

NEWS OF SPECIAL INTEREST TO WOMEN

MINIATURE GARDEN MILLINERY NOVELTY

Newest Creations Adapted
From Vegetable and Animal
Kingdom.

LATTICED EFFECTS

Beautiful Weaves of Straw
Over Which Clusters of
Grapes Fall.

Novelty in the millinery world is
upheld this spring by the advent of
specimens from the vegetable and
animal kingdoms. These are being
used as trimming to such a vast ex-
tent that one fascinating chapeau re-
sembling a miniature garden—so won-
derfully were the flowers arranged—
was further enhanced by the presence
of two lovely bees poised on the
sweetest-looking flowers—just as if
the honey was really there.

Other smart models show latticed
effects in beautiful weaves of straw,
over which clusters of delicious-look-
ing grapes fall in a most natural
manner. Apples and many other
fruits are placed in most attractive
fashion on hats or crown, while cher-
ries and other models show and al-
luring to gaze upon. These fruits
are most beautifully made; all are
startlingly realistic, so perfect are
their coloring and formation. Butter-
flies and queer little insects, with
quite unnatural-looking horned at-
tacks stuck on them at various angles,
are considered most artistic and are
in the height of fashion.

Other motifs in worsteds and silks
are also favored, as are the little
cockades in brilliant hues, and the
feather flags of the allied nations.
Trimming is especially used—the
most exclusive Paris models showing
the least adornment—but these are
employed in a truly artistic manner.

CAN LOCAL CAPTAINS SAIL ON THE OCEAN?

Question Raised in Marine Circles
and Deputation Will Consult
Government.

A subject of discussion in local ma-
rine circles just now is whether cap-
tains of lake vessels will be per-
mitted to sail vessels on the ocean.
Visiting vesselmaster yesterday
said: "We will need to keep more
than our weather eye open, get a
commission to sail a boat in Canadian
waters. If, as reported, 25 steamers
go into the ocean trade, it will be so
much the worse for us."
"Men who have been sailing such
vessels for years are not recognized,
nor will they be permitted to sail ves-
sels on the ocean, so that they and
their crews are out of work."
A deputation, it is understood, will
visit Ottawa to urge the marine de-
partment to arrange for Canadian
crews taking charge of these vessels.
According to an expert on the 26 Can-
adian freight ships just chartered by
the Nova Scotia Steel Co. are worth
\$120,000 each.

It is reported in marine circles that
some of the local passenger steamers
will not be in commission this sum-
mer. These include the Rapids King
and Syracuse. The Chicago will only
be used in cases of extra traffic.

GIVES FOUR HUNDRED DOLLARS TO THE POOR

Many Beneficiaries Named in
Will of Late Miss Emma
Yeomans.

The poor of the Jewish community
of Toronto will benefit to the extent
of \$400 thru the will of Miss Emma
Yeomans, who died in Belleville Feb. 2.
The estate is valued at \$11,000. By
the terms of a will dated Aug. 22, the
executors are given \$1000 to invest
in an annuity in favor of Mrs. Fred
Sheffer, an aunt of Rigden Park
N.Y., and \$2000 for the same purpose
for Harry B. Sheffer of Brookville.
The will also provides for the sum of
\$2500 to be paid to Clara Yeomans, \$500
to Mrs. J. Robinson, Toronto, and
\$300, and the summer home in Mus-
koka to Margaret Watson.

Notes of Women's World

The committee of the Political
Equity League card party and musi-
cal in aid of city poor, to be held in
the Pavilion, 212 Cowan avenue, this
afternoon, wishes to announce that
playing nominees at 2.45 o'clock
sharp. It is urged that players meet
in their own sections to avoid unne-
cessary crowding.

The regular sewing meeting of the
48th Highlander Chapter, I.O.D.E., will
be held in St. Andrew's Institute, 75
Simcoe street, at 2.30 o'clock this
afternoon.

The Westminster Chapter, I.O.D.E.,
will hold its monthly meeting in the
High Park Lawn Bowling Club rooms
on Monday at 8.

The monthly meeting of the Dread-
nought Chapter, I.O.D.E., will be
held Tuesday, March 15, at St. John's
Parish Church. Mrs. Baker will
give an address on "Rose Day." The
bandage meeting, as usual, will
be called for 11 a.m.

