CIVIC COAL ON THURSDAY
Three Hundred Tons of Hocking Valley Will Be Placed in Fuel Yards To-Day.

ANOTHER LOT OF 700 TONS COMING
No Word of the Wood Yet—Railroads Say They Are Not to Blame for Delay.

Three hundred tons of Hocking Valley domestic coal are in the G.T.R. yards. This fuel sells to the consumer at 87. This is the first civic fuel to arrive. The contractor says it will be placed in the city yards by late Wednesday afternoon and ready for distribution Thursday morning.

These 500 tons will be followed within a few days by 700 tons from the same source. This supply will not go very far, however. Any patron may purchase this quantity will supply but 300 people. However, many people will be satisfied with much less than a full ton with the strike settlement in its present state.

Street Commissioner Jones says he has not been apprised of the arrival of any wood thus far. Several cars of the wood have been on the cars for more than a week now. The G.T.R. and C.P.R. officials deny that scarcity of cars is wholly responsible for this condition. They admit that cars are scarce, but assert that the civic fuel is being given the same consideration as other freight.

One prominent shipper declares that if a snow storm should arrive before the fuel supply is replenished, Toronto will find itself in a very uncomfortable and dangerous position. In such a case the transportation facilities would be blocked. As it is with every facility at the command of the city, the arrival of fuel is expected to be very slow.

The railway officials assert that the roads are not to blame for the failure of coal to arrive in the city, and intimate that the retailers of Toronto, in combination with the mine agents, are really to blame for not having coal already in the city in response to the demand of the civic committee. Although the situation has not materially improved with reference to supplying the city with fuel in the past week.

The Choice of Many

The Persian Lamb Jacket has a big call with many of us because for the price there is no fur so rich in appearance—no so good for wear—so wearable.

The Persian Lamb which we put into our jackets has been selected by our experts in the east, and special attention is given to it after it passes into our fur vaults.

You may select the skins to go into the garment you order and we will guarantee that the workmanship, which is all done in our establishment, will be beyond criticism.

If you wish to have your garment in time for cold weather, you had better get your order in at once.

THE MOLSONS BANK.
The Forty-Seventh Annual Meeting Was Held on Monday.

Montreal, Oct. 21.—The forty-seventh annual general meeting of The Molsons Bank was held in the Board Room of that institution at 3 o'clock yesterday afternoon. The President, Mr. W. Molson Macpherson, occupied the chair, and among those present were: Messrs. S. H. Waring, Vice-President; J. P. Cleghorn, Samuel Finley, Lieut.-Col. F. C. Henshaw, H. Markland, Molson, W. M. Ramsay, David Crawford, A. G. Watson, G. W. Robinson, F. W. Molson, F. G. Payne, W. D. LeSueur, R. W. Shepherd, Alex. D. Fraser, George Durand, Herbert Molson, S. A. Sheppard, George Filer, C. E. Spragg, James Wilson and W. E. Miller.

The General Manager, Mr. James Elliot, then read the annual report of the Directors, followed by the report of the Auditor. The Directors have pleasure in submitting the statement of profit and loss for the year ending 30th September, 1902. The profits for the year after providing for contingencies and bad and doubtful debts, are \$331,375.81.

Dividends in April and October, 4 1/2 per cent, each making 9 per cent. for the year, amounting to \$225,000, have been paid, and \$100,000 to be paid, raising it to \$2,250,000, or 80 per cent. of the capital, and at end of profit and loss account there remains \$28,000.30.

Since our last meeting we have opened branches at Artichokeville, Acton and Chatham, Que., and Iroquois, Ont., to all of the growth and improved conditions of the country. At all these points we have reason to expect a steady and profitable business. In British Columbia, we have closed our branch, as its progress did not equal our expectations.

The head office and branches have been carefully inspected, as usual, and the officers of the Bank have continued to perform their duties with efficiency.

In September the President and General Manager visited several of the western branches, and were greatly impressed by the appearance of prosperity and progress visible on every hand. The beautiful harvest then being reaped resulting to our country a continuous and healthy business there.

At Winnipeg, which seems destined to become a great city, a centrally situated premises has been purchased which will afford us convenient quarters for occupation as soon as the lease of the office now occupied by our branch there expires in May, 1904.

W. MOLSON MACPHERSON,
Montreal, 20th October, 1902. President.
