

ERRATUM.

In the report of the Debate, in Committee of Supply, on item 77, \$30,000 for pay and maintenance of Dominion Force in Manitoba, page 722, second column, and between the third and fourth paragraphs, the following remarks of Hon. Mr. Tupper were accidentally omitted :—

Hon. Mr. TUPPER said the present Government, by issuing advertisements to the effect that those who enlisted and served for two years would be entitled to 160 acres of land, and drawing no distinction between those who enlisted for the first time and those who rejoined, were guilty of getting men to serve under false pretences.
