3. Those points at which preference exists are indicated by an asterisk. Facilities meeting the standards of Annex A will be placed into operation as of the date of the opening of the Montreal Airport for international traffic. Except as waived by the inspection agencies concerned, facilities meeting standards of Annex A will be introduced at all other existing points in accordance with schedules to be agreed upon by the Parties. In accordance with Article II (c) as such time as traffic facilities are acceptable facilities are available. Preference will be introduced at all points at the request of either Party. Such agreement shall contain specific provisions for cost of construction of facilities. The inspection Party will make available to the other Party, within 15 months of the date of the opening of the Montreal Airport, all information and documents relating to the facilities at such points. The inspection Party will make available to the other Party, within 15 months of the date of the opening of the Montreal Airport, all information and documents relating to the facilities at such points. The inspection Party will make available to the other Party, within 15 months of the date of the opening of the Montreal Airport, all information and documents relating to the facilities at such points.
