

January
Twenty-fifth
1922.

Rt. Hon. Lord Atholstan,
MONTREAL.

Dear Sir:-

It may interest you to know that
I have received a telegram as follows:

"We have a cure for cancer. We are hereby
waiting for further information."

Moore Bros., 10 Edward St.,
St. Thomas, Ont.

I daresay we may expect to receive
a good many claims from all sorts of people.

If it is agreeable to you I shall
communicate at once with the Royal College of
Physicians and Surgeons, London, repeating the
contents of your most generous offer and asking
them for suggestions as to how they wish claims
to be presented.

Yours faithfully,