In aid of the Queen's Canadian
Military Hospital at Shorncliffe, the
Chamberlain Chapter, I.O.D.E., is hold-
ing an afternoon tea, shower and mu-
sicals, on Saturday from 4 to 6, at the
residence of Mrs. William Stone, 41
Cluny avenue. Invitations are already
out, but may also be obtained at the
door.

Dr. H. M. Ami will speak on "Tur-
key and the Turkey" at the annual
meeting of the Women's Canadian
Club, on Saturday at 3.30 p.m., in the
Y. W. C. A. Hall.

At the Heliconian Club musicals,
Saturday night, Mrs. Farmer will be
the hostess. Compositions of Dr. Far-
mer will be rendered.

Members of the Women's Art As-
sociation were guests of Edward Greis
at the art display being shown at the
Grange yesterday afternoon. Mrs.
Meyer, president of the association,
was hostess.

The regular meeting of the Evan-
gelical Union of St. Stephen's will be
held at 135 Isabella street at 3.30.

Dr. Margaret Patterson will ad-
dress the Deser Park Patriotic League
in the guild room at Christ's Church,
at 3.30 o'clock. All interested in Red
Cross work cordially invited to attend.

Miss Rae Levinson will lecture on
"The Son of God" at the Progressive
Research Club meeting in Oddfellows
Temple, 329 College street at 8 o'clock
Saturday night.

The annual meeting of Rosary Hall
Association will take place on Satur-
day, at the residence of His Grace
Archbishop McNeil, at the head of
Wesley place, at 3 o'clock sharp.

Rev. M. J. Finn, C.S.P., will lecture
at Loreto Abbey tomorrow at 3.30
o'clock, and on the two following Sat-
urdays.

WILL MEET TODAY.
A regular meeting of the manage-
ment committee of the Toronto Pub-
lic Library will be held in the board-
room this afternoon at 5.

**REV. HUGH MONROE
TAKES NEW CHARGE**
Special to The Toronto World.
CORNWALL, March 11.—A special
meeting of the Presbytery of Glengary
was held in St. John's Church
this afternoon for the purpose of in-
ducting Rev. Hugh Monroe, late of
St. Andrew's Church, King street,
Toronto, into the pastorate of St.
John's in succession to Rev. A. B.
MacLeod, who resigned in November
last.

ENROLLING NEW MEMBERS.
According to Business Agent W.
Hagen of the Machinists Union the
local is making good progress and en-
rolling new members at every meet-
ing.

ESTATE OF G. F. SHACKLETON.
George F. Shackleton, contractor,
who died Feb. 11, left an estate of
\$3116. The estate is divided between
his widow, Annie Shackleton, and his
daughter Beatrice.

TRAFFIC DOUBLED.
That passenger traffic to and from
Toronto has doubled during the past
week and was reaching the propor-
tions of the year 1910, was the opinion ex-
pressed at the Union Station yesterday.

SHERWOOD EDDY COMING.
Next week Toronto is to hear G.
Sherwood Eddy, John R. Mott's as-
sociate secretary, at a banquet in the
Central Y.M.C.A. on Monday evening
at 6.30 and at West End Y.M.C.A. on
Tuesday evening.

FURNACE FIRE OUT AGAIN

These days, when fires are kept low during the day,
are the test of good coal. Abundance of pure carbon is
necessary to "hold the fire." And that's what you get in
Lehigh Valley Coal—sold here as

LEHIGH VALLEY COAL

COCONGER-LEHIGH COAL

ANTHRACITE

We can deliver same day as ordered. Tons and parts of
tons. Ring up.

COCONGER-LEHIGH COAL COMPANY, Limited,

85 Bay Street, Toronto.
Order by Phone: Main 4900.
"The Coal That Satisfies."

At the twenty-third annual meet-
ing of the Children's Aid Society, held
yesterday afternoon at the headquarters
of the organization, Hon. Thomas
Crawford presided, in the unavoidable
absence of the Lieutenant-governor.

The chairman in his opening remarks
complimented the president of the
society, J. K. Macdonald, who had not
only given his time and money to the
interests of the work, but had labored
in such a way that no words could
express the success that had attended
his endeavors.

