. to be left to the judgment of the Professors of Toronto University, and of Trinity College.
