

Mr. Dinsdale: I believe there has been some difficulty in obtaining schedule D, the application form which is necessary to make this particular section operative.

Mr. Winters: I will look into that. I am not aware of any difficulty.

NATIONAL DEFENCE

RADAR DEFENCE LINES—AVAILABILITY OF CANADIAN FREIGHT AIRCRAFT

On the orders of the day:

Mr. John B. Hamilton (York West): Can the Minister of National Defence inform the house whether Canadian air carriers have sufficient freight aircraft of Canadian registry available to handle the airlift required in the construction of the D.E.W. line and the McGill fence?

Hon. R. O. Campney (Minister of National Defence): I cannot answer that question off-hand. I shall take it as notice.

PRIVATE BILLS

PROCEDURE WITH RESPECT TO DIVORCE BILLS

Mr. Speaker: There are several divorce bills on the order paper. Shall they all be taken in one motion?

Mr. Stanley Knowles (Winnipeg North Centre): Mr. Speaker, before you put the question on this motion for these 26 divorce bills I would like to say a brief word with respect to them.

Mr. Speaker: At the moment I am merely asking if it is the wish of hon. members to have all these bills moved in one motion for second reading. If there is not consent to do so I shall have to take them one by one. But if it is agreeable that they all be taken in one motion then I would like to know. Is it agreed?

Some hon. Members: Agreed.

Mr. Speaker: Is it the pleasure of the house to adopt the motion?

Mr. Stanley Knowles (Winnipeg North Centre): Mr. Speaker, there can be no question but that the procedure you asked me to follow was perfectly correct, but I did not want to run any risk of not being heard before this motion is put and carried.

This is private members' day, and when we get to private members' resolutions I believe that one in my name may be called. Obviously, therefore, I am not going to spend very much time on this motion for the approval of the 26 divorces which are on today's order paper.