The report of the board of manage-
ment, which was read by Mr. Mac-
donald, told of the great increase in
subscriptions from a generous public,
also an increase in the city grant.
During the year 1441 children had
been admitted to the shelter, com-
plaints and cases from the police in-
volving 5748 children.

Much stress was laid upon the fresh
air work, thru which 42 mothers and
100 children were each given two
weeks of fresh air and wholesome food
at Bronte farm. At "Happiland,"
near Lake Couchiching, 47 children en-
joyed a summer outing of seven
weeks' duration, thru the kindness of
William Thompson, who for the past
six years has allowed the grounds—
where a shelter has been erected—as
a camping place for the Children's
Aid.

RENOVATE AND REFORM.
The primary object is to renovate
and reform homes so that they may
be made fitting places to properly
bring up children. Falling in this
society finds foster homes when pos-
sible. Last year 99 were placed in
such desirable environment. This
makes a total of 1077 children placed
in homes since the establishment of
the society.

The greatest emphasis was placed
by the chairman on the necessity for
a detention house for Toronto.

In moving the adoption of the re-
port, Mr. Macdonald made a strong ap-
peal for better accommodation for the
juvenile court.

A very pretty and patriotic program
was given by the children in the
residence, who presented a pretty and
touching picture. They sang the
songs of the allies, displaying the flag
of each, and the little girls also sang
a lullaby song very prettily. Many
songs were given Mr. and Mrs. Dun-
can, superintendent and matron, for
their excellent management.

The board was re-elected and the
name of Mr. Noxon added.

**HISTORICAL SOCIETY
REPORTS ON PROGRESS**
Plans Discussed for Entertainment
of Delegates to Convention
in June.

A meeting of the Women's Cana-
dian Historical Society was presided
over yesterday afternoon by Miss
Minto. In the absence of the presi-
dent, Miss Fitzgerald, who is now in
Ottawa attending the Convention of
the National Council of Women. Plans
for the entertainment of delegates to
the Ontario Historical Society Con-
vention, to be held in Toronto on June
2, 3 and 4 were discussed.

Reports on the progress of the so-
ciety's Red Cross work were most
encouraging; the money on hand be-
ing sufficient to purchase more ma-
terials, which will be made up im-
mediately for use at the front, and in
the military hospitals.

A paper on "Domestic Problems in
Ontario Times" Canada" was read
by Miss Emily Weaver.

Mrs. Mair and Mrs. Collins were
tea hostesses at the conclusion of the
meeting.

HONOR DEAD COMRADE.
At 3.30 yesterday afternoon the
members of the local Electrical Soci-
ety turned out in large num-
bers to attend the funeral of the late
F. Norworth, of 50 Taylor street, the
line man who was killed by a live wire
on Tuesday last. The late Mr. Nor-
worth was 37 years of age and leaves
a widow and two children. Interment
took place in St. John's Cemetery,
Norway.

FOOD FOR CHILDREN.
Dr. Steele, chairman of the public
school management committee, has
asked Mayor Church to give a written
assurance that the city will provide
bread, to be supplied with milk, to
be sent to the children. When this has
been arranged for the provincial gov-
ernment will supply sufficient milk to
accompany it.

A SON'S SACRIFICE.
In order that Mrs. A. J. Cracknell
might have a strong enough to under-
stand her son's sacrifice, 500 testimonials
were taken from her 22-year-old
son, a school teacher at Lakeport.
Both parties are doing well.

LUNCHEON POSTPONED.
Instead of on Friday, as previously
announced, Dr. Charles S. K. O.
will address the members of the
Canadian Club on Monday, the speak-
er having been unavoidably delayed.

The French waited patiently for
40 years before they had their chance
to invade Alaska. Then—read the real
story in the profusely illustrated "Lon-
don Times History of the War,"
which can be obtained from The To-
ronto World on their regular coupon
plan.

CARED FOR MANY DURING THE YEAR

Twenty-Third Annual Meet-
ing of Children's Aid So-
ciety Yesterday.

FRESH AIR WORK

Various Means of Giving
Summer Enjoyment to
Children Emphasized.

