

6. The Parties may, if appropriate and subject to terms and conditions to be agreed upon, collaborate on safety and regulatory aspects of the production of nuclear energy including (a) exchange of information and (b) technical cooperation and training.

7. A Party shall not use the provisions of this Agreement for the purpose of securing commercial advantage or for the purpose of interfering with the commercial relations of the other Party.

#### ARTICLE IV

1. Nuclear material, material, equipment and technology (hereinafter referred to as "items") contained in Annex A shall be subject to this Agreement unless otherwise agreed by the Parties.

2. Items other than those covered by Paragraph (1) of this Article shall be subject to this Agreement when the Parties have so agreed in writing.

3. The appropriate governmental authorities of both Parties shall establish notification and other administrative procedures in order to implement the provisions of this Article.

#### ARTICLE V

1. Items subject to this Agreement shall be transferred from the territory of either Party to this Agreement to a third party only when agreed in writing prior to the transfer. An agreement concerning the application of this provision may be established by the Parties.

2. Nuclear material subject to this Agreement shall be enriched to twenty (20) percent or more in the isotope U 235 or reprocessed only when agreed in writing prior to enrichment or reprocessing. Such agreement shall include the conditions under which the resultant plutonium or uranium enriched to twenty (20) percent or more may be stored and used. An agreement concerning the application of this provision may be established by the Parties.

#### ARTICLE VI

1. Items subject to this Agreement shall not be used to manufacture or otherwise acquire nuclear weapons or other nuclear explosive devices.

2. The Parties declare that the use, development or application of nuclear energy for peaceful purposes shall not include the development, manufacture, acquisition or detonation of nuclear explosive devices.

3. With respect to nuclear material, the commitment contained in Paragraph 1. of this Article shall be verified pursuant to the Safeguards Agreements between Canada and the International Atomic Energy Agency in connection with the NPT, and between Colombia and the International Atomic Energy Agency in connection
