THE FLOATING OF MINING COMPANIES.

In the floating of mining companies two different systems are pursued, the English and the American. The latter prevails almost universally in the formation of these joint stock companies in Canada. The News-Advertiser of Vancouver, B.C., describes the two systems, the chief features of which it is well that the public should be conversant with at the present time. The English joint stock companies acts forbid the issue of shares in the manner which is usual in the United States in regard to mining enterprises. In England if a company sold shares in its stock at 5 per cent.

The public can contract of this company are the same as of the California, which was floated here during the past week, and it is in the interest of Toronto and other investors in this portion of the country to know that these men who are managing it are well-known capitalists of eastern Canada, and enjoying the confidence of the people of Montreal and the Province of Quebec. One good feature of the Big Three is that it is composed of three different locations, all promising, and when they are pooled in this way there is likely to be one of them at least to out to be mines. In this way the investor does not run a very large risk. The public can certainly read the prospectus, look at the names and character of the men who are promoting it, and judge for themselves as to the merit of the investment.

J. S. says: "I was in a dreadfully the confidence of the people of Montreal and the Province of Quebec. One good feature of the Big Three is that it is composed of three different locations, all promising, and when they are pooled in this way there is likely to be one of them at least to out to be mines. In this way there is likely to be one of them at least to out to be mines. In this way the investor does not run a very large risk. The public can certainly read the prospectus, look at the names and character of the investment. wold shares in its stock at 5 per cent. J. S. says: "I was in a dreadfully of their nominal value, the holder of them would be liable for the remaining 95 per cent., and in case of the me." company going into liquidation the courts would immediately put such a holder on the list of contributories. As a rule the nominal value of shares in the South African mining companies ts £1. It may happen that the whole of this is not called up at once, but, whatever the unpaid portion, it re mains as a liability on the shares, and although a share of the nominal value of £1, with ten shillings paid up on it, might sell for £5, on the strength of the profitable results from the mine, there would still attach to it the liability of ten shillings per share, of

ent if the company went into liquidan and there were creditors which the other assets were insufficient to

THE VETERANS OF '66.

THE VETERANS OF '66.

There's a Feeling That Steps Should be Taken to Obtain Some Recognition of Their Services.

Hamilton, July 30.—(Special.)—The Hamilton Veterans, who, with their Toronto comrades, celebrated yesterday at Queenston and Brock's Monument, returned home last night, much pleased with the day's outing.

During the morning there was a reunion of the veterans, at which Judge Datnell of Whiftby presided. Specones were delivered by John Alexander of Hamilton, Col. Moore of Hamilton, Capt. Wynne of St. Catharines, Major Mercer of London, Major Nelles of the 37th Batt. President Fahey and Major W. H. Cooper of Toronto, Major Farewell of Whitby and others.

The tenor of the speeches was to the effect that steps should be taken to obtain for the veterans of 1866 some recognition for the services they had rendered, and that a strong committee should be formed, not only for this purpose, but to take such action as would extend the scope of the present should be formed, not only for this purpose, but to take such action as would extend the scope of the present association throughout the Province.

In accordance with this idea a committee was formed, of which Lieut.-Col. Gibson of Hamilton was appointed honorary chairman, Major Farewell chairman and Capt. Fancy secrewell chairman and Capt. Fancy secreed honorary chairman, Major Fare-well chairman and Capt. Faney secre-tary. The Hamilton members of the committee are John Alexander, C. Ker-ner, Major J. J. Mason, Lieut.-Col Moore, R. A. Hutchison, Fergus Armstrong and M. D. Nelligan.
In the afternoon there were game

and a most enjoyable time was spent.
William Omand, retiring president of
the Hamilton Association, was presented with a jewel. SUNK IN COLLISION.

sachusetts Runs Into and Sinks the Schooner Vandalla. New York, July 30 .- While the steamboat Massachusetts of the Providence Line was making her way through the Sound, bound for this city, shortly beore 9 o'clock this morning, she col-ided with the Vandalia, a two-masted lided with the vandana, a two-masted schooner, and sunk her. The crew numbered ten, and were picked up by the Massachusetts. There was a dense fog at the time of the collision, and, although Capt. Canha of the Bandalia blew his signal horn, the officers of the Massachusetts say that when the schooner's proximity was ascertain-ed, it was too late to prevent the acci-dent. The Massachusetts was unin-

Still Another. Quarantine, S.I., July 30.-The Ham-Quarantine, S.I., July 30.—The Hamburg-American Line steamer Patria, Capt. Bauer, which arrived this morning from Hamburg, was run into in the lower bay by the schooner M. A. Willey. The steamer's two after port lifeboats were smashed; the schooner carried away her bowsprit. Otherwise both boats sustained no serious damage.

A Mrs. P. says: "My daughter was pale and weakly for two years; she took Miller's Compound Iron Pills for one month and is now well and strong." 50 doses for 25 cents.

Three Great Remedies

RELIEF IN A FEW HOURS. Sure Specifics for Kidney, Rheu

matic and Stomach Diseases.

These remedies are not a cure-all for all the ills that flesh is heir to. The Great South American Remedies each have their particular purpose. South American Kidney Cure does not cure rheumatism, nor is it a specific for indigestion, but no remedy, pills or powers will give relief in the most distressing cases of kindey trouble as will South American Kidney Cure. Mr. D. J. Locke of Sherbrooke, Que., surfered for three years from kidney trouble, expending in that time \$100 on doctors in medicin-s. He got no relief until he used South American Kidney Cure, and four bottles, he rays, effected a permanent cure.

When a remedy is needed for rheumatism, it is very much needed—and quickly. William Pegg of Norwood, Ont., was nearly doubled up with rheumatism and suffered intensely. This was in 1893. He took three bottles of

Ont., was nearly doubled up with rheu-matism and suffered intensely. This was in 1893. He took three bottles of South American Rheumatic Cure, and now says: "I have had neither aches now says: "I have had herther acress nor pains from rheumatism since that When disease affects the digestive organs and general debility takes hold of the system, these cannot be removed unless the medicine taken gets at the root of the trouble. South American Nervine owes its success to the fact that it works directly on the nerve centres, and removing the trouble there it rids the system of disease. Banker John Boyer of Kincardine, who suffered from indigestion for years, was permanently cured by the use of South American Nervine. He says: "I have no hesitation in preclaiming the virule. When disease affects the digestive no hesitation in proclaiming the virtues of this great remedy."