At the twenty-third annual meet-
ing of the Children's Aid Society, held
yesterday afternoon at the headquarters
of the organization, Hon. Thomas
Crawford presided, in the unavoidable
absence of the Lieutenant-governor.

The chairman in his opening remarks
complimented the president of the
society, J. K. Macdonald, who had not
only given his time and money to the
interests of the work, but had labored

WALMER ROAD BAPTISTS BID FAREWELL TO WORKER

Mrs. York Leaving to Take Up
Duties in British Columbia.

Walmer Road Baptist Church was
crowded last night when the congre-
gation bade farewell to Mrs. York,
who has had charge of the Redemptive
work here for the past year. Mrs. York
was accompanied by her husband, Mr.
Hooper and the Rev. John MacNeill,
the pastor of the church, and several
others paid a glowing tribute to the
road work accomplished by Mrs. York
and wished her godspeed and every
success in her new work in the
Okanagan Valley, B.C.

In her reply Mrs. York thanked the
congregation for the assistance she
had received from them. She also de-
livered an address on "Seeing Him
Who is Invisible."

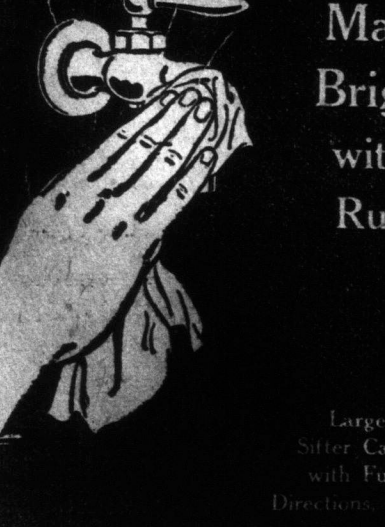

HELPED SOCIAL EVENING.
Members of the Caledonian Society
turned out in large numbers to For-
sters' Hall last night and celebrated
their monthly social evening. Pres-
ident William Campbell presided and
was presented with an illuminated
address by James Buchanan, ex-pre-
sident of the association. A splendid
musical program was given, at the
conclusion of which refreshments
were served.

GRADUATION DINNER.
The members of the class of 1915 of
the School of Science held their
graduation dinner at the Prince
George Hotel last night. One hundred
and twenty-five were present. W. R.
McCauley presided.

How Thin People
Can Put on Flesh

A New Discovery

This meat and women—that big, hearty,
filling dinner you ate last night, which
became of all that fat-producing nourish-
ment it contained? You haven't gained
pounds enough. That food passed
through your body like burned paper,
leaving no nourishment behind. The material
was there, but your food doesn't digest
and stick, and the plain truth is you hard-
ly get enough nourishment from your meals
to pay for the cost of cooking. Your
digestive organs, your function of assimila-
tion, are sadly out of gear and need re-
construction.

Out out the foolish foods and fatty saw-
dust diets. Omit the flesh cream rub-
bings, the eating and eating with every one
of eating and eat with every one of eating
and eat with every one of eating. Pave to
the difference. Pave to eight pounds
of healthy, "stay there" fat.
Your weak, stagnant blood with millions of
fresh new red blood corpuscles charges
to every part of your body. In your food
flesh you find the material to make the
blood. The blood is the life of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part of the body. It carries the new
flesh to every part of the body. It carries
the new flesh to every part of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part of the body. It carries the new
flesh to every part of the body. It carries
the new flesh to every part of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part of the body. It carries the new
flesh to every part of the body. It carries
the new flesh to every part of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part of the body. It carries the new
flesh to every part of the body. It carries
the new flesh to every part of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part of the body. It carries the new
flesh to every part of the body. It carries
the new flesh to every part of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part of the body. It carries the new
flesh to every part of the body. It carries
the new flesh to every part of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part of the body. It carries the new
flesh to every part of the body. It carries
the new flesh to every part of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part of the body. It carries the new
flesh to every part of the body. It carries
the new flesh to every part of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part of the body. It carries the new
flesh to every part of the body. It carries
the new flesh to every part of the body. It
carries the new flesh to every part of the
body. It carries the new flesh to every part
of the body. It carries the new flesh to every
part of the body. It carries the new flesh to
every part
