

Hon. Sir *Alexander Galt*—On Tuesday next—The following Resolutions :—

Resolved—

That this House recognizes in the fullest manner the importance to the cause of Peace and civilization, of the settlement of all questions in dispute between Great Britain and the United States. And, in the especial interests of Canada will rejoice to find the result of the Joint High Commission productive of cordial and lasting friendship between the two nations.

That this House regards the control and disposal of the inshore Fisheries and the navigation of the inland waters of the Dominion as specially within the powers conveyed to the Parliament of Canada under the British North America Act. And will view with the utmost concern and apprehension any proposal to alter or diminish the just rights of the Dominion, in these respects, without their consent.

That this House has always been, and now is, prepared to concede the most free and unrestricted use of the Fisheries and Inland Navigation to the United States upon receiving as an equivalent therefor complete compensation in modification of the United States Commercial system, directed to the more free and liberal interchange of the products of labor in the two countries.

That the Concession to the United States of the freedom of the Fisheries and of the St. Lawrence without such compensation would place Canada in a most disadvantageous position for future negotiation by depriving her of the means of offering any adequate equivalent for those concessions she is desirous of obtaining from that nation.

That the House willingly consents to the consideration by the Joint High Commission of all subjects in which Canada is concerned with the United States. And will cheerfully make any sacrifices that may be required at their hands in the interest of the Empire, so far as they do not compromise the national interests and security of this country, and directly tend to their undue subordination to the United States in the future.
