DR. McLAUGHLIN'S

Thousands of people are suffering for the want of the life-giving current which nature intended they should possess. They do not live, they simply exist. In their faces you can read the story of a wasted life and blighted hopes; joys and pleasures are unknown to them, because their vitality is being sapped.

Many have sought relief in drugs and patent remedies to relieve their mental and physical suffering. They are soothed for a day, or may be a week, falsely braced up, until, the effects of the drug wearing off like the momentary bracing of whiskey, they sink still lower in vitality, and, with hope exhausted, lose confidence in themselves and decide to abandon all efforts to recover their power, feeling that there is no help for them. Do not sacrifice yourself in this way. Do not endure this living death while Nature holds out to you relief in the form of Electricity—that vital element of which, by a life of dissipation, you have deprived yourself—tearing down faster than Nature could rebuild. In this great restorative—ELECTRICITY—there is life and happiness for you.

I believe the best argument as to the curative power of my Belt is a word from some of those who have tried it. Should you not know any of them write and tell me where you live, and I will give you the name of a man in your town I have cured.

These Grateful People Appeal to You. The doctor at the "Soo" told me that I was suffering from varicocele. The parts are now regained their natural firmness and vigor. Your Belt also entirely cured to of dyspepsia.—D. B. WINTERBOTTOM, Wawa, Ont.

My health has been better than it has been for years. I would recommend the lit to anyone troubled with a weak stomach.—WATSON ALLEN, Lower Bur-Your Belt has entirely cured me of rheumatism, with which I had suffered for many years.—JAMES WHALEN, Rowanton, Que. I have worn your Belt. I was troubled with indigestion. I now feel Hise a new man without a pain or an ache and have gained eight pounds.—CHAS. TEMPLE, Masonville, Ont.

Now I do not suffer any pain at all, and can highly recommend the Belt to any erson suffering from stomach trouble.—J. McKENZIE, St. Thomas, Ont. I don't ask anyone to buy my Belt on a speculation. I know it will cure these troubles, and I am willing to take all the chances. I want my pay only when the cure is complete. I don't ask you to try it one month nor two months, but long enough to cure you. After you are cured you can pay me. If I fail the loss is mine. All you lose is your time. What I ask of you is give me reasonable security that I
