

## NOTICE

Correspondents should be careful to give their names and addresses plainly and in full.

Unless otherwise arranged all prices quoted are for goods boxed and free on board cars at Guelph.

State plainly in each order the Style and kind of finish wanted.

Customers are requested to communicate with the Head Office at Guelph for prices and terms.

Shipping directions should accompany each order. If no directions are given we shall ship by route considered safest and most expeditious. Our responsibility ceases, however, when goods are delivered to transportation companies and so receipted for by them. If all goods invoiced to you are not received, give receipt to the Railway Company for **just what you get** and advise us **at once** what goods are not delivered, so that we can trace them.
