## Mercantile Summary

Mr. C. E. COLSON, of Montreal, formerly of the wholesale grocery house of Converse, Colson & Lamb, in that city, died on Monday last of an affection of the heart.

It is now reported that the Kingston locomotive works have been bought in the name of Hon. Mr. Harty, for \$75,000, and that they are to be started up immediately.

WM. CHAPLIN's saw factory, at St. Catharines, has been destroyed by fire. '005'tz\$ jo aouainsu! uim '000's9\$ 'ss07 Alexander MacLaren's lumber mill, in Montreal, has also been burned, with a loss of \$60,000, fairly covered by insurance.

THE total expenditure of the Toronto Works Department, in 1899, as shown in the Engineer's annual report, is \$1,110,807, including water-works, or 15½ per cent, more than in 1898. The amount spent for pavements was \$441,783; for concrete sidewalks, \$32,892; for brick sidewalks, \$1,945; for plank sidewalks, \$46,353; for sewers, \$8,496.

PARSONS & SMITH's oil warehouse, at Ottawa, was a few days ago burned to the ground. Loss, \$5,000; insurance, \$2,000. Another fire this week was at Richardson's cheese factory, near Gananoque, where the loss was \$3,000, with an insurance of about half that amount. McAllister's sawmill, at Guelph, has also been burned.

THE total number of sea-going vessels arriving at the port of Montreal up to the end of October, this year, was 656, with a total tonnage of 1,360,344. Last year the total number of vessels was 746, and the tonnage 1,418,876. Still larger again were the figures for 1898, which were: Total number of vessels for the first six months, 799; total tonnage, 1,453,537.

THE Messrs. Elder-Dempster & Company have just contracted for three new steamers for the firm's Canadian trade, to run under their Beaver Line flag. The ships will be of the twin-screw type, having a cargo capacity of 19,000 tons, and of comparatively light draught, for St. Lawrence navigation. This is only a portion of the immense shipbuilding programme which Messrs. Elder, Dempster, & Co. are said to have in view.

A VANCOUVER news-item reads as follows: A steamer arriving here brings word of the sea otter fleet. It is reported that the catch this year will be the largest for many seasons. A number of schooners belonging to the Alaskan Commercial Company and other companies were boarded near Kadiak. One of the schooners had 35 otter skins, another, 12, and many others reported good catches. The schooner having 35 otter skins has a small fortune in her hold, when it is considered that these skins sell all the way from \$700 to \$1,000, and sometimes as high as \$1,500, according to size and quality.
